

ALLIED NOTE DEMANDS WAR PLANTS RAZED

Military Forces of Country Must Be Reduced to 100,000 Men

SECURITY POLICE ALSO TO BE FEWER

Compliance With Terms Necessary Before Evacuation of Rhine Territory.

LONDON, June 5—Germany's failure to carry out the disarmament requirements of the Versailles Treaty were outlined in detail in the note the Allied powers have presented to the German government, the text of which was made public here today.

The note was handed to Chancellor Lütger in Berlin yesterday morning by Baron D'Aberson, the British ambassador, representing the council of ambassadors.

GERMANY MUST COMPLY.

Germany must comply with an extensive list of restrictions and demands before the disarmament obligations of the peace treaty are considered fulfilled, justifying the evacuation of Cologne, in accordance with article 429 of the Versailles pact.

The chief of these sweeping demands include radical modification of the Reichswehr general staff, reduction of the country's military forces to 100,000 men, and suppression of short-term enlistments. The military character of the security police must be abolished and the force itself reduced from 180,000 men to 150,000. Wholesale destruction of industrial plants of the Krupp and a dozen other big concerns which in their present state are held adaptable for the production of war material is demanded.

DEFAULTS TOLD IN DETAIL.

The note itself is not a long document, but it was accompanied by very long detailed annexes setting out in tables and in minute details what the allies consider Germany's defaults and the requirements which alone will justify the commencement of evacuation and the withdrawal of the allied control commission. After referring to previous communications and the report of the control commission which established Germany's short-comings, the note states the allied governments consider it of capital importance to place in the foreground of their argument that the defaults unless promptly rectified, would be in the aggregate enable the German government eventually to reconstitute an army modelled on the principles of a nation in arms.

CAMP GETS \$53

The sum of \$53 was handed to Miss H. Dykeman yesterday for the Lady Hyng summer camp at Fair Vale. The money was quarter of the proceeds of the opening game of the City Amateur Baseball League. Those responsible for the camp are most appreciative of the kindness and interest of the League and the very welcome donation will help materially in raising the funds necessary to maintain the camp this season.

One Dead In Heat Wave at Montreal

MONTREAL, June 5—The heat wave claimed its first victim in Montreal today when a man, believed to be John S. O'Flaherty, ex-sailor of the United States navy, collapsed and died before reaching a hospital.

The maximum temperature for the day was 86 degrees.

It also became known today that Dr. C. A. Harper, of Wisconsin, a delegate to the conference of the state and provincial health authorities of North America, was overcome by heat on Wednesday and has been confined to his room ever since.

REPORTS GIVEN.

An interesting report of the recent Dominion triennial convention of The King's Daughters, held in Montreal was given by Mrs. Edith Stevens, president of the Saint John City Union, at the meeting of the City Union in the Guild yesterday afternoon. The house committee submitted a very gratifying report and a number of appeals for assistance were spoken of at the meeting. The order has had many cases of need to deal with recently. Announcements were made of the dates of the provincial biennial convention to be held in Fredericton on July 2 and 3.
