Soviets Insuring Delegates' Return

Genoa Representatives Must Leave Families and Goods as Guarantees.

Moscow, Mar. 2—In order to insure the return to Russia of the delegation sent to Genoa, only those persons who have families or possessions that may be considered good hostages or guarantees, will be allowed to go there.

The Soviet has had too many examples of its agents willing to work abroad, but unwilling to return. Several Government agents will accompany the delegation under the guise of secretaries to insure the good conduct and return of the delegates.

The example of the death of M. Bravin by assassination in Afghanistan last summer is held as a warning to slackers that the Communist discipline will be upheld and that its arm is long. Bravin, a Bolshevik leader, went there as ambassador, with 2,000,000 gold rubles, but declined to return when ordered. It was believed that he had entered into close relations with British agents, or that he wished to keep a part of the gold.

Harry Wills Was The Winner

New Orleans Artist Put "Kid" Norfolk of Baltimore Away in the Second Round.

New York March 2.—Harry Wills heavyweight fighter of New Orleans, tonight knocked out "Kid" Norfolk, of Baltimore, in the second round of their scheduled 15 round bout in Madison Square Garden. When they came out of their corners in the second, Norfolk went into a clinch and a moment later fell backwards to the floor, taking the full count.

No one at the ringside saw theblow that felled him. After the count he walked to his corner and did not seem hurt.

Willis said the blow was a short inside right to the jaw.

Referee Kid McFarland told newspapermen that he saw the blow delivered and that it did not travel more than six inches.

The crowd expressed its disapproval of the manner in which the match was terminated. It did not appear to them that Norfolk had been hit. To prove that he really went down under a powerful punch Norfolk displayed a deep cut in his mouth caused by the blow.

In the first round Norfolk took the aggressive and swung a left to Wills' head. Wills returned a straight right to the chin and followed Norfolk into a corner, landing a left to the jaw. They sparred for an opening. Wills landed a light left to the body and Norfolk fell heavily to the floor when he missed a long right swing to the head. Wills landed a left to the jaw at the bell.

In the second, they met in a clinch and after a short interchange Norfolk fell away from Wills landing heavily on his shoulder after twenty-six seconds of fighting.

Willis said he had floored Norfolk with a short left to the body and an inside short right to the jaw.

Dalhousie Team Arrive Here Today

Halifax Basketball Team Play Fredericton This Evening—Battle the Trojans Saturday Night.

The Dalhousie basketball team, of Halifax, arrived in town this morning on their way to Fredericton, where they play U. N. B. this evening, returning to St. John tomorrow noon to play the Trojans in the Y. M. C. A. Saturday night. The visitors have made quite a name for themselves this year in the Halifax City League, and their game tomorrow night against the Trojans, who are now playing better than ever, should prove a real thriller.

The captain of the Dalhousie team, "Ted" Coster, needs no introduction to local fans, as he has played here several times against local teams. Another familiar figure among the visitors will be Gordon Wilson, a local boy whose playing has greatly improved since he was seen with the St. John High School a few years ago. Wilson will play forward and Coster defense. The other members of the "Dal" team are mostly strangers to St. John, which will naturally add a certain amount of interest to the game.

The Trojans have won all of their last five matches and are playing a far greater game than ever before. Frank Garrett, who expects to be in town for the week-end, will add strength to the local team.

On paper, the Trojan-Dalhousie game looks to be a worth-while event in basketball.

France's Recovery May Not Endure For Very Long Time

Paris Attributes Recent Improvement to Psychological Causes—Not Hopeful.

Paris, March 2—It is still felt in banking circles that the recovery of the franc on foreign exchange is mostly a result of speculative transactions. These, however, have been principally brought about by the more favorable impressions of business men and the general public, especially in America, concerning the European situation and particularly that of France.

But the situation has not greatly altered here. The decrease in the currency is still ascribed largely to diminishing requirements as a result of the trade reaction and the treasury's floating debt grows continually larger. Imports into France have also increased during the past few months and we must expect this to continue; also the pounds and dollars accruing from the loan raised by the department of the Seine have been taken over by the Treasury and will certainly not come on the market.

This will also probably be the case with the proceeds of the $5,000,000 loan which the Paris, Lyons and Mediterranean Railway has just arranged in London. The causes for the improvement of the franc are, therefore, described as psychological rather than material and that is the reason why our market still fears a sudden reversal of conditions such as has already been experienced many times. In any case the decline in the dollar at Paris must not be attributed to the fact that France is making fewer purchases in the United States. The foreign trade balance must be taken as a whole and not in regard to any one country. If that balance as a whole shows improvement the franc will continue to rise in terms of the dollar; but that in the view of financial Paris, would be because the dollar now represents the gold standard.

Up to the present time the recovery in the exchange has not had much effect on the domestic prices, especially retail. However, the announcement was officially made on Saturday that interest on bonds "de la defence" will be reduced by one-half of one per cent after March 12, and the Bank of France will than perhaps reduce its official rate by the same percentage.

It is difficult to say whether the gold shipments from France to America will continue and in what amount. The belief on this market is that the nearly $300,000,000 gold thus shipped in 1921 represented original Russian holdings, and it is recognised that in any case all gold coming from Russia must go to New York, because of the high premium at which American exchange stands in the European markets.

The high rate on Swiss exchange has caused a good deal of surprise, since it in no wise corresponds with Switzerland's foreign trade position. In Paris the only explanation is that the Swiss banks hold on deposit an enormous quantity of foreign securities belonging principally to French and German proprietors who do not withdraw from Switzerland the greater part of the proceeds of the coupons cashed for that account. Switzerland, therefore, finds herself practically in the position of a country holding very large investments in foreign securities, and its income from these securities more than compensates for its adverse balance of foreign trade.

Play For The Allan Cup Series

St. Ann's Team Ordered to Quebec to Play Sons of Ireland—Matter is in Dispute.

Montreal, March 2—At a meeting of the Quebec Amateur Hockey Association held here today, the St. Ann's team were ordered to go to Quebec Saturday to play the second of their home and home Allan Cup series with Sons of Ireland. The vote went against them by 6 to 5.

Johnny Lynch, manager of the St. Ann's team, after the meeting, stated positively that St. Ann's will not go to Quebec because he would only have two regular men left, since the rest of the team were also in the Royal Bank hockey team and had refused to make the journey in view of an important bank hockey league game here Monday.

Billy Miske Put Roberts To Sleep

St. Paul Heavyweight Put New York Fighter Away in Second Round in New York

New York, March 2—Billy Miske, St. Paul heavyweight, tonight knocked out Al Roberts of New York in the second round of their scheduled eight round bout in Madison Square Garden, preceding the Willis-Norfolk contest.

Farmer Lodge of St. Paul, stopped Paul Sampson, New York, in the fifth round of their bout. The referee stopped the contest when Sampson's jaw was dislocated by a right uppercut. The men are heavyweights.

Jack Reeves, San Francisco and Mike Burke, New York light heavyweights boxed an eight round draw.

Collegians Won From Fredericton

In Post Season Hockey Series Last Night the Score Was Four to One.

Special to The Standard.

Fredericton, March 2.—University of New Brunswick, in the post-season series of hockey matches defeated Fredericton 4 to 1 tonight. The collegians had the game well in hand all through. Lister was in the net for U. N. B. instead of MacKenzie, and Carten was on the Fredericton defence instead of Bidlake, otherwise the teams were the same as before. Boudreau scored Fredericton's only goal early in the second period. For U.N.B. Lounsbury scored three and Fleet one.

St. John Team To Play The Indians

The regular St. John hockey team has accepted the challenge of the West Side Indians and the two teams will play-off on the ice of the East End hockey rink next Saturday afternoon at three o'clock for the city's hockey title.

The Indians are confident of securing the title for the West Side as they intend putting their entire lineup into the game, something they were unable to do at the last game between these two teams. Their lineup includes several fast French-Canadian players and other likely material from Montreal. The members of the team are: Dupuis, Blanchard, Doyle, Boudreau, Downey, LeBlanc, Burns and Kilpatrick.

Carleton Won From St. Andrews

Five Rinks a Side Curled Last Night and the West Enders Won by Score of 84 to 63.

The Carleton Curling Club defeated the St. Andrew's Curlers by a score of 84 points to 63 in five rinks a side played last evening. Two on Carleton ice, and three on the ice of the Charlotte street rink.

The "Saints" were victorious on their own ice, nosing out ahead with the narrow margin of a two stone lead. On the ice of the West Side rink they were badly swamped, however, their two rinks there being beaten by a lead of 23 stones. The results of the individual matches follow:

Old Country Football Results

London, March 2—(Canadian Press Cable)—Next Saturday's Association Football Cup tie battles are the predominating topic of the day here. The teams engaged are putting the final touches to their preparations. The Cardiff ground at Ninian Park will probably be very heavy as a result of the recent heavy rains. Both teams will be at full strength, with the exception that the Scottish International Blair will displace Brittan, Cardiff's captain.

The latest from the Arsenal headquarters indicates every possibility of their being at full strength, while Preston is without McCall, but otherwise fully represented. The Londoners' prospect is enhanced by the fact that Preston has not won an away match this season.

Millwall have an apparently insurmountable task and can only hope to draw, especially as Huddersfield have won every home cup tie game for the last nine years.

Nottingham's supporters are encouraged to optimism by the county's decisive win over East Bromwich in the previous round, but the Villa will probably uphold their great cup traditions.

London, March 2—(Canadian Press Cable)—In a semi-final for the Hospitals rugby cup at Richmond today Guys defeated Barts 17 to 0.

London, March 2—(Canadian Press Cable)—The draw for the fourth round of the Scottish cup (soccer) to be played March 11 was announced today as follows:

Motherwell vs Morton; Hamilton vs Aberdeen; Rangers vs St. Mirren; Queen of South vs Partick.

DRAW GAME PLAYED IN QUEBEC

Montreal, March 2—Sons of Ireland champions of the Quebec City hockey league, and St. Ann's, champions of the Montreal City Hockey League, battled to a one goal draw here tonight in the first of the home and home games of the Allan Cup elimination series.

Moncton Comes Here On Saturday

Eight Rinks Will Play Against Thistles, St. Andrews and Carleton Clubs.

Eight rinks of Moncton curlers are expected in the city Saturday. Games will be arranged with all three city clubs in such a manner as to enable the same rink to play at least two of the clubs. It is planned to play six rinks against the Thistles and six against St. Andrew's, and four against the Carleton curlers.

Saturday will mark the first raid on the part of Moncton curlers on St. John for a number of years, as the "roarin' game" has been dead in the thriving railway town since the destruction of the old Moncton Curling Rink some years ago. This winter the Monctonians began curling in a splendid structure which was erected recently and in which each of the St. John clubs have had the pleasure of curling.

Thistles Play Carleton Tonight

The final match of the season between the Thistle Curling and the Carleton Curling Clubs will probably be held tonight, when the two clubs will curl five rinks a side, three on Carleton ice and two on Thistle. The Thistle rinks will be:

Boston, March 2—The only bout that Benny Leonard, world's lightweight champion, was called off is the one with Charlie White, booked for March 17 at New York, Billy Gibson, his manager, said in a telegram received here today. Leonard has been matched to meet Johnny Clinton here on March 20, at an Elks' carnival, and Gibson's statement was in reply to a query whether that bout would be cancelled. Leonard was reported last night from New York to be suffering from an injury to his right hand that might keep him out of the ring for six weeks.
