Miramichi Advance.

CHATHAM, N. B., JUNE 19, 1884.

Notes on The Belle de Chaleur.

The Hudson is, probably, the best known of the beautiful rivers of the United States, as the St. John is of New Brunswick.

THE PHANTOM SHIP OF HERON ISLAND.

Nightfall on Lighthouse Island, with a companion vessel in the local history of the place, having, within some years, developed into a legend.

THE LUMBER TRADE.

Messrs. Farwold and Jardine's Timber Trade circular of 3rd inst., referring to New Brunswick and Nova Scotia.

The Sinking of the "Alliance."

It seems that the Government cruiser "The Schooner Alliance" was wrecked on the coast of Miramichi.

Dalhousie has been remembered and the efforts of his representative in the House of Commons have secured for it a branch line, which is to be opened in the present week and will, hereafter, afford regular communication between this favored spot and the railway system of the country.

which, with a crew of twenty-four and eighty intending colonists, started for the New World. During the two years following the massacre of Gaspe's crew and the capture of the Indians had been for his ship-harboring her in the vicinity of the present site of Dalhousie.

brought from Jersey, in the English Channel, while his men are on contract for the season's work, for which they were engaged. It is believed that the whole job will cost the Dominion fifty or sixty thousand dollars, which, in addition to the annual cost of maintaining the Gaspe Peninsula will be a heavy burden on the Government.

Another of the same. It seems that each member of the late Local Government was allowed to "help himself" to some \$75,000 or \$80,000. We have had frequent occasions to point out to the Fisheries Department in the worst-managed of any in the Government service, and this wretched job in Gaspe Basin, with the stipulated effort to cover it up, are additional proof that the public interest demands its thorough reorganization.
