

RELIABLE KITCHEN COAL

Many a household where inferior kitchen coal makes waste and worry would be in luck to have some of our SPECIAL AMERICAN CHESTNUT.

We can recommend it as an ideal range coal and most economical to use.

SPORT NEWS OF A DAY; HOME AND ABROAD

FOOTBALL

Saturday's Games.

Montreal, Nov. 8—Toronto University defeated McGill by 12 points to 7 in one of the most spectacular and closely contested fixtures ever staged in the big intercollegiate schedule.

Other results on Saturday were:

Interprovincial.

Argonauks, 47; Ottawa, 4.

Tigers, 12; Montreal, 3.

Ontario Union Senior.

T. R. & A. A., 16; Hamilton, 12.

American College.

Harvard, 20; Princeton, 0.

Yale, 14; Brown, 7.

Navy, 21; Fordham, 0.

At Ithaca—Cornell, 20; Franklin and Marshall, 8.

Michigan, 34; Pennsylvania, 3.

At West Point—Army, 20; Notre Dame, 7.

Carleton, 0; Holy Cross, 0.

Dartmouth, 68; Tufts, 0.

Washington and Jefferson, 15; University of Pittsburgh, 10.

High School's Unbeaten Record

The St. John High School football team, champions of the Interscholastic League, returned from Fredericton Saturday night with the last victory of the 1914 season, having gone through the series without a defeat. They met the Fredericton High School team on Saturday and pulled out victors only after a hard fought contest, 8 points to 6. Up to the last few minutes of play the score stood 6 to 6 in favor of Fredericton, but an eleventh hour rally pushed the locals to the top.

The teams lined up: Fredericton—Irvine, McAdam, Clarke, Haines, Adams, Thompson, Carter, Rockwell, F. Boyd, Purvis, Kilburn, Spence, Porter, Jewett, R. Boyd; St. John—Nixon, McNulty, McAndrews, Donnelly, Trimble, Taylor, Somerville, Wells, Jennings, Holder, Massie, Donnelly, Jones, Robinson, Callahan, Hefner, A. D. Campbell.

THE TURF

To Sell His Horses.

Capt. D. A. McKinnon, Charlottetown, announces that owing to circumstances he will not be in a position to race a stable of horses next year, and is offering for sale Hiden R., Dr. Sharper, Miss Alcyone, Orwell Bell and Alfred K. The first three will be on the market until next Thursday, and if not then sold will be entered in Upper Canadian Ice Circuit, and they will be offered for sale there.

The 210 Trotters.

Only one addition to the roster of new 210 trotters has been made recently, and the Great Western circuit meeting at Dallas, Texas, contributed the new entrant, Lou Jennings, 2:08 3/4, to the already imposing list, making seventy-one to date. As the record meeting at Lexington, Ky., was not productive of any new ones, it is now quite probable that the total for the season will not be more than seventy-five, if that many.

Lou Jennings' pedigree is as follows: Brown mare, seven years, by Todd, 2:14 1/4 (son of Blinger, 2:09 1/4); dam, Corona Meek, by Wilkes Boy, 2:24 1/2, granddam, Carrie, bred by C. G. Thompson, Mt. Sterling, Ky. Last year's record, 2:21 1/2. Driven by A. S. Gerhart.

BASEBALL

More Games in World Series.

Philadelphia, Pa., Nov. 9—A proposition to increase the number of games in the world's baseball championship series from the best in seven to the best in nine, was favorably considered by the American league magnates at their recent meeting in Chicago. The proposition will be submitted to the National League at the annual meeting of that body.

Connie Mack of the Philadelphia American League team, returned from Chicago last night and said that the matter had been thoroughly discussed, but declined to say what action had been taken.

THE WHEEL

The Six Day Race

The finish of the six day bicycle race in Boston on Saturday resulted as follows: 1st, Goulet, of Australia, and Bill of Watertown, Mass.; 2nd, McNamara, of Australia, and Moran, of Chelsea; 3rd, Lawson, of Salt Lake City, and Drobach, of Boston. Distance 1,385 miles, five laps.

DROP PEN FOR SWORD

Amherst News—Captain T. C. Choinet of Parrsboro, has volunteered for the front and expects to sail with the second contingent. The newspaper fraternity is rather limited in Cumberland but it will be represented in the second contingent by Howard Wallace, city editor of The News and Captain Choinet of Parrsboro. Both of these men are sacrificing much in responding to the call for volunteers.

GREATNESS OF NATION DEPENDS UPON BOYS

Age of Youth the Age of Laying the Secure Foundation—Address by John R. Mott

Boys are what really matter to a nation, said John R. Mott, in an address on "The Strategic Importance of Work with Boys," in behalf of the Boys' Work Department of the Y. M. C. A. in New York.

"Any idea or ideal which you wish to have dominate a nation must first lay hold of the thoughtful boys, the ambitious boys, the boys of vision. There is no more direct way to accomplish the solution of the most difficult problems which press upon the nation than to dominate the boys, the boys of the race with right ideals and visions. The boys have the power to let! Abounding in physical vitality, having the many unspent years, they constitute incomparably our most valuable asset. Moreover, they are so susceptible to impressions."

"The age of youth is the age of laying the secure foundation; the vision-forming age; the age in which ideals are fixed that dominate; the age in which we rivet upon ourselves the habits that make us or undo us; the habits that enable a man to pass through the cross-currents and the undertow of the modern age; or the habits that result in disintegration and awful collapse."

A Bad Example. "The age of boyhood is the age that determines the future. What is the hope of the greatness of any nation? What is the secret of the greatness of any people? What makes a nation great is the character, the ideals, and the spirit of the people, and history shows that character is determined in youth; that those ideals are placed high then; that that spirit is determined likewise by what happens with the ideals."

"When I see the forces of sin and shame, which are working such frightful havoc on every hand; when I see the magnitude of these forces and note their action, activity, their fendish cruelty, and their infinite ingenuity, I do not wonder at what I find in every nation, even in my own country, in the way of the wreckage of the boys. The most visible thing about us in America is our material civilization. I find that men are increasingly intent on what they can see, hear, and handle; and the boys are tremendously impressed by it. This nation must be saved from crass materialism. If we are to do it, we must give the future leaders vision at the time when men receive visions that stay with them. It is our ideals, at last, that determine the other things."

IMPORTANT REGULATIONS RE NURSERY STOCK

All persons importing trees, shrubs and other plants, collectively known as "nursery stock," into Canada are required to observe the regulations of the Dominion Department of Agriculture which govern such importations. These regulations, passed under The Destructive Insect and Pest Act, prescribe the conditions under which plants may be imported; special conditions are attached to certain classes of plants, some classes are subject to inspection, others to fumigation.

In order that all importers may learn what are the conditions governing the importation of trees and plants into Canada, a circular, entitled "Instructions to Importers of Trees, Plants and Other Nursery Stock into Canada," has been published as Entomological Circular No. 4 by the Department of Agriculture and all persons wishing to import plants into Canada should apply to the publications branch, Department of Agriculture, Ottawa, for a copy of this circular. It will be sent free to all applicants.
