GREEK FOREIGN POLICY STILL UNDECIDED

KING CONSTANTINE AND GREEK PREMIER CONFER ON FOREIGN SITUATION

Announcement of Definite Policy Likely to Follow Conferences—Russia's Reverses Strengthen Anti-War Party's Position—Bulgaria Key to Whole Situation.

Athens, Sept. 9, via Paris, Sept. 10.—The conference begun today between Premier Venizelos and King Constantine probably will be protracted over a considerable interval. Until these discussions have been completed, it is improbable that Greece will adopt a definite policy in regard to the international situation.

Diplomatic representatives of Austria and Germany are disturbed by this evidence of a forthcoming decision concerning the nation's foreign policy.

Nevertheless the task of the premier, whose inclination towards the Entente Allies is well known, has been made more difficult by the recent reverses of the Russians, which seem

to have strengthened the position of the party which is opposed to intervention in the war and to have raised grave doubts in the popular mind regarding the strength of the Allies.

Some irritation has been produced, moreover, by what is regarded as the attempt of the Allies to influence Greece unduly to make unwelcome territorial concessions to Bulgaria. This feeling is being counterbalanced to some extent, however, by the indignation aroused by the reported ill-treatment of Greeks in Turkey.

Apprehension concerning the policy of Bulgaria may be described as the key to the situation. Any suggestion that Bulgaria be strengthened seems to blind the Greeks to all other considerations.

WIRELESS SAVES BRITISH STEAMER FROM SUBMARINE

Str. Orania warned of presence of "U" boat off Cape Finister puts back into Corunna, Spain.

Corunna, Spain, Sept. 10.—The British steamer Orania has returned to this port after having received notification by wireless shortly after sailing that a German submarine was off Cape Finisterre.

The steamer sighted a sailboat with twenty or more persons on board, who supposedly were from some steamer that had been torpedoed, but the Orania kept on her return course without approaching the small craft, suspecting a German trap.

NORTH SHORE MAN KICKED BY HORSE FATALLY INJURED

Peter Richard victim of accident—Lived only few days after being injured.

Rexton, N. B., Sept. 9.—Mr. and Mrs. Alexander Macgregor, of Upper Rexton, very pleasantly entertained a number of friends Monday evening with a dance in honor of their guest, Mrs. James Macgregor of Rumbold. The affair was in the form of a masquerade. A large number from Rexton attended.

The ladies of South Side, Rexton, held a social in the public hall Friday evening in aid of the Machine Gun Fund. Ice cream, candy, flowers, cake and coffee were sold; the receipts amounted to about sixty-five dollars.

A sad accident occurred at St. Charles a few days ago which caused the death of Peter Richard, a well known and prosperous farmer. Mr. Richard hired a neighbor's horse to take a load of produce to Chatham and when he was hitching the horse to the truck, he pushed the animal on the hip to make him go into the shafts, the animal at once kicked striking Mr. Richard in the abdomen. He only lived four days. He is survived by a widow and two daughters.

BRITAIN'S STATUS AFTER WAR BETTER THAN OTHER NATIONS

Special Committee Studying effects of War on credit and finance, says U. S. will come off best.

London, Sept. 10, 148 p. m.—The United States will have the cream after the war. Great Britain will have to be content with milk, and the other belligerents with skimmed milk. This sums up the report presented today to the British Association by a special committee appointed to study the effects of the war on credit and finance.

The committee expressed the opinion that Great Britain would emerge from the war in a better position than the other belligerents, as the latter apparently are not meeting any part of the cost of the war, or interest on war loans, out of current revenues. Nevertheless, the war will certainly place this country in a disadvantageous position, the committee finds, as compared with the United States.

PREMIER IS HELD UP BY A ZEALOUS GUARD

Policeman fails to identify Premier, but Hon. Mr. Reid comes to Sir Robert's aid.

Special to The Standard.

Ottawa, Sept. 10.—Sir Robert Borden was the victim of a holdup in the East Block tonight. The prime minister was leaving the building, in which his office is situated with Hon. Dr. Reid, and at the door a burly Dominion policeman let the minister of customs pass with a nod but said to the prime minister: "What's your name?"

"R. L. Borden," replied the premier, modestly.

The minion of the law seemed disinclined to take the word of the premier, and Dr. Reid had to come laughing to the aid of his chief and vouch that he was neither a German spy nor a secrete of bombs. Sir Robert enjoyed the incident immensely and complimented the policeman on his watchfulness.

BRITISH TRADES UNION CONGRSSS TURNS DOWN PEACE RESOLUTION

Bristol, Eng., Sept. 10.—The Trades Union Congress, representing more than three million organized English workmen rejected by an overwhelming vote today, a resolution calling upon the parliamentary committee of the labor party to formulate and advocate terms of peace satisfactory to the working classes.

The sponsor for the defeated resolution said that such a move already had been made by German workmen, but this argument brought him no supporters.

Ramsay MacDonald, labor member of parliament, in an address to the congress denied that he or any other member of the labor party in the House of Commons had ever counselled British workmen to shirk their duty. Such an assertion, he added, was malicious and nothing but a pervasion of a simple declaration that the labor party should look out for itself. The duty of every citizen, he said, was to defend the national honor.

AN ARMY OF RECRUITS IS LONDON'S ANSWER TO ZEPPELIN RAIDS ON CITY

London, Sept. 10.—The answer of the people of London, and in the London district, to these exercises in frightfulness may be given in an episode mentioned in the Manchester Guardian, says the Spectator in commenting on the Zeppelin raids of Tuesday and Wednesday nights. "A recruiting sergeant has been addressing crowds from a platform made from debris of ruined houses and the results have been excellent."

The Daily Mirror says the reply of London was a great army of recruits. A large number of volunteers presented themselves at Trafalgar Square and in every part of the country, men flocked to the colors.

The Evening Standard expressed the hope that the government will announce its determination to hold the head of the German aircraft service personally responsible for the death occasioned by the Zeppelin raids.

The Globe and other newspapers take the view that every air raid on London or other English cities should be followed immediately by attacks on such German cities as Cologne, Strassburg, Karlsruhe and Dusseldorf, which are within each reach of Belfort, France.
