A Leading China Establishment.

Mr. Glover Harrison's China Hall on Kingset éast is now probably the leading house in city for everything in the way of china, ckery or table ornaments. The variety preted to the quature leading house in class of the construction of t

ented to the customer leaves nothing to be desired. The most striking feature of the show-poon is a fully furnished dinner table, covered with the finest China and glassware. The diner set is blue, of the style known as Louis XIV., each piece being hand-painted. Fairy lamps, receptacles for flowers, and other ornaments are tastefully displayed, and altogether the table has a very beautiful and inviting appearance. Elsewhere are found no less than 160 patterns of dinner sets from such celebrated Staffordshire makers as Doulton, Minton, Ridgways, Copeland, and Geo. Jones & Sons. Sons of the plates are beautifully ornamented with hand-painted landscapes. There is a very attractive display of Vienna china and table ornaments. The figures are finely moulded, and the faces are clearly and beautifully cut.

The ground floor contains an assortment of china and glassware which includes everything in those lines necessary to completely furnish a house.

The subscribers are instructed by Mr. John Hoskin, Q. While these sites possess every charm of a country residence they are within easier reach of the central business part of the city than most building lots at present on the market. The Sherbournestreet cars are within five minutes' walk, and the Church and Yonge-street cars within easy access. The property being incorporated in the city limits, all the modern benefits, such as drainage, water and gas, are obtainable. The lots have two frontages by which all the advantages of back lanes are secured without the many drawbacks consequent thereto. The lots will be sold subject to certain building conditions usually now attached to all sites desired to be reserved for private residences.
