Rt.-Hon. Arthur Meighen,
The Senate,
Parliament Bldgs.,
Ottawa, Ont.

Dear Mr. Meighen:-

Senator Spence told me that at some recent function you replied very satisfactorily to some remarks of Mr. Dafoe of the Winnipeg "Free Press". I have thought for some years that Mr. Dafoe was unnecessarily, at all times and seasons, setting the West against the East, by figures and claims which I do not think could be substantiated.

I made an argument before the Railway Board in regard to the matter in 1927 and I am sending you the argument. It really begins on page 8 and is entitled "East vs. West". It is a fairly long argument and you may not think it worth while reading it, and if you don't all you have to do is to return it to me and I will understand.

Yours truly,

JRLS-ES.
