Whatever You Do Don't Neglect Your Eyes, Says Dr. Lewis, Who Tells How to Strengthen Eyesight 50% in One Week's Time in

A Free Prescription You Can Have Filled and Use at Home

PHILADELPHIA, Pa.—Do you wear glasses? Are you a victom of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. He says neglect causes more eye troubles and poor sight than any other one thing. Many whose eyes were falling say they had their eyes restored through the principle of this wonderful free prescription. One man says after trying it. "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my. eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses, it is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared with the strengthen their eyes so as to be spared with the strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared and multitudes more will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared will be able to strengthen their eyes so as to be spared with the strength of the free is the prescription.
