(Special to Times) Charlottetown, P. E. I., Jan. 13.—A strike of firemen on the government steamer Earl Grey was settled at Pictou on Saturday. Investigating officials, Commander Thompson, Inspector Ferguson, and Cecil Dunlop of the marine department, submitted a proposition whereby the strikers were rearranged, giving the men more time for rest than they had before the strike, and an allowance for over-time. This called for two day watches and a night watch and the employment of twenty-four men. The strikers demanded three four-hour watches and thirty-three men. This was granted them temporarily a week ago, when they held up the steamer. The compromise was accepted by ten of the strikers and fourteen new men were engaged. LUKE MURPHY SAYS

When a man has a little wife who weighs about ninety pounds, he always refers to her as the "old woman," but if she weighs about 200 pounds, he invariably calls her the "little girl." A woman has queer ideas about sport. She regards a husband as a popular indoor pastime. Why is it that a woman can come home in a cab and nothing is ever thought of? But if a man does it there is a scandal.—Cincinnati Enquirer.
