

Powder Puffs as Part of Costume

Dinky ideas in Powder Puffs that take on the duty of ornamentation are here from England. Nestling inside a tiny wrist bag, tinted like a variety of butterflies, or in handkerchiefs of Lace, of Organdy and Lace, and in Silk—white or figured in delicate markings. Again, see them with long colored handles. Dozens and dozens of differences to lend a sparkly touch to your get-up. Yet you choose from 50c.

MORE WATER FOR WEST SIDE USE

Tunnel From Menzies to Ludgate; Raise Spruce Lake Dam.

Commissioner Wigmore has in mind a scheme to give a much larger volume of water to the west side by the cutting of a tunnel from Menzies Lake and the raising of the dam at Spruce Lake by six inches.

The commissioner said this morning that he had been over the ground at Menzies and had about decided to cut the tunnel. He said that when the city first took water from Spruce and Ludgate lakes there had been a tunnel cut from Menzies but the owners of the latter lake had made them close it up again. Since then Menzies had been acquired by the department and they could do as they liked about the matter.

In connection with the raising of the dam, he said it would be necessary very soon either to repair the dam or build a new one and six inches would be added to the height in either case. Spruce Lake at the present time, he said, was the lowest ever in the history of the department and this six inches, together with the flowage rights, Menzies would remove any possible danger of water shortage.

REDEMPTORIST HEAD COMES HERE

Is Visiting Houses of Order—Father Wojciechowski Going to Rome.

Rev. Patrick Murray, Rector Major of the Redemptorist Congregation, with headquarters in Rome, is at present in Western Canada and is expected in St. John in the near future. He recently returned from Australia after visiting all the Redemptorist houses on that Continent. The Rector Major, who is the head of the Redemptorist Congregation throughout the world, is of Irish birth. He was appointed to his high office about fifteen years ago. After completing his visit to the Canadian houses he will go to the U. S. and there terminate his extended tour.

When he sails for Rome he will be accompanied by Rev. L. Wojciechowski, C. S. R., a young priest who recently completed his second novitiate at St. Peter's Rectory here, and who last evening on a visit to his parents in Milwaukee. Father Wojciechowski is to take up a course of higher studies in Rome and on his return to Canada will become one of the professors at the Redemptorist College.

DAY OF WONDER FOR THE KIDDIES

Orphans of West Side Institution Given Treat at the Exhibition.

Thirty-five kiddies of the West St. John Protestant Orphanage thoroughly enjoyed themselves yesterday afternoon at the exhibition. Through the kindness of several friends they were able to take in many of the attractions. They were in charge of the acting matron and two nurses. To a Times reporter this morning the acting matron said the kindness of many gentlemen at the exhibition enabled those children to gratify the desire of their friends to miss nothing at the big show. She said she was greatly indebted to the motormen on the street cars in caring for the children and also to the ferry employees.

The exhibition authorities had admitted the children to the grounds free of charge and a policeman and another gentleman had seen to it that they entered the grandstand. In addition to this, through the kindness of other friends, they had been able to enjoy the merry-go-round, the whip, the Ferris wheel, the acro swing, and the dog show. They had been provided with ice cream and peanuts by fairy godfathers and one among them who was taken ill was cared for by the Red Cross ladies. They were given soft drinks and a kind gentleman had taken the kindergarten for a ride on the black pony, much to their delight. Thoughtful acts of many persons at the grounds and in transit had made a day of wonder for the happy youngsters, and those in charge expressed deep gratitude.

As Hiram Sees It

"Look-a-here!" said Mr. Hiram Hornbeam to The Times reporter.

"Didn't you and me agree we wouldn't call one another names any more?"

"We did," said the reporter.

"An' didn't we agree afore we hed any back talk we'd put the hull case afore a judge?"

"We did," said the reporter.

"Well," said Hiram, "you're a reel-footed, slab-sided, lantern-jawed, spay-footed, goose-necked, bearded, turkey-breasted apology fer a chimpanzee. You s'nt fit to be a chambermaid in a sewer. You orto be hung."

The number arriving in the city on the suburban trains these mornings is much smaller than for the last two months and will grow smaller from day to day for the balance of the season. On Monday and Tuesday the roads were lined with teams carrying furniture, and the buses arriving on Monday night all brought big loads of household goods for suburbanites returning to their city homes. The opening of the schools is the main reason for the city at this time of year, as they do not wish to send small children in by train. Another two weeks will see practically all of the summer residents back to their town residences, and most of the suburban trains will be taken off the routes.

A similar appeal is being made throughout New Brunswick and Prince Edward Island through The Salvation Army's commanding officers, and Major Burrows expresses hope that the response will be prompt and generous in view of the great need.

Major Burrows said this morning that no word had been received as yet as to the safety of his son, Captain Harold Burrows.
