PURE VEGETABLE Butter Coloring

For Coloring Winter Butter and Oleomargarine

DIRECTIONS FOR USE:

Put the butter or oleomargarine in a bowl and drop on it for each pound ten drops from the bottle of coloring. If using the capsules, pierce one of these and squeeze contents over the butter. Work the butter with a spoon (a large wooden one is best), mixing color in thoroughly, and in a minute you will find it the color of June grass butter. Do not heat the butter before mixing; but if it is left in a warm room for a while before mixing it will color more easily.

Nearly all butter made in the winter time is colored in this way when it is made.

This color, which is the same as that used by the creameries, is purely vegetable and contains no harmful ingredients.

Dominion Raynsters

"Made-in-Canada" Raincoats

Made Absolutely Waterproof by the Rubber Inner Lining

Just as a cloth may have one pattern on one side and a different pattern and color scheme on the other side, so the fabrics of "DOMINION RAYNSTERS" are cloth outside and rubber inside.

By the "Raynster" process, the cloth is incorporated into the rubber. Every inch of the coat—every seam—is covered by this rubber inner lining—proof against sudden downpours and driving rain.

The rubber inner lining makes "DOMINION RAYNSTERS" absolutely waterproof. The careful workmanship makes them easy, comfortable and serviceable. The combination makes a coat suitable for every time and occasion.

In many materials, styles and colors, for men, women and children.

Ask for "DOMINION RAYNSTERS" at any store carrying men's and women's apparel. Each coat bears the "DOMINION RAYNSTERS" label—as an assurance of satisfaction.
