## ATTACKS CHILDREN; WOUNDS HERSELF

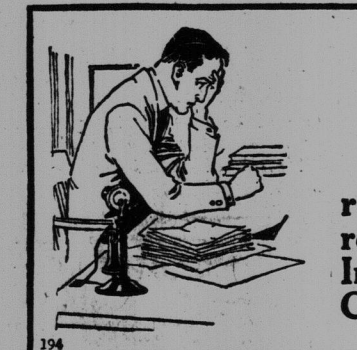

Wife of Hubert Edson, Sugar Man, in Serious Condition—He Had Recently Asked Divorce.

New York, June 23.—Mrs. Rosina Edson, wife of Hubert Edson, a director in the West India Sugar Finance Corporation, beat her two children with a hammer and severely wounded herself at the home of her friends Mrs. Broadman Wright, 26 St. Luke's Place, Montclair, N. J. The children, Catherine, thirteen years old, and Margaret, eight, may recover, according to surgeons in Mountsinai Hospital, but Mrs. Edson's condition is said to be serious.

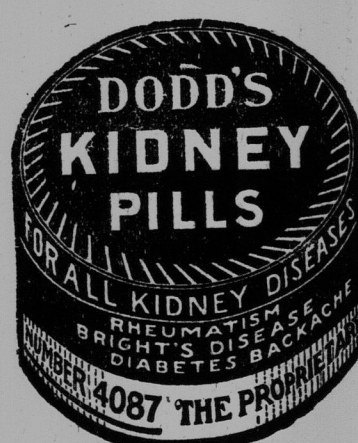

Mrs. Wright, who is the wife of Broadman Wright, a lawyer of 233 Broadway, said that Mrs. Edson had come to her home about four months ago. The Edsons lived in Montclair for about a year, and their home was

given up when Mr. Edson went to Santo Domingo on business for his company. From there, according to the story told by Mrs. Edson to the police, he wrote to Mrs. Edson that he was not going to return, and asked her to let him have a divorce and give him the custody of the children.

At this time, she said, she was living in a boarding house in Hillside avenue, and was dispossessed for non-payment of rent. Then the Wrights invited her to make her home with them. Mrs. Edson was obviously despondent, Mrs. Wright said, and became more and more depressed.

The family was aroused by screams from the apartments in the Wright home occupied by the Edsons, and Mr. Wright who responded to cries for help, found the door locked. He broke it in and found, according to the police report, Mrs. Edson striking at the two girls with a hammer. They were crying and trying to dodge the blows. Mrs. Edson was bleeding profusely from cuts on her wrists made with a paring knife. Both the hammer and knife, the police said, had been purchased recently.

Mr. Wright seized Mrs. Edson and she became hysterical, crying out, "If you had only left me alone a few minutes more I would have finished the job."

## PORT OF QUEBEC SEEKS BUSINESS

Marine Centres of the World Canvassed to Provide Ocean Tonnage.

Quebec is not utilizing its port facilities as much as is desired and the port officials have launched an aggressive drive for more business. A cable message has been sent broadcast into the shipping centres of the world. Hereafter, Montreal will have stiffer opposition for shipping business.

There has been a feeling for several years that the port of Quebec has been discriminated against by the freight rate on grain as compared with Montreal. In order to get business in face of this handicap, Quebec announces that it is willing to forego some of the port charges.

The following cable is calculated to attract attention in the shipping centres of Europe:  
"To place Quebec on the better footing than competitive St. Lawrence ports, we have decided to waive tonnage dues seven cents net register ton, also side moorage sixty cents hundred tons net register on steamers loading full grain cargoes Quebec. Steamers should save about two days steaming plus pilotage, about two hundred dollars stopping Quebec instead of proceeding up channel. Kindly give this greatest publicity possible. Might advise Baltic and London Exchange also, as many owners and interested parties quickly. Can run grain Quebec sixty thousand bushels per hour, abundant water, loading berths up to thirty-three feet. Our opinion steamers could accept three-quarter less at Quebec than other ports. There is half-cent bushel more railfreight in Quebec than Montreal, but time and money saved more than offsets this. Loading can be done as cheaply as at Montreal and shifting boards and bags are cheaper here."

**MORNING NEWS  
OVER THE WIRES**  
It was announced in the House of Commons yesterday afternoon that only two persons in Canada had paid taxes on incomes of more than \$1,000,000. Nineteen corporations had paid on more than that sum.

Sterling Kirkbridge, a young farmer of Charlottetown, near Hartland, was killed on Wednesday afternoon by a shot from his own rifle, which had apparently been discharged by contact with a log over which Kirkbridge passed. George H. Ross, of Toronto, commissioner of finance, was yesterday elected international president of the Kiwanis Clubs at the convention in Toronto. Russell E. Ward of Toronto was re-elected treasurer.

## STRAY SHOT KILLS GIRL.

Victim of Bullet Fired at Group of Boys By Barber Dies.  
New York, June 22.—Pearl Michaels, six years old, of 9 Allen street, shot Saturday night while playing in front of her father's store at 1 Allen street, died in Gouverneur Hospital. The bullet had penetrated her abdomen. Immediately after the child died, a charge of felonious assault against Michael Dosker, according to the detectives, admitted firing a revolver when annoyed by a group of boys. It was alleged the bullet missed the boys and struck the Michaels girl.

## NEARLY LOST HER LIFE NURSING DYING MOTHER

"For six months I had to devote all my spare time to nursing my mother who was slowly dying of an incurable disease. Not being well-off we couldn't afford the services of a nurse, so I had to be with her day and night.  
She was a large woman and it took all my strength to lift her. Realizing that she had not long to live, she naturally wanted me with her all the time and any spare-time which I could snatch from my housework I gave to her. Four months ago she died and an hour after the funeral I went into a dead faint. The loss of sleep, the worry and the extra day and night work had finally been more than I could stand. They put me to bed. I contracted a high fever and was delirious for some days. For a while our doctor gave up all hopes of saving my life. However, I did succeed in pulling through but the strain and the illness had shattered my nerves. Worry and trouble had left me a physical wreck. I was so weak I couldn't lift my hands to my mouth. For two weeks I had to be fed. I gradually got a little stronger but not strong enough to get out of bed. I was determined that I would not give up. Finally one day a friend suggested trying Carnol. I was so anxious to get a strong that I was willing to try anything. I never would have believed that any preparation would have made such a change in so short a time as Carnol did with me. To day, thanks to Carnol, I feel fine—in fact I never felt better."  
Mrs. S. of Hamilton.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 9-122

## DIDN'T DISCOVER GOLD, BUT THEY FOUND WHISKEY

New York, June 23.—The sudden rush of a crowd down Main street, Flushing, in the direction of Broadway, followed a rumor, which spread rapidly, that gold had been discovered by workmen excavating on the site of the old Flushing hotel. When several hundred persons had surrounded the excavation they learned that no gold had been found,

but that something considered by many as just as good, if not better, had been unearthed.  
A workman, in shoveling debris out of a corner of the old cellar, had uncovered a dozen bottles containing good whiskey, of a brand popular in pre-prohibition days. This news increased the size of the crowd, but the whiskey soon mysteriously disappeared. It was reported that some of the workmen quit early. The whiskey evidently was part of the stock of the old hotel.
