LOT TO SHOW FOR MONEY EXPENDED Mayor Little Replies to Statements of Trustee J. B. Wright. "The city council has just as much if not more to show for the money it spends than the board of education," Mayor Little asserted today, replying tion.

The general secretary of the scheme is A. W. Tracy, who will visit this city on March 31, in connection with the marking of the highway by putting upsigns etc. Maps are also being prepared in which the complete route will be clearly indicated.

Exception has been taken to giving the Canadian portion of the road its American designation, and it is thought that this difficulty will be met by making it part of the provincial highway.

Mr. Tracy is to meet the directors of the Chamber of Commerce and discuss the whole question.

Mayor Little asserted today, replying to the statements of Trustee J. B. Wright, Tuesday.

"Mr. Wright claims that they have all the schools to show for the money they expended and that the council has not even pavements or sewers to show as all these are paid for out of a special rate. It may interest Mr. Wright to know that the council spends only fifteen mills of the 24-mill tax rate. The remainder is spent by the boards not directly under the control of the council.

The proper of the control of Protestant denomination and the Y. M. C. A. members met in the the 'Y' on Tuesday night to discuss the budget and leadership policy for the coming year. The C. S. E. T. program, which was adopted a few years ago by each I. of the Sunday schools and the Y. M. C. A., has been promoted and financed, by the "Y" up until the first of January of this year, when it ceased to supply the national and provincial executive leadership and expenses for co-operative church boys' work.

At the present time there are 54 organized groups of boys, representing 33 churches, taking up this program in the city. The rapid growth of the work has made it necessary for the Y. M. C. A. to face the question of the future and state its policy.

The budget committee of the "Y" recommended to the boys' work board for the promotion and strengthening of the boys work' in London.

That the association should retain its present relationship with the boys' work board for the promotion and strengthening of the boys work' in London.

That the association continue to provide the supervision and the budget of the London boys' work board or condition that the boys' work board on condition that the boys' work board encoded the conformer.
