

Veteran Lamy Breaks Two World Records

Skater Who Was Here Last Week Sets New Mark for Three-Quarter Mile and Five Miles at Saranac.

Saranac Lake, N. Y., March 3.—(Canadian Press)—Edmund Lamy, of Saranac Lake, beat two world's skating records here yesterday afternoon at a testimonial meeting arranged to celebrate his sensational skating this winter. He was paced by Bobby MacLean, of Chicago, Everett McGowan of St. Paul and Donald Baker, of Brooklyn.

He completed the three-quarter mile in 1.55 and the five mile speed trial in 15 mins. 15 secs. This latter was 33 seconds less than the time of Norval Baptie of Minneapolis, some twenty years ago. Officials of the Lake Placid, the Adirondack and the Saranac Lake Skating Associations were in charge of the meet.

WILLS KNOCKS OUT NORFOLK

New York, March 2.—Harry Wills, heavy-weight fighter of New Orleans, tonight knocked out "Kid" Norfolk of Baltimore in the second round of their scheduled 15-round bout in Madison Square Garden. When they came out of their corners in the second, Norfolk went into a clinch, and a moment later fell backwards to the floor, taking the full count.

Billy Miske, St. Paul heavy-weight, knocked out Al Roberts, of New York, in the second round of their scheduled eight-round bout.

NIGHT COUGHS

Terribly wearing on the system is the cough that comes at night and prevents sleep. The constant coughing keeps the lungs and bronchial tubes in such an irritated and inflamed condition that they get no chance to heal. You will find in

DR. WOOD'S NORWAY PINE SYRUP a remedy without an equal for soothing the lungs, loosening the phlegm, strengthening the breathing organs and fortifying them against serious pulmonary disease.

Mrs. John McKerny, Lower Montague, P. E. I., writes:—"About three years ago I caught a very bad cold accompanied with a sore throat and hoarseness and was so hoarse you could hardly hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. Finally I saw Dr. Wood's Norway Pine Syrup advertised; got a bottle, and at once it gave me relief, and after using four my cough had all gone. Now I always keep 'Dr. Wood's' in the house, and shall recommend your wonderful remedy to others." Price 35c. and 60c. a bottle at all dealers. Put up by The T. Milburn Co., Limited, Toronto, Ont.

GORMAN GUEST AT K. OF P. SMOKER

Skater is Presented Handsomely Framed Picture of Himself—J. S. Lord of St. Stephen a Speaker.

The Knights of Pythias held their annual smoker and entertainment last evening in the Pythian Castle. The affair was one of the most successful of its kind ever held by the order in this city and was attended by nearly 500 men. The guest of honor of the evening was Charlie Gorman, to whom was presented a large, handsomely framed picture of himself, ready for action. The programme was excellent and a special address by J. S. Lord of St. Stephen, grand chancellor of the K. P. order for New Brunswick, was also enjoyed, especially by all members of the order who were present.

The large auditorium in the Pythian Castle was filled almost to capacity when the chairman, J. F. Kelly, opened the evening's proceedings. A musical programme was first carried out as follows: Solo, F. Irvine; step dances, Mr. McFadden's solo, Ernest Tili; solo, Kenneth Colwell; comic songs and dances, Jack Rossley. Interspersed between these numbers were several selections by a special orchestra.

Mr. Lord then outlined the aims and ambitions of the K. P. order and said that it helped to develop men who were better able to place Canada in the forefront where she belonged. He said that the knights always welcomed strangers and the aims of the order were to succor the weak, relieve the sick and look after the last rites of their brother knights. He said that the three principles of the order were: Friendship, charity and benevolence. He also outlined the reasons for the adoption by the order of the title of Knights of Pythias.

Following this address Charlie Gorman was called to the platform and Chancellor Commander Dick presented the token of appreciation to his brother knights to the guest of honor. He congratulated Charlie on his grand showing so far in the skating game and prophesied that he was the coming "Ace of America." Gorman expressed his sincere thanks, for the honor bestowed upon him, in a few well chosen sentences. The picture, itself, was similar to those which have been exhibited recently of Charlie Gorman. It was greatly enlarged and enclosed in a neat broad frame. A plate on the base of the frame bore the following inscription:

To Charlie Gorman, Canada's chief contender for World's amateur skating honors, From the Pythian comrades, 1922. At the conclusion of the presentation a minstrel troupe appeared and kept the audience in roars of laughter by comic songs and witty speeches. One of the troupe sang a special ballad on Charlie Gorman and his wonderful skating record. The audience was then divided into two sections and each one took a turn in adorning the parlor on the ground floor where refreshments were served by members of the order. The section upstairs was entertained during the interval with moving pictures. The success of the affair was largely due to the strenuous efforts of the committee, consisting of J. F. Kelly, chairman, and James Stephenson, W. A. Simonds, Gordon Henderson, A. M. Nixon, L. Yeomans, C. G. Thomas, K. Munroe and L. S. Wetmore.

NEW HOCKEY RINK FOR NEXT WINTER

A brand new hockey rink for the fans of St. John seems to be assured for next winter in view of the recent efforts of two enterprising business men of the city. The promoters of the undertaking are Joseph Morgan and Frederick G.

Finley, and they have decided to erect an up to date structure on a site which they have secured near the Dufferin school building in the North End. The proposed rink will have an ice area of 85 by 100 feet and seating accommodation will be provided for about three thousand people. The rink will be built by the two men without any public subscriptions. The scheme has been brought to the attention of the business men who contemplated such a building as a community enterprise last fall and they have agreed to relinquish their efforts in the matter. The work will be done this summer, so that with the coming of frost next winter everything will

be in readiness to make a sheet of ice. The enterprise of the promoters will be appreciated by the citizens who realize what such a building means to the city, and have strongly advocated its erection.
