## THE GRANITE TOWN GREETINGS

### A Boon to Stock-Raisers

To Know How to Make Colic, Distemper, Cough, Croup, Hoarseness, Etc., - Save Your Horses' Lives.

It is a well known fact that colic, distemper, cough, croup, hoarseness, etc., are the most common and dangerous diseases to which horses are subjected.

The letter of Mr. J. H. Fullerton, which we print below, contains information of inestimable value to stock-raisers in curing ailing stock during the past thirty-eight years.

Several years ago when my horses took colic I used to give them Cayenne Pepper on hot milk but in a few cases only did it help, and I used to find myself means at hand I lost several valuable animals.

Some one told me of the success Mr. Wendling of Brockville, Ont., had in his racing stables with "Nerviline," so I laid in a supply. It wasn't very long before Nerviline saved the life of a valuable stallion of mine, which was worth at least \$1,000.00. This horse was taken with colic, and would have died had it not been for Nerviline. I have used Nerviline for swellings, for taking out distemper lumps, and easing a bad cough, and always found it worked well. I recommend every man who owns horses or colts to keep Nerviline on hand.

Mr. Fullerton is one of the best known residents of Stourton, and his recommendation as an experienced and practical horseman proved beyond question how valuable Nerviline really is.

Give Nerviline a trial. It's good for man or beast internally or externally. In two or three days, and 25c at all dealers or The Catarthone Co., Kingston, Ont.
