CANTHRA MULLOCK'S WILL

Estate Goes Largely to the Four Children—No Statement as to the Amount

The following statement has been made by the executor of the late Canthra Mullock of Toronto:

"The last will and testament of the late Canthra Mullock, shortly to be filed for probate, was made on May 7, 1917, with a short confirmatory codicil dated October 30, 1918.

"The executors are the Hon. F. H. Philpott, E. H. Laschinger and Malcolm Stobie.

"Subject to some dispositions or tokens of remembrance to E. H. Laschinger and Malcolm Stobie, former partners of the testator, and to Kenneth Ross, a friend, now overseas, and subject to a legacy of \$10,000 to Mrs. Kirkpatrick, sister of the testator, the entire estate is divided into five shares, one share to go to each of the three daughters of the testator, and two shares to go to the son of the testator, with the usual gifts over. Provision is made for allowances in the discretion of the executors for the education and maintenance of the children during minority. The shares vest on majority or marriage, the income only being payable to the daughters during life, but the son receiving half of his principal at the age of twenty-five and the other half at the age of thirty."

No mention of any provision for Mrs. Mullock is contained in the above statement, but it is known that there was a marriage settlement of \$250,000 in her favor, producing \$3,000 a month alimony in the separation agreement of some two years ago. The alimony provision now ceases and the marriage settlement remains. Nor is there any mention in the statement as to the amount of the assets of the estate or what becomes of the family residence.

PERHAPS THREE MONTHS MORE PAY FOR OUR SOLDIERS

Kingston, Ont., Dec. 9.—Major General Newburn, minister of militia of Canada, has intimated that the post discharge pay of soldiers may be continued for six months, instead of three, so as to tide the men over the difficult days of winter. In speaking of clothing allowance, he said that if it was at all possible the question of making this allowance retroactive would be considered, together with that of granting the men an extra allowance for overcoats.

MAY SELL STEAMERS AND BUILD OTHERS

Stanley E. Elkin, M. P., who returned yesterday from Ottawa, speaking of shipbuilding said Hon. Mr. Ballantyne was seriously considering selling some of the steamers which had already been built under the government's programme, as the sale could be made at a profit and letting other contracts to replace them, further employment would be given in the shipyards of Canada.

Mr. Elkin said also that an important order-in-council was passed last week under which any new shipyard that may be established will be allowed to build ships for any of the Allied nations instead of being confined to building for the Canadian government alone. It is thought that this will be a strong encouragement to shipbuilders as some of
