Archbishop

Official Notification of His Lordship's Appointment to the Oregon Arch-diocese.

Will Retain Supervision of the Vancouver Island Diocese.

Although it has been confidently expected that His Lordship Bishop Chrisappointment had been given to any newspaper in the city until a Times the newspaper man that he had received the formal notification of his appointment, and he had communicated the same to Very Rev. F. X. Blanchet, ad- ing any notice or ringing the ministrator of Oregon.

15th, but in conversation this morning months after his formal installation, in Victoria, journeying to and fro between Hall for the plaintiff and Mr. A. P here and Portland a good deal until a successor to the bishopric be appointed.

course a source of gratification to an who know him, will nevertheless give rise to sincere expressions of regret. His appointment to the bishopric of Vancouver Island is of so recent date, Meamber and being at the time in the and the good work he has done in the short interval has been so extensive, that his removal is regrettable, and to that his removal is regretable, and to hearing the case of Piercy v. Pemberton, all who have had the good fortune to an action involving the validity of an ascome within the sphere of his influence, signment for the benefit of creditors. and particularly to those to whom has been given the favor of personal acquaintance with him, the new appointment, rendering inevitable a lessening of his connection with the diocese, will be regarded as a great and well-nigh irreparable loss.

Rt. Rev. Alexander Christie was born in Vermont forty-six years ago. When ly. a child he came with his parents to the West, settling first in Winsconsin, where the family remained until the close of the civil war. After the war they removed to Minnesota, settling at Austin, where the future bishop attended school. Afterwards, having decided to study for college, Stearns county, in charge of the Benedictine Fathers, where he made his classical course. He" then took the the Grand Seminary, Montreal, where he was ordained a priest, about twenty years ago, for the diocese of St. Paul. Returning to Minnesota, his first pastoral appointment was at Waseca, where he remained twelve years, building up a magnificent parish. He was called to Minneapolis to take charge of the new Ascension parish in that city. Here his work was also marked with energy and success. His next appointment was to the large and important parish of St. Stephen's, where he remained until his consecration as bishop of Vancouver Island last June.

He took charge of the diocese in the month of August. With quick perception it was not long before he took hold the situation; what had been done and what was to be done. He immediately secured from the Catholic Indian commission at Washington as much as could be expected from that source to help him to commence his

work of improvement. His next step was to send Rev. Father Nicolaye to Central America to inquire into the details of the death of his predecessor, the lamented Bishop Lemmens, and to secure, if possible, the fruits of his labor and economy in these

missionary countries. resources to depend upon in his diocese of his devoted priests, Rev. Father Altof such societies as would lend support | Pacific Coast corporation officials. to his undertaking.

And, last January, facing the storm in this country, he crossed the continent of America and went to Ottawa, to try and secure from the Canadian parliament some appropriation for the missions on the west coast of Vancouver

Now that everything was in readiness for the work that he had contemplated, the news comes from Rome that he has elevated to the high dignity of been elevated to the high dignity of Archbishop of Oregon.

Bishop Christie is a learned and zeal-

ous prelate and an eloquent preacher, and his eminently successful career is regarded by all as an earnest promise of like results in the higher work which will now be committed to him. The archdiocese of Oregon City, to

which Rt. Rev. Alexander Christie has been appointed, was created in 1850. majority of cases more ad-It comprises the entire state of Oregon. The former Archbishops of the see were Most Rev. Francis N. Blanchet, D. D., 1850-1880: Most Rev. Charles J. Seghers, 1880-1894; Most Rev. William H. Gross, 1885-1898. The archdiocese, according to the last Catholic directory, has 80 churches and chapels, 2 seminnries, 2 colleges for boys, 12 academies for girls, 23 parish schools, 2 orphan asylums, and 8 charitable institutions. The Catholic population of the archdiocese is 35,000.

IN THE LAW COURTS.

A Busy Day-Bowden vs. E. & N. Rail way Co .- County Court.

There were trials proceeding in no ess than three courts this morning, Justices Drake, Irving and Martin presiding, the first named having the aid of a jury and the other two judges taking the hearings alone.

The most interest centered in the case of Bowden versus the Esquimalt & Nanaime Railway Company, which is a claim for damages to the amount of \$2,00, the plaintiff claiming under the Employers Liability Act, alleging that he was hurt owing to defendant's negligence while loading coal at a chute at Wellington in August last. The case had been adjourned for a week in order that notice of the accident might be given to the defendants. This morning special jury of eight was empanelled and the hearing proceeded. The plaintiff was first called to the witness box atnd testified that he was a fireman on tie would be appointed to succeed Arch- the E, & N. road and had been railroadbishop Gross in the archdiocese of Ore- ing for fifteen years. He detailed the gon, no official announcement of the circumstances of the accident and his testimony was not materially changed under cross-examination. Brakeman Porter, who was on the same train, was reporter called upon His Lordship at the the next witness, and he refused to tes-Palace this morning. Luxton for the defendant company. Mr. Justice Martin presided in the The news of the high honor being county court, the only case being one conferred upon His Lordship, while of for the replevin of a horse, the Victoria Transfer Company being the plaintiffs and the defendant one Brooks. The case arose out of the sale of a horse by a man named Meamber to Mr. Brooks, the said horse not being the property of custody and charge of the plaintiffs. The replevin was sustained.

Mr. Justice Irving is this afternoon PILES FOR 15 YEARS.

Mr. Jas. Bowles, councillor, Embro. Ont., writes. "For over 15 years I suffered the misery of bleeding, protruding piles. The many remedies I tried all failed. I was advised to use Dr. A. W. Chase's Ointment, and must say that the first application gave relief, after the third day the bleeding stopped and two boxes cured me complete-

HAPPENINGS AT ATLIN. A Budget of News Notes From That District.

A letter received from Customs Officer Menzies, dated at Atlin on Apr., 17th, by Collector Milne, says the Northwest the priesthood, he went to St. John's Mounted Police party at Atlin went back lands, and looks forward to being a coal to Lake Tagish on April 18th. The trails leading to the new mining district are in very bad condition. The portages are bare and in places the trail is kneedeep or more with slush.

A large river steamer is now in course construction on Atlin Lake. Two outfits of bonded goods which left here on March 3rd and went in over the Taku trail from Juneau, arrived on

April 16th. There are now between 4.000 and 5.-900 people in the country and they continue to go in. There are three breweries, one plant being already in operation. To stand these industries off, a religious service is held every Sunday by Rev. Mr. Pringle, who some time ago reached there from Telegraph creek.

keeping the best of order. The sale of frew district, but the present strike far the Stomach. That is why the remed'es town lots, as told in these columns, is to be held on May 17th. The Alien Exclusion Act has had the effect of putting Seattle and other Sound cities entirely in the shade. Not three per cent. of the goods taken in are from American ports. The bulk of the goods is from British Columbia cities.

VICTORIA'S CELEBRATION.

Arrangements for Victoria's forthcoming celebration are progressing favorably Then, realizing that he had but scanty and already assurances of a large influx of visitors are being received. Invitato carry on the work that necessity and tions are being extended to the mayors zeal demanded of him, he sent another and aldermen of surrounding municipalities to attend, and on the 24th and 25th hoff, to Furope, to appeal to the charity there is likely to be a big aggregation of The large posters will be out the beginning of the week, but the preliminof the severest winter ever experienced ary programmes have been somewhat delayed awaiting the finance committee's appropriations, which are necessary to the carrying out of the various events. Display advertisements are now running in the leading dailies of the Sound and Mainland cities with a view to keeping the celebration prominently before the people of those places.

Doctors now agree that

consumption is curable. Three things, if taken together, will cure nearly every case in the first stages; the vanced; and a few of those far advanced.

The first is, fresh air; the second, proper food; the third, Scott's Emulsion of cod-liver oil with hypophosphites.

To be cured, you must not lose in weight, and, if thin, on of Oregon presides includes Ore-Washington, Idaho, Montana and you must gain. Nothing equals Scott's Emulsion to keep you in good flesh.

soc. and \$1.00, all druggists.
SCOTT & BOWNE, Chemists Toronto.

If nervous exhaustion were better understood the numbers of insane and epileptic would be greatly reduced, and there would be less paralysis and nervous prostration. Rusiness and professional men would not be overcome by brain fag, nervous dyspepsia, and

headaches. Teachers and students would not be exhausted by their work, and women would not be pale, weak, nervous, and suffer the miseries caused by derangements of their peculiarly feminine organism

To get at the cause of these troubles one must nourish and restore the wasted nerve cells. DR. A. W. CHASE'S NERVE

THE GREAT FOOD GURF

which builds up new brain and nerve cells, and revitalizes the nervous system. It is prepared from the favorite prescription of DR. A. W. CHASE, and marks a new era in medicine, because it builds up the system instead of tearing it down, as do strong, poisonous drugs.

DR. A. W. CHASE'S NERVE FOOD is the greatest spring restorative, and a few weeks' regular treatment with this popular remedy will completely restore pale, weak, nervous men, women and children to robust health. By filling the body with new life and vigor it banishes diseases, which result from weak, exhausted nerves, and thin weak, or diseased blood.

servative. The engineering sub-committee will meet on Monday and expect to have the presence of J. R. Roy, resident Dominion Mr. H. Hogg, Conductor No. 207, residing at No. 81 Fuller street, who tells his engineer, and to consult with him on the

Mr. B. W. Pearse thought this step should be delayed until the engineering sub-committee had met Mr. Rov. If the latter was to be the umpire he would have to adopt his own modus operandi and the contemplated step of the committee might be a mistaken one.

Ald. Hayward reminded the board that the council must confirm any appropriations and that if the step was not decided upon until next week it would involve two weeks' loss of time. Other members emphasized the necessity of having the committee's representations before parliament before the dying days of a long session, when they would be foredoomed to failure, especially as Dominion support was so necessary for success. It was therefore decided to ask the council for an appropriation should the committee deem it advisable to send the promoter to Ottawa.

The amount to be asked for occasioned some discussion. Ald. Brydon thought a liberal sum should be named and suggested \$500. Mr. T. B. Hall and Capt. Cox, speaking from a knowledge of the exigencies of life at the capital, and of the demands upon a promoter there, in the way of entertainments, etc., urged a much larger sum. With the economic tendencies of the City Council, however. before their eyes, the committee decided to strike a compromise between the sum first named and that of Mr. T. B. Hall (\$750), and on Ald. Brydon's suggestion
