

# WAR IS THREATENED

Austria Sends an Ultimatum to the Montenegrins.

## POWERS PRESENT A NOTE

Result of the Conference of the Ambassadors is Delivered to Bulgarian Premier — Austrian and Italian Residents of Scutari Must Be Permitted to Leave Belaguered City Say the Governments.

LONDON, March 24.—Austria yesterday delivered at Cetigne a thinly-veiled ultimatum to Montenegro, threatening that if the civil population of Scutari were not allowed to leave the city the dual monarchy would take coercive measures for compliance with its wishes.

Italy took similar action, but without expressing any threat, and Russia, the friend of Montenegro, advised the Montenegrin Government to accede to Austria's demand.

Austria is sending a steamer to Scutari, evidently expecting that this, her second request for the release of the civilians, will not be refused, and has also made clear what she requires in connection with the other incidents of the dispute between the two countries.

In the meantime the representatives of the powers at the Balkan capitals are busy submitting to the Governments of the allies a proposal, suggesting terms as a basis for peace. The note has not yet been presented to Turkey, as one of the ambassadors has failed to receive his instructions. The allies have been consulting with regard to the note, and the public and press of the Balkan States do not receive the suggestions with any favor.

News from Montenegrin quarters indicate that King Nicholas believes the fall of Scutari is imminent. He is in command of the combined Serbian and Montenegrin army, numbering 52,000. From the same source it is reported that the city has already been partly destroyed, all the large buildings having been damaged. Famine prevails, and it is reported that many Austrians and Italians have been killed.

## Powers Present Note.

SOFIA, March 24.—The representatives of the powers called on Premier Guechoff separately Saturday afternoon and handed him the following communication:

"The Governments of the great powers take note with satisfaction of the acceptance of their mediation by the allied states and point out to them that before the discussion of the terms of peace is begun it is for the powers to formulate their views as to the basis of negotiation to be adopted.

"The great powers are of the opinion that they should be as follows:

"1. The frontier of the Ottoman Empire in Europe shall start at Enos, and following the course of the Maritza River, and then that of the Ergene, shall end at Midia. All territories situated to the west of this line shall be ceded by Turkey to the allied states, with the exception of Albania, the delimitation of which shall be fixed by the powers.

"2. The question of the Aegean Islands shall be settled by the powers.

"3. Turkey shall abandon all claim to Crete.

"4. The powers cannot favorably entertain the demand for an indemnity, but they will admit the allies to participate in the discussion of the international commission in Paris for an equitable settlement of their participation in the Ottoman debt, and in the financial charges of the districts to be handed over to them. Turkey is to be asked to take part in the labors of this commission.

"The great powers declare at the same time that as soon as these bases are accepted hostilities shall cease."

Premier Guechoff thanked the Ministers of the powers and informed them that Bulgaria would have to consult with the allied Governments before replying.

## Turks Fail to Advance.

CONSTANTINOPLE, March 24.—Skirmishing and fighting on the outposts are reported daily along the Tchatalja lines. The engagements, although frequently desperate, have never been on a large scale. The general staff is determined for the present not to allow itself to be drawn too far beyond Tchatalja.

The troops operating outside the lines are confined to one division of volunteers. The right wing of the Turkish advance, after scoring an initial advantage, seems to have failed miserably and the Bulgarians have re-occupied Kostandjeik, which the Turks took some days ago.

## George Kerr Dead.

CORNWALL, March 24.—George Kerr, ex-M.P.P., is dead at his home at Farran's Point, in the 66th year of his age. The deceased had been failing for a long time. Mr. Kerr was a native of Tompo, County Fermanagh, Ireland. Early in life he engaged in railroad engineering and afterwards was one of the first conductors on the G.T.R. He was a member of the firm of Kerr Bros., who for many years conducted general stores at Farran's Point and Aultville. He also represented the County of Stormont in the Ontario Legislature for one term in the Conservative interest.

## Boys Drowned in River.

STELLARTON, N.S., March 24.—A double drowning occurred here Saturday evening, in which John and Chas. Connors, two lads, eight and ten years old, lost their lives. In company with two other boys, Herbert Clarke and John Hoare, they procured a boat and went on the river. They found, however, that they could not manage the boat. Young Hoare waded across farthest down the stream. Clarke climbed on to an island, where he was found later by his father. Nothing has been heard from the other boys, and it is assumed they were drowned.

# NORTH IS SNOWBOUND.

Heavy Wind and Blizzards Raging in New Ontario.

NORTH BAY, March 25.—For a week past the C.P.R. has been waging a desperate fight on the Lake Superior division with unusual snowstorms and blizzards of great severity. Traffic has been demoralized in the western end of the district and freight business has been almost at a standstill, passenger traffic affording a difficult problem, particularly on account of heavy immigrant travel. Yesterday the Lake Superior district between Cartier and Fort William was in the throes of a terrific blizzard, with snow falling in clouds and heavy wind. Passenger trains are being held at terminals to prevent stalling where passengers would be subject to inconvenience and discomfort.

White River district seems to be the worst of the storm center and not a wheel was in motion yesterday. In the White River yards snowdrifts were piled nine feet high.

Northern Ontario is also in the grip of the storm. Kingston, Cochrane and Porcupine being visited with severe snowstorms yesterday, which played havoc with the T. & N. O. Railway service at the North Bay end. C.P.R. eastbound trains out of Fort William will be delayed possibly 24 hours.

Carl Carlson of Bigwood, on the Toronto-Suburby C.P.R. line, was instantly killed at Wahnapitae Saturday night by being struck by a train while getting out of the way of another train on the double track.

## Blizzard at Fort William.

FORT WILLIAM, March 25.—A gale that assumed the fury of a small blizzard set in here Sunday night, and raged till some hours after daylight. Every rural highway leading into the city is made impassable by small mountains of snow. Trains from the east are late, some of them over eight hours.

## Flood Threatens Guelph.

GUELPH, March 25.—The River Speed is on another rampage and threatens to outdo the flood of last week, in fact, the water is much higher than it was last week, and is just about equal to what it was a year ago on Easter Sunday. The water in the river began to rise about ten o'clock yesterday morning, and since then has been rising steadily. It rose a couple of feet in a many hours.

## Galt Industries Crippled.

GALT, March 25.—For the third time this season the Grand River has overflowed its banks. Following the rain of Sunday night, the water rose steadily until yesterday afternoon it encroached on adjoining lands, flowing over retaining walls and flooding the basements of industrial plants and residences along the banks. Several plants were forced to shut down.

## THREE WILL TESTIFY.

Members of British Cabinet to Give Statement on Marconi Charges.

LONDON, March 25.—Lloyd-George, Chancellor of the Exchequer; H. L. Samuel, Postmaster-General, and Sir Rufus Isaacs, Attorney-General, will give evidence to-day's meeting of the Marconi committee. A private meeting of the committee yesterday considered the evidence in the Matin trial case and decided to invite the Ministers concerned to attend the inquiry and to assist the committee in arriving at the facts. Sir Rufus Isaacs will make a full statement regarding his position, and will afterwards be questioned by members of the committee.

It should be stated that Sir Rufus and Mr. Samuel at the commencement of the committee's inquiry, months ago, offered to give evidence as soon as desired, but the committee decided to reserve the Ministers' evidence to a later stage of the inquiry.

This is the keenest public interest in to-day's meeting not only because it concerns the question of the judgment of the Ministers in dealing with American Marconis, but because of the bearing it is likely to have on Sir Rufus Isaacs' future, since it has become evident that a successor to Lord Alverstone must soon be appointed. Sir Rufus had generally been looked upon as the next Lord Chief Justice, but it is now thought that although Ministerial probity may be upheld his chance for the post has gone.

## A LABEL THEY SAY.

Typists Resist the Way They Are Depicted in "Movies."

MONTREAL, March 25.—A petition to moving picture film men, protesting against the stereotypical portrayal of stenographers by the movies as gum-chewers and wearers of "rats" in their hair, is being circulated here. Already 3,000 names have been attached to it.

The campaign against what is considered as a libel upon the members of the stenographic profession is being conducted by a committee of girls, with Miss Louise Lawrence as convener.

## Power For Regina Enterprises.

REGINA, Sask., March 25.—The Provincial Highway Commission has appointed a superintendent of work in connection with roads, bridges, etc. The commission will investigate the diversion of water of the Southern Saskatchewan River for domestic and industrial purposes. An investigation is being held regarding power at the Southern Saskatchewan coal mines and its distribution.

## Alfonso Commutes Sentences.

MADRID, March 25.—King Alfonso yesterday commuted the sentences of fourteen prisoners condemned to death. This act of clemency was carried out during the Good Friday service in the private chapel of the Adegation of the Cross in the Royal Palace.

# BRIEFS FROM THE WIRES.

Tony Spostio, Italian "healer," was found dead in bed in Toronto yesterday.

Kingston harbor was cleared of ice by the wind yesterday, the earliest opening in twenty years.

Cobourg temperance workers expect to campaign this year for local option for license reduction.

Two new houses in St. Catharines were completely destroyed by fire from an unknown cause on Thursday.

Ensign Oliver Mardell of the Salvation Army, Toronto, will go to Vancouver to take charge of the Army's welfare work.

Twelve special trains from Montreal Thursday night and Friday took over three thousand Canadians to New York for an Easter pilgrimage.

For the first time in the history of the city of Boston, Mass., all theatres and motion picture houses were closed for three hours on Good Friday.

Hon. Louis Coderre arrived in Montreal yesterday and was informed that as the time had expired, no protest in the Hochelaga election had been entered.

In her ninety-second year Mrs. Robt. Milne died yesterday at Amherst, her daughter's home at Port Perry. Her father, Erasmus Howard, was a pioneer of Ontario County.

Nineteen fishermen, suffering the terrors of hunger, cold and the menace of the ice, reached Grand Haven Thursday. They had been fast in the ice for three days and three nights.

Anglican clergy of Montreal who have sent a circular letter to the clergy of the Dominion appealing for Church unity are now making a similar appeal to the Anglican laity throughout Canada.

## Masher's Heavy Punishment.

BUFFALO, N.Y., March 25.—L. D. Varian, a waiter, must pay a fine of \$500 or begin to serve 150 days in the penitentiary, the heaviest sentence imposed on a "masher" in the history of the city court. Varian was convicted yesterday of pressing unwelcome attentions on a sixteen-year-old while riding on a Niagara street car.

## New Companies Incorporated.

OTTAWA, March 25.—The Canadian Gazette announces to-day the incorporation of the Canadian Klondike Co. of Windsor, with a capital stock of \$8,000,000. Also the incorporation of the Canadian Rogers Limited of Toronto, with a capital stock of \$1,000,000. The latter company will manufacture cutlery and silver.

## Underground Wires in Edmonton.

EDMONTON, Alta., March 25.—The City Council has decided upon the disposal of \$98,000, accumulated by the municipal electric light department, by carrying \$10,000 to sinking fund, \$5,000 as the nucleus of an emergency reserve, and \$83,000 to wards placing wires underground in central districts.

## DAMAGED BY STORM.

Brant County's Loss Was Heavy—Tornado in Indiana.

BRANTFORD, March 24.—In Brant County particularly heavy damage was done by Friday's storm. The Bow Park farm had a brick building completely demolished at a loss of \$5,000. Oak Park farm lost its new barn, one of the finest in the county. The Roman Catholic church at Vanessa was destroyed, while at Harley the Methodist church was badly damaged. The Burford cannery factory had a building destroyed by the fall of a 60-foot smokestack. The steeple on the Methodist church, Norwood, was blown over. Houses owned by Harvey Hunter and L. Kenrick, Hamilton road, were wrecked. Throughout the entire county barns fell a prey to the heavy gale, and a big loss was sustained. In only a few instances did farmers report having wind insurance protection.

## Tornado in Indiana.

TERRE HAUTE, Ind., March 24.—Loss of life and severe property damage were caused by a tornado which swept out the southern part of Terre Haute at ten o'clock last night.

At twelve o'clock seven bodies had been recovered. Scores were injured, and the property damage will reach into the hundreds of thousands of dollars.

## Omaha City Is Swept.

FALLS CITY, Neb., March 24.—Half of the city of Omaha was swept by a tornado early last night, according to information gained here by long distance telephone. All railroad and commercial telegraph lines into Omaha are out of commission. Berlin, a small town near Omaha, damaged by the storm, is said to be on fire.

## Social Evil Remedies.

WASHINGTON, March 24.—The whipping post for white-slavery and seducers of women, a tax upon bachelors, more careful training of children, and abolition of joy rides and rag-time dancing, were advocated as remedies for the social evil at a hearing here Saturday, conducted by the Illinois Senatorial Vice Commission, which came to Washington primarily to interest President Wilson in a nation-wide vice crusade.

## Patients Improving.

NEW YORK, March 24.—Ten sufferers from tuberculosis who were in bed last Sunday by Dr. Friedrich F. Friedmann, declared at a clinic held by the Berlin physician Saturday, that their health has improved since receiving treatment. Before entering the clinic Dr. Friedmann authorized an announcement that two weeks hence he will return to Germany for a brief period to complete unfinished laboratory tests. He will return to the United States, hopeful that by that time the Government health authorities will have recognized his vaccine as a cure.

# TORNADO KILLS 200

Terrible Storm Sweeps Omaha, Nebraska, and Environs.

## THOUSANDS ARE HOMELESS

Great Swath of the City of Omaha Is Laid Low by Gale and Death List Will Reach 150—Property Loss in City Alone Is \$5,000,000—Terre Haute, Lincoln and Other Cities Show Heavy Loss of Life.

OMAHA, March 25.—More than 200 persons were killed and 400 were injured in a wind storm that demolished 450 homes, damaged hundreds of other buildings and caused a monetary loss of \$5,000,000, according to reports available up to a late hour last night from the main path of the tornado in and near Omaha.

Most of the casualties were in Omaha, which was stricken as never before.

Nearly towns in Nebraska and across the Missouri River in Iowa also suffered severely. Wires were snapped off in all directions, and it took many hours to gather and circulate news of the disaster.

Fire broke out in the debris of many wrecked buildings in Nebraska's metropolis, and these were menaces for some time, as the fire companies were hindered by fallen walls and blocked streets. A heavy rain followed the wind, however, and drenched the hundreds of homeless persons, but also put out the flames.

Of the 202 known dead within the area covered by the storm, 152 were residents of Omaha. The remaining dead are scattered over a considerable range of territory.

Perhaps 1,500 persons are homeless. Aside from this, 3,000 buildings were damaged, many of these being churches and school buildings.

The hospitals in Omaha last night were full of injured, many of whom have not yet been identified, apparently because their friends are either dead or among the injured.

To-day the stricken section of Omaha is patrolled by Government troops from Fort Omaha, and the state militia. Governor Morehead has taken personal charge of the state troops. There has been little or no looting.

It was late yesterday before all the details of the storm with accompanying wreckage were known, even within this city itself. The pathway of the storm, from five to seven blocks in width, cut a swath 24 blocks long.

The total number of deaths in this part of the city reached almost 50. Within the space of this storm center, if made real, it is estimated that a quarter section of land, 1,200 houses were wrecked, 100 bodies have been recovered, and search of the ruins is being made for others. Several are known to be still in the ruins at the end of the storm's path.

Estimates of the losses of property demolished by the storm vary between \$5,000,000 and \$12,000,000. Some of the more substantial houses can be partially rebuilt, but this number is small, and where the buildings have not been torn asunder, they have been so badly damaged that the material is useless for rebuilding.

To-day five public schools were out of business in Omaha. Seven churches are partly or wholly wrecked. One private school for girls is a total wreck, although the students escaped.

The rest of the loss is to homes. The destruction began with the millionaire homes in the exclusive section of West Farman and Bemis Park, but farther northwest the buildings collapsed more easily, and large numbers of deaths resulted.

Rescue work started as soon as the people were able to hurry to the stricken district, but the night's work was by the light of lanterns, and little work was accomplished. The storm took down all the wires in its path, and the electric power was shut off immediately to prevent further loss of life. With the arrival of daylight a trainload of militia from Lincoln and the presence in the city of Governor Morehead, the work was systematized, and last night indications are that one more day will end the search for bodies, and will witness a general attempt at rebuilding work.

## List of Dead Grows.

COUNCIL BLUFFS, Iowa, March 25.—Each succeeding hour during the night tended to increase the list of dead and injured, due to the tornado. Every town in Iowa that it was possible to reach by long-distance telephone throughout the day added to the cost of the destruction.

The town of Barlett added three to the death list. Heavy property loss was reported from the towns of Magnolia, California Junction, Blackburn, Missouri Valley and Malvern. No deaths were reported from any of these places.

Three miles east of this place a section of 200 feet of the Chicago and Great Western bridge was blown away.

## Omaha Sufferers Helpless.

KANSAS CITY, March 25.—C. K. Davis, a grain dealer, who was in Omaha Sunday when the tornado struck, yesterday told of the desolation wrought.

"I crossed through the storm zone," he said, "and saw bodies being carried out of the ruins. Frame houses were wrecked and porches of stone and brick dwellings were torn away.

"The worst thing about it all, except for the dead, was the helplessness of the sufferers. There was no way to get quick assistance. Hospital and ambulance service was far below the requirements, and doctors had more than they could do.

"The motorcar companies carried dozens of injured to doctors' homes and to hospitals. No one could hire a motorcar unless it were wanted for someone that was injured. Many private motorcars helped in the work."

## Winnipeg Woman and Baby Killed.

WINNIPEG, March 25.—Mrs. E. M. Kimball, who, with her two-year-old

daughter Frances, was killed in the storm raging in the state of Nebraska, was the wife of J. W. Kimball of this city. Mr. Kimball is in the employ of the Mackenzie-Mann Contracting Co. Mrs. Kimball and her two children were visiting her parents at Omaha and intended to return home at an early date. The other child has apparently escaped injury.

## Eighteen Killed in Terre Haute.

TERRE HAUTE, Ind., March 25.—Eighteen persons known to have been killed, 250 more or less seriously injured, 275 homes destroyed, and other property damage, estimated at nearly a million dollars, was the toll of the tornado that devastated Terre Haute and vicinity Sunday night. Last night the officials in charge of the rescue work say the list of dead will be increased as the searchers clear away the debris of wrecked buildings.

Hundreds of homeless last night were being cared for by charitable institutions and citizens, while the wrecked district is being patrolled by troops and police.

Harrowing stories of their experiences are told by the survivors of the storm. The scenes in the wrecked sections in Terre Haute brought tears to the eyes of the rescuers, whose attention, often called to the dying, trapped in the debris of their homes, by agonizing screams for aid. Some died before they could be freed from wreckage, and others who were removed, will die.

## Seven Dead in Lincoln, Neb.

LINCOLN, Neb., March 25.—Seven persons were killed and 17 injured at Berlin, Neb., by the tornado which struck that village Sunday evening. The village was almost completely wrecked, every one of the buildings being either totally or partly destroyed.

## BRIEFS FROM THE WIRES.

Bishop Mills is quite ill at his home in Kingston. He had to cancel engagements for a week.

In a sensational runaway at Kingston, Donald Waller, Pittsburg Township, was dragged over the road some distance and seriously injured. Three other occupants escaped.

Dr. Ira Van Geisen, one of the foremost pathologists in America, died in New York yesterday of chronic heart and kidney trouble. Dr. Van Geisen was an authority on neuro-pathology.

The Italian forces recently defeated a large band of Arabs. The Arab losses numbered 220 killed and many wounded. On the Italian side the casualties were 24 dead and 123 wounded.

It is expected that the three senatorial vacancies for Ontario will be filled very shortly. The latest is a boom for Hon. Samuel Barker of Hamilton as successor of the late Senator McMullen.

An avalanche yesterday overwhelmed three visitors who were skiing near Pontresina in the Engadine in Switzerland. They were swept over a precipice and buried in the deep snow in a ravine.

With dense smoke almost choking him and flames licking his clothes, Eddie Ryan on Monday entered a burning building in Montreal and carried out two unconscious boys, John and Edgar Charon.

At a meeting of the Lethbridge branch of the Socialist party of Canada it has been definitely decided to enter the contest in the Lethbridge constituency in the forthcoming provincial general election.

A movement is under way to bring about the secession of Galt from the County of Waterloo, because of the possibility of compulsory contribution towards the construction and maintenance of country roads and bridges.

## TO ESTABLISH NOVIATE.

Jesuit Fathers Purchase 300-Acre Farm Near Guelph.

GUELPH, March 25.—The Jesuit fathers have purchased the Bedford farm, in Guelph Township, containing 300 acres, and will establish a novitiate. It will be the first novitiate for English-speaking candidates for the priesthood in the province since the period in the novitiate at Montreal, where both English and French candidates study.

The site of the Bedford farm, or Mount Saint Patrick, as it was named by the late Maurice O'Connor, who originally owned it, is ideally situated for such a purpose, being about a mile from the end of the street car line on the Elora road. The buildings are in splendid condition and the farm is one of the largest and most fertile in the township.

## EASTER WAS QUIET.

Suffragettes Failed to Create a Single Sensation.

LONDON, March 25.—It was expected that the suffragettes would make a startling coup in the Easter holidays, but up to last evening any special plan formed had not materialized. An attempt to burn an empty house at Beckenham was frustrated, and the incident at the labor conference was the only development. The apprehensions of the authorities is evident, the precautions taken at Windsor Castle which, contrary to all precedent, was entirely closed to the public yesterday. Even the north terrace of St. George's Chapel, Royal Wove, usually open to the public, was barred, and a strong force of police and detectives was scattered in the park grounds.

## Miller's Health Fails.

OTTAWA, March 25.—The state prisoner, R. C. Miller, is in failing health, while his wife is a victim of tuberculosis.

These facts, together with the feeling of his counsel that Miller has been punished sufficiently, will lead to the renewed efforts this week to secure his release.

Miller shows signs of his enforced detention, and is said to be nervous. He gives no indication, however, of making any statement by way of answering the question, failure to do which caused his incarceration.

# NEWS OF SPORTS

No Word from Jordan.

MAISON, Ga., March 24.—Manager Kelley tonight sent a home to "Tim" Jordan, at the latter's home in New York, asking him to report at once. President McCaffery is expected to arrive Tuesday afternoon. Asked if there were any prospects of Jordan being suspended in the event of his failure to report or sign his contract, Kelley would not commit himself.

"Mighty Tim" has shown no signs of weakening in his determination not to play unless he gets more money. Kelley says nothing has been done towards getting a successor to the big fellow. The management is evidently under the impression that Jordan will report sooner or later.

Not a word has been heard from either Holly or Jordan. The team is working along without these men. Fitzpatrick playing short, and the pitchers alternating at first base. All of the fingers worked in the box to-day. Herbert showed more than any of the others. He curved the ball, and used a good deal of speed. He has a knuckle ball that is as deceptive as Maxwell's floaters. Kelley asked the big Ottawan to cut loose, and Herbert went to work at such a rate that the manager had to call him off. He will be ready to pitch in a few days. This afternoon's practice concluded with a mile run around the track. The entire squad, including Kelley, went the route.

## Grand Mere Won Second Game.

Toronto, Mar. 25.—The 1913 hockey season, as far as Toronto is concerned, closed at the Arena last night when Toronto R. and A.A. and Grand Mere met in the second and deciding game for the new Pallat trophy. As is usual, a small crowd witnessed a fast, hard-checking game, which was lively from start to finish. The result was a complete surprise. After their showing on Saturday when the locals beat them 8 to 2, it was not thought that the visitors would have a chance in to-night's game. However, playing under their own rules, they defeated the O.H.A. champions by 5 to 1.

## THE GUN.

Snoot at Ruthven.

Ruthven, March 21.—In a gale wind the second annual tournament was shot off here to-day. F. H. Corder was high gun with 154. H. Taylor second 145, and Dr. Sloan third with 128.

In two special events of 21 birds, F. Stett was high in first with 23, Hart, of Dresden, took the second with 22.

Under weather conditions the scores were very creditable.

## Training Season Unfavorable.

MAISON, Ga., March 22.—No worse training season has been encountered by teams in training in the southland than the present. In Georgia, in Florida, which is adjacent to this State, and even down in Texas, where the New York Giants underwent the condition process, the weather has been indescribably bad. Several of the teams were obliged to work inside for a week at a time. The grass fields of the south can be counted on the fingers of one hand and Macon has the reputation of being the best of all.

At Mercer University, in this city, where the Leafs did part of their training, the weather was so bad that the man ball park, the entire field is of hard clay. The rain has washed pebbles, and even large stones to the surface. The cover of a new ball becomes scuffed and waxy in ten minutes, making it very difficult to throw. The pitchers quite properly refused to work with the bad ball, and the use of inevitable injury to untrained arms. The major league clubs, some of which have already started north, will arrive there in worse condition than for years. Should unfavorable weather be encountered during the first week or two of the season there will doubtless be some very ragged ball played.

## HEAVY COLDS.

During the census year in United States there were nearly seventy-seven thousand deaths due to pneumonia, although consumption leads this by 62,000, pneumonia is responsible for more deaths than diphtheria, scarlet fever, smallpox, and cancer combined. The trouble is that people are too careless about colds—let them run on—grow bigger every day—finally old pneumonia steps in.

The very
