TWENTY PAGES—ONE CENT

The Foster Government Merits Your Support; It's The Duty of All To Vote Tomorrow; Make It Four Straight In Good Old St. John

ODDS SWING TO BROOKLYN TO WIN THE SERIES

Betting Now Two to One on the Dodgers

Next Game Tomorrow in Cleveland with Likelihood of Covelisk Facing Marquard or Pfeffer—Welcome for Indians.

New York, Oct. 8.—The Dodgers and Indians were on route early today for Cleveland, where they will resume tomorrow, weather permitting. The Dodgers have a decided "edge" on the series to date, two victories and one defeat. In the three games Brooklyn has batted for a team average of .209, and fielded .984. The Indians have an average of .165 with the bat and have fielded .982.

Brooklyn Now Favorite. That section of the sporting world which backs up its views with cash today seemed to be inclined to share Brooklyn's feeling of optimism for the odds switched, making the National Leaguers a 2 to 1 favorite.

Cleveland, Oct. 8.—A big ovation awaited the Cleveland Indians when they alighted from the train which brought them from Brooklyn today, despite their two defeats at the hands of the Dodgers in the world's series there. In a proclamation issued by Mayor Fitzgerald yesterday, he called upon all Clevelanders to do honor to their team.

"They will win the series if Cleveland backs them as it backed them in the pennant," the proclamation read: "I ask that Cleveland Friday show in every way possible its appreciation."

An awning company has one of the choicest spots in the neighborhood. "I have not had a moment's time for my business," said G. La Croix, treasurer of the company today. "Fans have offered me watches, books of trading stamps and almost any sort of thing for a chance to see the game."

SCHOOL HOUSE AT BURTON BURNED

Boys Put on Too Great a Fire—Harry W. Cox of Fredericton Dead.

(Special to The Times.) Fredericton, N. B., Oct. 8.—The children of Burton for some time to come will have to attend school in a dwelling house altered to meet the purposes of a school building. On Wednesday morning when the teacher, Miss Kathleen Rowan of Lincoln, went to open the school she found the building in flames. Two boys who had put on a fire to take off the night chill in the building made so great a fire that the pipe was overheated and the building set afire. When Miss Rowan arrived the boys were away trying to get help.

Harry W. Cox died last evening at his home in King street after an illness of several years. He is survived by his father, Thomas Cox and one sister, Miss Lulu Cox.

Instead of speaking in Winnipeg on Oct. 14, Premier Meighen will make the opening address of his tour there on Oct. 15. He will speak in St. John's, St. John's, Nfld. on next Tuesday.

Pungent Points For Electors To Consider

A vote for the government candidates is a vote for good government.

Don't trade safe, sane and honest administration for government by a group of men whose reputation in handling the affairs of the province leaves much to be desired.

By your vote return to power the party whose aim is the betterment of the province by the development of her natural resources, for therein lies progress.

The Foster government have proven themselves capable to handle the affairs of the province. Why exchange a sure thing for a questionable policy?

Do you want your children to grow up surrounded by every chance for a healthy life that a care-taking government can put on the statute books? If so, vote for Hon. W. F. Foote and his colleagues. They have done much to fulfill that wish in the past, and if returned to power will do much more.

Actions speak louder than words. We have the record of the actions of the Foster government before us, while on the other hand are words—empty words.

Give every man his due. It is due to the Foster government that we have splendid trunk roads, our plan for development of water power, our excellent health act and woman suffrage. Vote right.

Reckless statements, made without regard to their truth, or from ignorance, or wilfully with intent to deceive present themselves in striking contrast to a record of honest administration, honestly accounted for.

In 1917 the people of the province gave a charge into Premier Foster's keeping. He has proved a worthy steward. Show him you appreciate the result.

This is the period of reconstruction, a period when none but the best men are capable of handling affairs in the proper manner. A single false step means much. We know the Foster government are capable. Play safe. Elect the men who are tried and trusted.

The province needs progressive administration. It has had it for the last three years—ensure it for the next five years.

It has taken the Foster government three years to get the province out of the rut into which it was dragged by their predecessors. Don't undo the work of three years and bring on a return to the old order of things.

The women of the province have an excellent opportunity of thinking those who champion their cause when the matter of franchise was brought forward. A vote for the Foster government will be a fitting compliment.

The government which gave the province one black eye should not be allowed the chance of attempting to disclose the other. The Foster government has safeguarded the trust confided in it by the people and deserve a continuance of the confidence.

In three years the roads of the province have been put in better shape than ever they were before. Four more years of good government will give highways of which we can well be proud.

It is unwise to change horses while crossing the stream. Another term will allow the Foster government to show the province what hydro-electric power means.

Every employer and workman knows the value of the Workmen's Compensation Act. It is only one of the thoughtful pieces of legislation of the Foster government.

The Murray-Baxter aggregation has not a single constructive plank in its platform. Its campaign has been nothing but a series of groundless charges and insinuations against the best government New Brunswick has ever had.

A party which still has on its escutcheon the disfiguring traces of decayed potatoes should be hesitant about criticising a government with a record such as the Foster administration has.

The Brethren

Now there was strife among the Brethren.

For though they worshipped the same gods, each worshipped in his own way and sought special favor for himself. And they disputed one with another concerning many things, but most of all how they should gain the favor of the people.

Then began the strife which was heard throughout the land, even into Pokesudie and Pokemoche and in the region round about Pisarino and Lassamquoddy.

And so it was until one came to proclaim that the people were about to choose new leaders.

And straitway the Brethren embraced each other, and fell upon each other's necks, and took counsel together in the Seamen's Mission, as to what they might do to make the people's necks their footstool.

And after they had conspired together they went to the husbandmen, and to them who tolled with their hands, and to each of them said: Come with us and we will do thee good.

But the people saw them afar off and ran away, and would not bend their necks to the yoke.

OPERATORS MAY NOT MEET MEN

Indication in Situation re Nova Scotia Coal Mine Operations.

Glace Bay, N. S., Oct. 8.—Indications today point strongly to the view that coal operators will refuse to meet the United Mine Workers at Truro on Tuesday to discuss the royal commission's award. The operators feel that the public, in the face of tumbling prices, will not stand for an increase of 80 or 84 a ton on the price of coal to access to unreasonable and one-sided demands.

BANDITS ROB BANK AND GET \$8,000

Saginaw, Mich., Oct. 8.—Three armed bandits yesterday afternoon robbed the State Bank at Frankmouth, a village situated south of here, carrying in an auto with \$8,000 in currency. Two bank employees were locked in a vault.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—A depression is centered in Manitoba while pressure continues high from the lower lakes region to the Gulf of Mexico. Showers have occurred locally in the western provinces and at a few places in Quebec and the Maritime provinces.

Generally Fair. Maritime—Light to moderate winds; generally fair today and on Saturday; not much change in temperature.

Ottawa Valley—Moderate to fresh north to northwest winds; fair today and on Saturday.

New England—Partly cloudy tonight and Saturday; unsettled along the south coast, increasing northwest to north winds, probably becoming strong off the coast.

Table with 3 columns: Station, Highest during previous 24 hours, Lowest during previous 24 hours. Includes locations like St. John's, Moncton, and Fredericton.

COLONEL LECKIE AND HIS PLANE

Picture shows the big machine which is being used by Colonel Leckie in the Trans-Canada flight. Colonel Leckie's photo is inset. It was he who flew over St. John yesterday and had to descend in the St. John river with damage to his seaplane.

COLONEL LECKIE ON WAY WEST

Ottawa, Oct. 8.—Early this morning the air board received word from Colonel Leckie, who is attempting the trans-Canada flight, that he had not yet left River Du Loup, Que., being held back by a severe thunderstorm. Piloting the H. S. 2-L machine, he landed at River Du Loup, the first landing station, at ten o'clock last night.

Quebec, Oct. 8.—The seaplane F. S. piloted by Col. Robert Leckie, and Major Hobbs, bound on its trans-Canada air flight from Halifax to the Pacific coast, passed here between 8:30 and 8:45 this morning, and is reported to have passed over Three River at 9:40 a.m.

Montreal, Oct. 8.—Colonel Leckie, in his seaplane, passed over Montreal at 11:45 this morning. He headed for Ottawa. Colonel Leckie arrived at Rockfield, Ontario, at 12:40 o'clock.

In response to a message from Col. Leckie, pilot of the seaplane which fell in the river at Whedley's Point, Long Reach, yesterday about noon, Major A. B. Shearer left the Eastern Passage air station in Halifax yesterday at 1:18 p. m. to go to Col. Leckie's aid.

London, Oct. 8.—Twenty persons were killed and thirty others injured in a train collision in which the Venice-Milan express was involved today, according to an Exchange Telegraph despatch from Rome, based on advices to the Giornale d'Italia.

COMRADES' CLASS

Active Ludlow Street Baptist Church Organization. The semi-annual meeting of the "Comrades' Class of Ludlow street Baptist church Sunday school, was held in the church parlors last evening. The president, Harry Best, presided.

London, Oct. 8.—Twenty persons were killed and thirty others injured in a train collision in which the Venice-Milan express was involved today, according to an Exchange Telegraph despatch from Rome, based on advices to the Giornale d'Italia.

The three rear cars of the express were smashed in the collision.

Later. The city's new motor flusher is now at the public works yard at the foot of Charlotte street and will likely be tried out tomorrow or early next week in the city streets.

Montreal, Oct. 8.—The case of Ambrose Bourgeois, accused of manslaughter may have to be started all over again after evidence covering several hours had been heard. After the court had adjourned it was found that a jurymanned Leckie could not understand a word of French and all the evidence had been heard in that language.

THE NEW FLUSHER. The city's new motor flusher is now at the public works yard at the foot of Charlotte street and will likely be tried out tomorrow or early next week in the city streets.

NEWARK, N. J., Oct. 8.—Newark, Jersey City and surrounding towns were startled a little after ten o'clock today by a mysterious explosion. Police and county authorities immediately began an investigation, but an hour later had been unable to learn the location of the blast.

Several loud reports caused considerable excitement and newspapers and police headquarters soon were swamped with telephone calls, many persons believing that one of the numerous powder plants in the eastern section of the state had blown up.

Belief that the reports had come from big guns at the Fort Hancock proving grounds was dispelled when the military authorities announced that there had been no firing this morning.

STIRRED UP BY A MYSTERIOUS EXPLOSION

Search of Newark and Jersey City Unavailing

Bomb Plot Mystery in Hutchinson, Kansas—Deadly Missile Found Under Approach of Viaduct in City.

Newark, N. J., Oct. 8.—Newark, Jersey City and surrounding towns were startled a little after ten o'clock today by a mysterious explosion. Police and county authorities immediately began an investigation, but an hour later had been unable to learn the location of the blast.

Several loud reports caused considerable excitement and newspapers and police headquarters soon were swamped with telephone calls, many persons believing that one of the numerous powder plants in the eastern section of the state had blown up.

Belief that the reports had come from big guns at the Fort Hancock proving grounds was dispelled when the military authorities announced that there had been no firing this morning.

Hutchinson, Kan., Oct. 8.—A bomb plot mystery engaged the attention of local authorities today following the finding last night of a cylinder containing a powerful charge of explosives under the approach to the Main street viaduct in the center of the city. Absence of threatening letters and a close check recently which indicated the suppression of any radical activities here put officials at a loss to understand the presence of the bomb.

Early today the police had no clues to work on other than the story told by boys who picked up the bomb while fishing.

The bomb, which G. M. Knowles, chief of police, declares contained sufficient explosives to destroy the viaduct, the convention hall, and many other buildings, contained no timing device, but had several fuses attached. It measured fifteen inches in circumference.

LATER. Newark, N. J., Oct. 9.—After several hours of investigation, police and county officials expressed the opinion that the loud report came from a quarry blast somewhere in this vicinity.

GIVES UP POST OF \$10,000 A YEAR

Ontario's Manager of the Liquor Dispensaries of the Government.

Toronto, Oct. 8.—W. D. Cleland, general manager of the Ontario government liquor dispensaries, it is understood has given up his position, but will be retained in an advisory capacity at a much smaller salary. Mr. Cleland's salary has been \$10,000 a year, which is more than a minister of the government receives, and at the last session of the legislature, U. F. O. members criticized the system which paid such a big salary to the manager of dispensaries.

SLUSH ICE IN YUKON RIVER

Cold Snap Earlier This Year—Selkirk Hits Rock in Stewart River.

Dawson, Y. T., Oct. 8.—The cold snap this year came on several days earlier than usual and slush ice is running in the Yukon and other streams, making navigation difficult.

NO SCARCITY OF NEW LAWYERS IN ONTARIO. Toronto, Oct. 8.—So far this year 198 law students have been admitted as barristers and solicitors. This constitutes a record. Another record will be established two weeks hence, when 103 more will be sworn in.

NEWARK, N. J., Oct. 8.—Newark, Jersey City and surrounding towns were startled a little after ten o'clock today by a mysterious explosion. Police and county authorities immediately began an investigation, but an hour later had been unable to learn the location of the blast.

Several loud reports caused considerable excitement and newspapers and police headquarters soon were swamped with telephone calls, many persons believing that one of the numerous powder plants in the eastern section of the state had blown up.

Belief that the reports had come from big guns at the Fort Hancock proving grounds was dispelled when the military authorities announced that there had been no firing this morning.
