where they can be moved quickly.

High administrative officials do not expect critical developments, but they are prepared for any emergency. Secretary Bryan, who is ill, had intended to leave tonight for Florida. He cancelled his reservation, however, and announced that he would stay in Washington indefinitely.

Senator Shively, acting chairman of the senate foreign relations committee, had a long conference with Mr. Bryan and called at the White House as well. He said that at the regular meeting of the committee tomorrow he would transmit all the information he had obtained today.

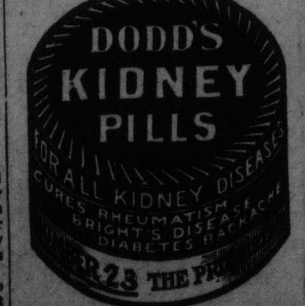

The Facts of the Case.

The status of the case as summed up by the cabinet officers and other officials familiar with the messages that have been passing between Rear Admiral Mayo, Charles O'Shaughnessy and the Washington government, was described as follows:

Assistant Paymaster Chas. C. Copp and a host of other marines landed at

Tampico last Thursday to obtain supplies. They were arrested but later discharged. In accordance with regulations in all navies of the world Rear Admiral Mayo on considering that an unwarranted arrest had been made and that the uniform of the American navy had been disregarded demanded reparation in the form of a salute of twenty-one guns.

The American flag, while not taken ashore, was flying at the stern of the whaleboat and all the marines were in uniform. Rear Admiral Mayo allowed the Huerta commander until six o'clock that evening to fire a salute but later extended the

time in order to afford the local commander an opportunity to communicate with his superior officers in Mexico City. A statement or apology was issued in Mexico City by General Huerta and the local officer who arrested the marines was ordered punished.

This did not satisfy the United States government and the salute was insisted upon. General Huerta himself at no time agreed to comply, but an under secretary in the Mexican foreign office did inquire of Charge O'Shaughnessy if a salute fired to the gunboat Dolphin and responded to by the American ship would be acceptable. This was emphatically rejected by the United States, and word was sent that nothing short of a public salute to the American flag would be satisfactory.

Lind For Forceful Move

This was the salute laid before the cabinet today by the president. There was a disposition on the part of some administration officials to wait for more facts and do nothing until an investigation had been completed.

Others suggested that Huerta would evade the issue and delay and that prompt and vigorous action was necessary. John Lind it is understood, had in his conference with the president and Secretary Bryan, counselled a forceful move. For two hours the cabinet discussed the pros and cons and the possible consequence of dramatic action and the plan of sending the fleet as a warning to Huerta of the lengths to which the Washington government was prepared to go to enforce its policy was unanimously adopted. There was no previous intimation that the naval demonstration would be ordered, but this as well as other moves had been discussed on many an occasion in the past.

No Change in Policy Imminent

Cabinet officers and others were insistent that no change in the general policy toward Mexico was imminent and that so far as possible the factions would be left to fight their battles unhampered by American interference.

News of the despatch of the fleet to Mexican waters was received in Congress with general satisfaction. Many Senators and representatives expressed themselves in sympathy with the action of the administration in ordering more ships to Tampico, but declined to be quoted in view of the uncertainty as to what might ensue.

Rear Admiral Mayo, through Rear Admiral Fletcher at Vera Cruz, late today sent this report to the Navy Department:

"The attack of the Constitutionalists on Tampico is undoubtedly over, and the refugees who were taken on board battleships at Tampico are now being landed."

AMERICAN DRAMA.

The first regular theatre in America was opened in Philadelphia 150 years ago today with a performance by the English company brought to the colonies by Mr. and Mrs. Lewis Hallam. There was bitter opposition to the erection of a playhouse in the Quaker City, but permission was finally obtained on the condition that the actors offered "nothing indecent or immoral." The American stage was doubtless established by the Spaniards in Mexico, but the first theatrical performances of which anything definite is known were given by French amateurs in Quebec in 1694. The first English dramatic performance in the New World was given by Moody, an English actor of Irish characters, in the Island of Jamaica in 1748.

Ottawa, April 14.—Hon. T. W. Crofters, Minister of Labor, who developed streptococcal, some days ago, and has been somewhat seriously ill, is now reported to be convalescing, although he will be unable to resume his ministerial duties for some time yet.

Owing to his illness and to the desire of the government to shorten the session as much as possible, the labor legislation extending the scope of the industrial disputes and investigation act, promised for this session, will be deferred until next session.

### SEEDING BEGUN IN WESTERN PROVINCES

Expect Will Be in Full Swing by April 20 in Saskatchewan — Good Start Made in Manitoba.

Regina, Sask., April 14.—In the province fifty per cent. of the crop acreage is ready for seeding now and has started in parts, but will be general about April 20. The crop acreage will be five per cent. larger this year than last. Fifty per cent. of the land is ready for seeding, about forty-five per cent. having to be spring-ploughed and about seventeen per cent. will be put in on stubble land.

Winnipeg, April 14.—Pine weather for the past few days, with drying winds and beaming sun, have made many of the farms in certain sections of the west, ready for the reception of the seeds. Reports are coming in from various places of the beginning of seeding. These sections of the west where the land is rich and rolling will, unless a belated storm breaks soon be in the thick of the great initial campaign of the agricultural year.

To the Electors of the City of St. John.  
Ladies and gentlemen.—For the magnificent vote tendered me in the primary election, I desire to convey to you my sincere gratitude. It was a tribute unexpected and I fear undeserved. But in so far as lies in my ability I have endeavored honestly to conduct the affairs of my department in a manner to meet with your approval and I am pleased to learn that you have recognized at least the intention of my endeavors. In the approaching final election I trust that you will be able to honor me with a renewal of your confidence assuring you that my efforts to conduct a satisfactory administration of the department under my control will be in no way diminished but rather augmented by reason of the very generous verdict of approbation which you have already given. Yours sincerely,

### ELECTION CARD

To the Electors of the City of St. John.  
Ladies and Gentlemen.—I desire to express my sincere appreciation of the very gratifying support accorded me in the primary election of Tuesday. May I voice the hope that in the final you will by your ballots permit me to serve your wishes for a further period. In returning me to office, and that your opinion as expressed at the polls on Tuesday may be accepted as satisfaction with the manner in which my duties have been performed in the past.

In the department over which I have had the honor to preside I have tried to meet the demands of the public as well and faithfully as my abilities and the facilities at hand enabled me to do.

The policy of improving our streets with permanent pavement and sidewalk regulations I will continue to urge and popularize. Daily committee meetings are most essential to and should be revived. The Assessment Act should be readjusted so as to meet present day objections.

Should you again express your confidence in me by placing me in office I will do my best to justify your support and to conscientiously discharge my obligations and responsibilities which your trust will impose upon me without fear or favor. I have the honor to remain,  
Your obedient servant,  
M. E. AGAR.

## IMPERIAL HAS ZOLA'S "GERMINAL"

Broadway Theatres Charging 50c. and \$1.00 to See It!

"GERMINAL" IS A FIVE-REEL PICTURE. It is a tremendous story. Emil Zola was a writer on big subjects. "Germinale" is one of them. The story is French—the French laboring classes. It is bold, trenchant, compelling. It glazes over nothing but tells the stern naked truth. There are soul-stirring scenes throughout the long story, not mere melodramatic climaxes familiar in ordinary films but deep serious incidents striking at the very core of wrongs. The players are all Parisian stars, the lesser actors and actresses of first-class picture companies. The ensemble—hundreds of people—are perfectly trained. Nothing has been spared in making "Germinale" truly Zola-like in quality and when entrusted to that marvelous firm, Pathé Freres, much can be expected. If you think deeply, if you like an occasional glimpse at the more sordid, the more real side of life, see this play. If you don't, better wait for the next programme Friday—its Kathya.
