adrift. It will be replaced as soon as practicable.

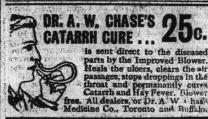

SANDY HOOK, NJ, Feb 5—The electric lighted buoys marking Gedney Channel, New York lower bay, were lighted tonight, but later extinguished by floating ice. The electric lighted buoys marking Southwest Spit have not been relighted since the 3rd inst. NEW YORK, Feb 5—The inspector of the STHIP Lighthouse district gives notice of the establishment today, replacing temporarily the electric lighted buoy extinguished by running ice, of a lighted gas buoy, conical in shape, surmounted by a pyramidal frame work, painted red, with "No 12" in white on each side, and showing a fixed red light and placed in thirty (30) feet northeast from the Southwest Spit electric buoy (west side), on the following magnetic bearings; Romer Shoai lighthouse, NE%N; North Hook beacon, ESE%E.

beecon, ESE%E.

FIRE ISLAND, Feb 6—The lighthouse ten der Gardiner has again placed the Fir Island bell buoy in position.

SANDY HOOK, NJ, Feb 7—All of the electric lighted bury and state of the lectric lighted bury and state of the light bury an tric lighted buoys marking Gedney Channel, New York lower bay, with the exception of white light E No 7 and red light B No 2, are burning tonight.

NEW YORK, Feb 7—The Inspector of the Third Lighthouse district gives notice of the establishment today of a new type (high conical) nun buoy (starboard hand channel buoy), surmounted by a perch and ball as a day mark, painted red, with the No 12 in black on opposite sides, standing somewhat higher than the ordinary model of nun buoy. It will replace the first perch and ball nun buoy which marked the turning point from the Sandy Hook light and South beacon range, into Chapei Hill range, in 30 feet at mean low water, and is about 100 feet SSW from the gas lighted buoy established on the 6th inst, and about 50 feet SSW from the Southwest Spit electric buoy (west side), on the following approximate magnetic bearings: Romer Shoal lighthouse, NEWN; North Hook beacon, ISEB/B.

ROSSITER.—Born at Alma, Albert Co., Jan. 29, to the wife of John Rossiter, a son. DUNLOP—On the 1st inst., to the wife of W. G. Dunlop, a son.

Verdiet of Jury in an Exciting New Hampshire Case.

LACONIA, N. H., Feb. 10.—The jury in the Greenleaf murder case returned a verdict of guilty of murder in the first degree at 12.30 o'clock this morning. The jurors came to an agreemen about 8 o'clock yesterday morning, but as it was Sunday they did not make their return to open court until this

[Mrs. Folsom was murdered on the road from Boscawen to Penacook on Oct. 3rd last. She was in her team on the way to the depot to meet her daughter. She was killed by a blow on the head, apparently inflicted by a rock, which had fractured her skull. Suspicion early pointed to Greenleaf. who lived at the alms house, not a great distance away and he was arrested. The state's case was on ciroumstantial evidence based on three strong features - blood stains Greenleaf's clothing, his absence from the alms house about the time the murder was committed, and his ex-pressions of carnal desire towards Mrs. Folsom. The murder provoked such a strong feeling in Merrimack county against the pauper system which permitted paupers and criminals to be kept at the same place that a change of venue was granted Greenleaf for his trial. Accordingly the trial began in Belknap county court here Monday.

THE RECORD BEATEN. The steamship Manchester Commerce, now discharging cargo at St. John, has brought the largest ship ment of dry goods that was ever landed here for any one firm. Manchester. Robertson & Allison have three hundred and fifteen packages of assorted dry goods on board this steamer, the total selling value of which is sixtysix thousand dollars. or an average value of two hundred and ten dollars a package. The duties wil amount to about nine thousand dollars, while the freight is eight hundred dollars. The Sun on several occasions during the past few years had to record importations of dry goods very large by Messrs. M., R. & A., but this exceeds any of them in bulk by about

eighty packages. A few years ago this firm paid near ly fifteen thousand dollars in dutie on a single shipment of two hundred and thirty packages, but that was when both goods and duties were

POINT WOLFE.

POINT WOLFE, N. B., Feb. 7 .- At the recent monthly examination in the school the following were the names and general averages made by the most clever grade five pupils: Annie Haslam, 78; Carrie Alexander, 78; Cassie Alexander, 75; Jennie Haslem, 73;

Emma Hickey, 70. Albert Davis jammed one of his feet very severely last week while working in the lumber wooks. Miss Letitia Alexander is visiting

friends in Alma, An very interesting lecture on British Columbia was delivered in the Orange hall here on Wednesday evening by the Rev. S. C. Moore, an ex-paston of the Baptist Church here. A silver collection in aid of British Columbia missions was taken.

C. P. R. TRADE IS RUSHING

While the \$160,000 I. C. R. elevator is arming cars and waiting for someone to dust it out, the C. P. R. elevator at Sand Point is doing a rushing business. By the last report over 300,000 bushels of grain were in the building and more was waiting on the tracks.

An idea of the business being done at Sand Point this week may be gathered from the facts that there are now on the rails over six hundred carloads of export package freight waiting to be loaded on the steamers, there are at McAdam 323 carleads and every siding along the line is full. Cars are being brought in at the rate of from 150 to 200 per day.

TO INVITE CUBA TO JOIN.

WASHINGTON, Feb. 6.-Representative Newlands of Nevada of the ways and means committee, who was the author of the resolution annexing Hawall, today introduced a joint resolution, inviting the republic of Cuba to become a part of the United States, first as a territory and then as a state of the union, to be called the State of Cuba; also authorizing a 25 per cent. reduction of duty on the present crop of Cuban sugar, in consideration of Cuba's granting preferential rates to the United States.

Gotlieb Bower of Montoursville, Penn., discovered that his 300-pound hog, which went adrift on the recent freshet, had been rescued the attention 92 miles away. The pig reade the journey of 92 miles on a small board platform.

COFFEE EYES It Attacks Many Persons There

To ilustrate how coffee can affect the dince I can remember I have been sub-Ia., are quoted.

"I was brought up to believe that tea was injurious but was allowed to drink coffee from childhood. Ever since I can remebmer I have been subject to severe attacks of headache otherwise my health was pretty good until a short time ago my eyes be came affected; they ached and pained me continually and were often badly inflamed. I also had queer, dizzy feelings in my head almost continually. "One time we were obliged to do with-

out milk or cream for a few weeks, and now be in his 60th year; he was last not relishing my coffee clear I left off its use. In a short time I was surprised to find my eyes greatly improved, and I felt better in every way, still I did not mistrust the coffee, and began its use as soon as we got cream, again. Within a few days my eyes were worse than ever. Then I resolved to quit cof-fee absolutely and take up Postum This I did and my eyes quickly recov-

ered. "My experience shows that while coffee caused headache and eye trouble. Postum Food Coffee does not produce any bad effects whatever and is greatly strengthening and nourishing."

STOLE ONE MILLION.

Vice President of Detroit City Saving Bank

Wrecked the Institution, Which Has Closed Its Doors - Pathetic Scenes as Depositers Learned of Their Ruin.

DETROIT, Mich., Feb. 10 .- Vice-President Frank C. Andrews of the city Savings Bank, which has been in the hands of State Bank Commissioner George L. Maltz since this morning, was arrested late this afternoon and arraigned tonight on the charge of "wilfully, fradulently and knowingly" securing from the bank, without security, and without the knowledge of the other directors, a sum exceeding \$1,-000,000. He was released on \$10,000 bail and his examination was set for Feb. 21. Cashier Henry R. Andrews, through whom F. C. Andrews is said to have secured the money by means of overdrafts and certified checks, is seriously ill at his home, with nervous prostra-

In addition to a total indebtedness to the City Savings Bank of \$1,158,000, to secure which Mr. Andrews has signed over to the institution all his real estate holdings and stocks, bonds and other securities, which it is estimated will total about \$1,000,000, four local banks and a trust company hold his checks, certified to by Cashier Andrews to the amount of \$662,000. A considerable number of these checks are protected by securities deposited with them by Mr. Andrews.

charge of the institution he immediately began an examination of its books. It was found that Cashier Andrews had permitted F. C. Andrews to overdraw his account \$914.000. Other liabilities brought F. C. Andrews' total indebtedness to the bank up to \$1,-158,000. In addition to this, Cashier Andrews had certified to checks for F. C. Andrews, which he had deposited in other banks, to the amount of \$662,000. At the close of his examination, Commissioner Maltz tonight issued the following statement of the bank's con-

dition at the close of business Feb. 8: Resources-Total loans and discounts bonds, mortgages and securities, \$2, 363,092; overdrafts, \$912,852; real estate, \$10,899; cash in banks, \$288,627; other assets, \$18,922.

Liabilities—Stock, surplus and undi-vided profits, \$225,312; deposits, \$3,370,-

The examination showed that the record of F. C. Andrews' transactions was not kept in the regular way, but in a memorandum book. The first record of a transaction between Cashier Andrews and F. C. Andrews is Jan. 11. but the examiners estimate that the transactions have been going on for about six weeks.

The directors issued the following statement is regard to the suspension: "In justice to ourselves, our depositors and stockholders, the undersigned directors of the City Savings Bank make the following statement:

lowed Frank C. Andrews to overdraw his account in the sum of \$900,000, and also had certified said Frank C. Andrews' checks for over \$700,000, all of which checks were outstanding.

The bank was immediately put into the hands of the banking commission er and we set about to get all the securities we could. Frank C. Andrews has turned over to the bank a large amount of securities frim which hope to pay our depositors in full. The banking commissioner has deem-ed it the wisest policy to close the

bank for the present for the best interests of all depositors. Outside of Frank C. Andrews' indebtedness and checks, the bank was never in a bet ter condition.

The city savings bank was the depository for the funds of the county auditors; their balances there being more than \$150,000, and F. C. Andrews was arrested this afternoon on a complaint sworn out by auditor Christian, after a long conference between the auditors and Prosecutor Hunt. The warrant was served on Andrews, who is commissioner of police, by two of his detectives, in the office of the Detroit Trust Co., where he had been in consultation with officers of the banks holding his certified checks. The city savings bank was also the depository for the board of education, which had a total of \$467,000 on deposit. Other local banks will temporarily advance funds to the board of education for

salaries and running expenses. There was nothing like a panic at any of the other banks in the city and comparatively few deposits were withdrawn as a result of the excitement. At the Gratiot Avenue branch of the City Savings Bank, which drew its deposits largely from the laboring peo ple, there were many pathetic scenes as the depositors learned that the bank had suspended. Officers were in the vicinity to quell any disorder, but their services were not necessary at any time.

WHERE IS JOHN LAWLOR? The following appears in a recent issue of the Boston Globe: "Information is wanted as to the whereabouts of John Lawlor, son of the late William Lawlor, lime burner, of St. John, N. B. John Lawlor, if living, would seen by any of his relatives about 20 years ago in Boston; he was then living in Lynn, working at his trade as a machinist, making dies for cutting shoe leather; he was a married man, but had no children. Any information concerning him will be gratefully redeived by his brother. Address Peter Lawlor, Golden Grove Road, St. John County, New Brunswich, Canada."

MONACO, Feb. 10.-Santos Dumont today made his third trip over the The aeronaut made evolutions bay. complete success for thirty minutes, and returned to his starting place amid the plaudits of the great crowd Secretary of the All Late What is

CASTORIA

Castoria is for Infants and Children. Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other Narcotic substance. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays Feverishness. Castoria cures Diarrhœa and Wind Colic. Castoria relieves Teething Troubles, cures Constipation and Flatulency. Castoria assimilates the Food, regulates the Stomach and Bowels of Infants and Children, giving healthy and natural sleep. Casteria is the Children's Panacea-The Mother's Friend.

Castoria.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me that I recommend it as superior to any present good effect upon their children."

Immigrant Special Derailed - One Killed and Twelve Slightly Injured-

The west-bound immigrant special ver the Canadian Pacific was wrecked at 2.15 o'clock yesterday afternoon, two miles east of Moosehead, and one ooy eleven years of age, was killed, while twelve other passengers were slightly injured. All, including the injured, were able to proceed on their way west by another extra during the evening. The passengers were Swedes from the steamer Ionian.

The first reports that came in of the accident greatly exaggerated the trouble. Doctors were sent by specials from neighboring towns and many relief measures were taken which were afterwards found unnacessary. A wrecking train was sent out from Brownville and Supt. Oborne ed for the first time that Henry R. | accompanied by two nurses, Miss Wilscene of the accident by the Boston express at 4.10 yesterday afternoon, continuing by special from Mattawam-

No details have been received of the cause of the disaster, except the report that it was due to the breaking of a wheel on the rear car, which jumped the rail and drew the rest of the train with it down an eight-foot

embankment. LATEST.

GREENVILLE, Me., Feb. 11, 3 a. m. -The name of the 11-year-old boy killed in the wreck two miles east of Moosehead, is Johan Laurila. He was destined to Pebbing, Minnesota, and was in charge of his eldest brother. Fifteen passengers were injured and the most serious was a collar bone broken. The derailed cars will be picked up this morning.

HONOR FOR AN N. B. BOY. Son of Hon. L. P. Farris Wins Distinction at University of Pennsylvania.

In open competition of the University of Pennsylvania last week, J.Wallace deB. Farris, son of Hon. L. P. Farris, won the Frazier prize of \$75 awarded to the best debater in the university for the year. He was also selected as leader of the team of three which will represent Pennsylvania in their annual debate with the University of Michigan, which takes place on March 7. As both the prize and the position are among the most eagerly coveted awards in the gift of the university, the honor won by the young provincialist is far greater than that represented by the money value of the prize.

Mr. Farris, who is a member of the third year law class at U. of P., is a graduate of Acadia College, '99. While there he distinguished himself greatly as a debater, being a member of winning teams in the forensic contests of that college with Dalhousie and Kings. After obtaining his law degree in June next he plans to cast in his lot with the legal fraternity of St. John, among whom his undoubted gifts should win him a high place.

SHIP "HARD AGROUND

distressing skin disease had distressing skin disease had well nigh wrecked his good ship "Health," but Dr. Agnew's Ointment came to the rescue and it's timely aid relieved the distress and brought him safe to land.

C. H. Howard, a prominent steamboat man, of Rangeley, Maine, writes:—"Enclosed find thirty-five cents for a box of Dr. Agnew's Ointment. I bought a box in Portland recently for a distressing case of skin disease, and it did me so much good that I want to try another box. It is the only remedy that has ever given me any relief and I believe it will cure me" 35 cts. 31 SOLD BY M. V. PADDOCK. SILLY ATTEMPTS

To Make It Appear That Germany and Not England

Was the Friend of the United States in the Critical Period of the War With Spain.

BERLIN Feb 10 -The official North Corman Gazette this evening says Lord Pauncefote's proposals, April 14, 1898, to send a col-lective note to the government of the United States declaring American intervention (in Cuba) to be unjustifiable, is a historical fact and proceeds to characterize as absurd the "attempt now being made to obscure and dispute an event which did not occur in the presence of the representatives of only two all the powers at Washington, after reaching an agreement, reported to their respective governments, April 14, 1898, simultaneously and identically."

The German official declaration in the

North German Gazette is a direct

North German Gazette is a direct consequence of the incredulity expressed by American and English newspapers regarding the disclosures from here of the action of Lord Pauncefote of April 14, 1898. If this declaration is replied to by Great Britain, the documents relating to the matter will undoubtedly be published.

The correspondent here of the Associated Press learns that a transcript of the despatch from Dr. Von Helleben, the German ambassador at Washington, communicating the propósal of Lord Pauncefote, was sent to Emperor William immediately after its receipt and that the emperor annotated his ceipt and that the emperor

Emperor William immediately after its receipt and that the emperor annotated his flat refusal on the margin of the message. The informant of the correspondent added:

"But for the action of Emperor William Lord Pauncefote's proposal would have been accepted by the other powers."

The German government considers that although its attitude is no more than correct, it is quite unwilling that its course should be misunderstood.

LONDON, Feb. 10.—The efforts of the German official and semi-official press to reopen the controversy concerning the attitude of the powers toward the United States prior to the Spanish-American war are rapidly leading to complications which at least will be entertaining and which possibly may have important developments.

Henry Norman, M. P. (who Jan. 20 first interpellated Lord Cranborne, under-secretary for foreign affairs in the house of commons on this matter) will ask Lord Cranborne tomorrow whether a strention has been called to the statements made in the German press and alleged to have received official confirmation, to the effect that Great Britain, April 14, 1898, through her ambassadors, proposed a fresh joint note in which the powers should declare that Europe did not regard the armed intervention of the United States in Cuba as justifiable, and that in consequence of Germany's refusal to accept this proposal the step was abanthat in consequence of Germany's refusal to accept this proposal the step was abandoned.

Mr. Norman will also ask whether Lord Cranborne can make any statement on this subject.

Cranborne can make any statement on this subject.

The Associated Press is in a position to say that if the cabinet agrees to allow Lord Cranborne, of make a frank answer to Mr. Norman's diestions he will not give anything but a flat denial to the allegations of the German press. If Lord Cranborne accepts Mr. Norman's invitation to make a further statement on the subject, it is probable that it will be a guarded reference to the unofficial pour parlers which took place among the diplomats at Washington prior to the declaration of war, and of which the foreign office has no official record.

According to the foreign office, it is inconceivable that Lord Pauncefote could have entered into any such negotiations as are suggested by the German press and much less instigated them.

However, if the reply regarding this phase of the affair is made, it is not likely to be too definite on account of the palpable anxiety exhibited here to make Germany produce those documentary proofs which she is alleged to have up her sleeve.

THE KING VACCINATED.

The London Mail of a recent date speaking of the precautions being taken against smallpox, says: "The King himself was vaccinated before he went to Sandringham, but his arm has not been very inflamed. The Duchess of Connaught has been vaccinated no less than three times, as the first and second time there scarcely any result; while the third time was so successful that she is only now recovering from rather a bad arm. More people are being vac-cinated than ever before, and it is quite the exception now to meet any one who has not undergone the inconvenient operation. Moreover, so deepseated is the conviction that this is a very necessary precaution that a num-ber of well-known people have been vaccinated more than once.
