The annual meeting of the Canadian Amateur Swimming Association will be held at the Windsor Hotel this afternoon at 2.30.

The Scot landed an uppercut after eight seconds of sparring, and it was all over but the count.

Zbyszko, the chap with a name as unpronounceable as that of Przemysl, is going to "rasal" here next Wednesday night.

Heard Around the Ticker

Montreal Stock Exchange and what is generally known as the "Street," has sent over thirty officers to the front, while a considerable number are now in training and will eventually find their way to the firing line.

The recent sale of a seat on the New York Exchange for \$63,000 is the highest price a seat has sold at since 1912. The record high was in 1905 and '06, when seats sold at \$95,000.

The Germans are not so regretful as they would have it appear over the anticipated decision of Italy to enter the war on the side of the Allies.

Snuff taking is no longer customary, nor is it looked upon as a fashionable habit as was once the case.

Although the Rock Island receivership gave the New York market a temporary setback, the fact that other railroads in the United States are making good, counteracted this in a measure.

One more fussy person has passed to his reward. John Jucks, a gardener of Trenton, N.J., committed suicide by hanging, fearing he would go mad as a result of being bitten by a dog several days ago.

Stock exchanges in different cities have their own particular favorites. Montreal and Toronto by no means have the same list.

The declaration of a half-yearly bonus of one per cent. by the Canadian Bank of Commerce has been well received by business men throughout the country.

Conditions are returning to normal.
