St. John Y. M. C. A. Won in Moncton

Saturday Night the Local Seniors Journeyed to Railway Town and Won First Match of Series for Championship.

Victory was with the St. John Y. M. C. A. Seniors in Moncton last Saturday, when they won the first of a series of home games to be played for the Y. M. C. A. Provincial Championship with majority of nineteen points.

The Red Triangle boys from the Railway city started the game in their characteristic manner, a full head of steam and the throttle wide open. As the St. John boys were playing a new man in the place of the old reliable Marquette, who is still suffering from an ankle sprained in a recent game, the whirlwind pace had their new line up guessing for a while, but after Moncton had scored for five baskets in the first eight minutes of play, Willet scoring on a foul, started a few alterations on the score board, the rest of the team got the habit and Malcolm came right back with two goals for St. John. Fast combination from centre enabled Willet and Nixon to tie the score. The two teams then settled down and close checking held the score unchanged for practically the rest of the period, Malcolm beating the whistle to one more addition, the half ending 13 to 10 in favor of St. John.

Moncton was forced to change its lineup just before the end of the first half when Triton left the floor and was replaced by Grant.

Nether team was able to score in the first five minutes of the second period. Then Morton banked in one more for St. John; McWilliams duplicated and brought the crowd to their feet with a very pretty shot for Moncton; Malcolm and Morton shot in a few more for St. John, and from then to the end of the game the Moncton net was rained with shots, but the strangers seemed lost on the new floor and failed to increase their already large lead. The game ending 33 to 14, with St. John leading nineteen points.

Marshall and Nixon, the St. John defense, played good ball, holding their checks close. Triton for Moncton, and Malcolm and Morton for St. John, were the high point getters of the evening.

The lineup of the two teams was as follows:

Moncton: Forward, St. John; McWilliams, Triton, Malcolm; Centre, Triton; Defence, Morton; Hutton, Nixon, Marshall.

The substitutes were Grant for Moncton and Swetka for St. John. George Sinclair, of Moncton, proved a satisfactory referee.

Fans Broke Up Exhibition Game

One Man Started Across the Field to Shake Hands With "Babe" Ruth and Thousands Followed, Delaying the Game.

New York, April 11.—Several thousand fans broke up an exhibition game between the New York Americans and the Brooklyn Nationals on Ebbets' Field today in a great demonstration for "Babe" Ruth, home run king of baseball.

With the score 11 to 9 in favor of the Yankees, two out and Myers of Brooklyn on first in the ninth, a fan started across the field to shake hands with the premier long distance hitter who had knocked out a three base hit and a single and had scored three runs during the game. Before he could be stopped several hundred other fans started to follow him and after a minute's delay, during which the players, umpires and police tried unsuccessfully to clear the field the game was called. Score: New York Americans 11 15 3 Brooklyn Nationals 9 3 2 Quinn, Shawkey and Ruel; Smith, Mammeaux, Mohart and Krueger, Taylor.

St. John Man Does Well At Toronto

O. J. Killam Shot Well at Toronto Beach Club Weekly Shoot Saturday—Olympic Trials Will be Held in Maritime Provinces.

Montreal, April 11.—At the Toronto Beach Club weekly shoot on Saturday, O. J. Killam, of St. John, finished fifth in the first half of the programme, but in the last half finished first, breaking seventy-two out of the seventy-five targets.

In the doubles, with two in the air at once, Mr. Killam finished third, breaking sixteen out of twenty. There were thirty-five competitors including the best Toronto shots.

The trials for places on the Olympic team will be held in the Maritime Provinces as well as in Upper Canada.

Amateur Clubs To Meet At Truro

President Corey, of the M. P. B. A. A. U. of Canada, proposes to hold a meeting of his association at Truro, the latter part of April, when the friction between his union and some of the maritime clubs will be settled. This meeting is open to all interested in athletics and it is the duty of every town and city in the maritimes, to have representatives at the meeting.

This summer is expected to be a banner one for amateur sport, as on all sides, the cry is being heard for the summer pure brand of pastime. Some of the clubs in outside towns claim that they have not had a chance to put their cases before the president of the association. This may be their chance to state fully their troubles, and it is up to all clubs and towns to have representatives at the coming meeting.

TURNING PROFESSIONAL. St. Paul, Minn., April 11.—Everett McTowen, of St. Paul, amateur speed skating champion of Canada and the United States has decided to become a professional, it became known here today.

England And Scotland Play

Great International Match on Saturday Was Won by England—Championship Honors Now Left With Wales.

London, April 11.—(Canadian Associated Press)—The Association games on Saturday were dominated by a great international match between England and Scotland on Sheffield Wednesday's ground. This remarkable match resulted in a victory for the home even, five to four. Had Scotland won the match, the championship would have been won by C. S. Dowson, of the Queens Park Harriers in 53 minutes, 50 seconds and the ten miles running championship was won by C. T. Gibson, of the Birchfield Harriers in 33 minutes, 53 seconds.

The billiards professional championship is now in progress with six entries, though the absence of Inman robs the contest somewhat of interest. The first heat between Newman and Reece occurred last week and this week Stevenson, a former champion, and Alkon will perform. Newman, a younger and less experienced performer than Reece, played very finely throughout and won his heat easily.

A Way to Dainty Teeth

To Safer, Whiter, Filmless Teeth

All Statements Approved by High Dental Authorities

See How Teeth Glisten When the Film is Gone

The results of Pepsodent show clearly in white, glistening teeth. You can see them everywhere, for a million folks now employ it. You can see them on your own teeth when you remove the film. And that's the purpose of this ten-day test.

Film on Teeth Is What Wrecks Them

Dental science has found that most tooth troubles are due to a slimy film. You can feel it with your tongue.

That film clings to the teeth. It gets between the teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary dentifrice cannot dissolve it. So its damage is unceasing.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

That is why brushed teeth discolor and decay. Why tartar forms and pyorrhea starts. You may remove the debris, but the real cause of tooth troubles—the clinging film—is largely left to do its damage.

Now dental science has found a way to combat that film, after years of searching. We ask you to accept a ten-day test and see the results for yourself.

Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The purpose of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual agent is an acid harmful to the teeth. So pepsin long seemed impossible.

What science has now done is to invent a harmless activating method. That method is employed in Pepsodent. The result is a tooth paste which will do what nothing else has done. And five years of tests seem to clearly prove that it opens a new dental era.

Pepsodent has been submitted to every form of clinical and laboratory test. Dentists everywhere have watched its effects and now urge its daily use. This week we offer a test to you, and we ask you to accept it.

Look in Ten Days

We urge this test for your sake and your children's sake. Children have most to gain from cleaner, safer teeth. Try to avoid the troubles we have had.

Present this coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

A book comes with the sample tube, explaining the results. Learn the reason for them. Compare them with the results of old methods. Then let your own good sense decide what method to employ.

This test is of lifetime importance, both to you and yours. It has shown at least a million people the way to whiter, safer teeth. Someone in your home should make it. Cut out the coupon so you won't forget.
