At the conclusion of the inusical programme Mr. F. A. Angive read the following address:

To Hon. Michael E. Hackett, Grand President of the Catholic Mutual Benefit Association and the Board of Grand Trustees:

Gentlemen,—On behalf of the members of the Catholic Mutual Benefit Association we take sincere pleasure in greeting you. We welcome you most heartily to our city. To you, sir, our Grand President, we bid welcome upon this, the occasion of your first official visit, not only because you are the head of our society, but also because we recognize in you a distinguished Catholic gentleman, worthy of any honor which it is in the power of your fellow-citizens to conier upon you. We appreciate the importance to our cherished association of having for its President a public man of such undoubted eminence, ability and integrity.

Tornot is the home of many benevolent societies s'milar in their aims and objects to our own. Most of these associations are in a flour ishing condition, and it is gratifying to us to be able to assure you that the several branches of the C. M. B. A. in Torento are thriving as well as those of any other friendly society. Though our membership is no as large as we would desire, at comprises many of the most active and progressive of the young and middle ared men in the Catholic community. The official visits of the Board of Grand Trustees may, we are convinced, be made the means of diffusing more widely a knowledge of the man ifold advantages of membership in our society, and of directing attention to the laudable character of the objects and purposes which we have in view. This must tend to an increase in our membership, because the C. M. B. A. only requires to be well known to be well thought of.

We trust that you and your distinguished colleagues have enjoyed yar science, all to.

We trust that you and your distinguished colleagues have enjoyed your sejourn, all too brief, amongst us, and that we may look forward to a repetition, at an early date, of the pleasure of meeting our Board of Grand Trustees in Toronto.

## Men And Things.

An incident of a pleasing character occurred at the reception tendered to the Grand officer of the Catholic Mutual Benefit Association of at the reception tendered to the Grand officers of the Catholic Mutual Benth Association on Monday evening. Observing a Pre-byterian clergyman enter the hall. Mr. M. F. Hackett, the Grand President of the association, remarked to the Chairman that the new-comer looked like an old school-tried of his. A moment later a caid was passed up which verified this opinion. The visitor was Rev. Mr. Campbell of Oniario street, who in addressing a few words to those present said that, while his presence was doubtless unlooked for, he had taken the opportunity to again meet Mr. Hacket in whose career he had long been interested. They were school fellows at Mccilli, and were contestants for a midal which Mr. Hackett had won. After that he had known Mr. Hackett had won. After that he had known Mr. Hackett had won. After that he had known Mr. Hackett had won. After that he had known Mr. Hackett had won. After that he had known Mr. Hackett had won. After that he had known Mr. Hackett had won. After that he had known had been the public life.

Mr. Hackett is a tall, robust looking manwhose forty three years have sprinkled threads of grey pretty freely through his long, dark hair. He has the Celtic gift of facility and impressiveness in public speaking, to which, together with his genial, warm hearted disposition, he owes much of his very remarkable popularity in the eastern townships of Candalance.

### CATHOLICITY IN THE NORTH OF ONTARIO.

Nipissing a Promising Country.

For the CATHOLIC RECORD. His Lordship Right Reverend N. Z. Lorrain, Vicar Apostolic of Pontiac, made his episcopal visit to the parishioners of Bontied on September 23rd ult., and on the following Sunday, September 26, gave the sacramen of confirmation to 107 persons, including a

w adults. Since the last visit of His Lordship, in 1896 Since the last visit of His Lordship, in 1830, the parish has made considerable progress. The village has increased largely (about fitteen new houses were built) and the country has changed a good deal. Farmers are building neat houses and valuable barns; they are increasing their stock of cattle and clearing the land, to their immense advantage.

they are increasing their stock of cattle and clearing the land, to their immense advantage.

His Lordship has definitely stated that the presbytery shall be built next spring, and the church is to be enlarged also next year; the sacristy, now used as presbytery, will be used later on as sanctuary, an addition being built as sacristy.

Another bazaar is to be organized immediately for the carrying out of such decision. As it is under the benevolent patronage of His Lordship Bishop Lorrain, well known throughout the country for his kindness and ability and well loved by all classes, doubt less the 1897 bazaar of Bontield will prove a grand success. Father Martel, the young parish priest of Bontield, is cheerful and confident of the result.

Coming back to our subject, the people of Bontield did all they could to tender a hearty and magnificent reception to their beloved Bishop. Sir Charles Tupper, at least as reported by the North Bay Times, can testify to the veracity of our statement, although the story given is a good one on him. There were processions with lights, houses illuminated, church well decorated and a crowd of people filled with enthusiasm, still most reserved in their behavior.

Rev. Father Mourier, O. M. I., well known to the readers of the CATHOLIC RECORD, accompanied His Lordship, and give material help on the occasion.

The visit was a great success. The people of Bonfield are delighted with the many marks of devotedness and attachment bestowed upon them by the Head of the Vicariate of Pontiac, His Lordship Bishop Lorrain, who visited this year the different four missions attended from Bonfield.

On Monday, September 29, confirmation was held in the chapel of Chiswick, near Wasa Lake, in the township of Chiswok, near Wasa Lake, in the township of Chiswok, near that mission, it was to mark the chapel. To day Mass is said in a building put up in the fail of 1895, but it is rather small. It has become necessary either to eularge it or to build a new one, and use this present place for a school-house.

The mission is in an unorganized territory, and the readers of the RECORD will be surprised to learn that a Separate school cannot be organized there, because there is no council! Why, should the law make special provisions for Public schools in such circumstances, and none whatever for Separate schools? It is a wonder that this point has not been accounted for at the passing of the School Act.

On Tuesday, Sept. 30, took place the Visit of the mission at Corbeil in Ferris. Corbeil is a new flag station between North Bay and Bonfield. The chapel has been built in 1893. Many Catholic families have come up since and settled on good farms. There is some land to be taken up on the north side of the line, bordering this magnificent sheet of water. Trout Lake. We hope the Government will favor the opening of a new colonization road from Lake Nosbonsing to Trout Lake.

Thirty children were confirmed.

His Lordship and Father Mourier addressed the congregation. Although recently built, the chapel was crowded. His Lordship is papalared the doctri

Pope's Encyclical to the Bishops of Germany.

The following day the Bishop, with Father Mourier and Father Martel, went to Levesqueville, which is at the head of Nosbonsing Lake, in Ferris. This point is close to Corbeil Siding, This country, though not the best for farming, has received good help from the Nosbonsing and Nipissing Railway, owned by Mr. J. R. Booth, who runs a train ten times a day to draw his logs from Lake Nipissing to Nosbonsing Lake. Those logs are towed by a boat—The Nosbonsing—to the foot of the lake, at Bonfield, and then they take the rivers Mattawa and Ottawa, and are sawn in Ottawa.

The church at Levesqueville is altogether too small, and out of date. Next spring will see a change.

The church at Levesqueville is altogether too small, and out of date. Next spring will see a change.

Thirty nine persons were confirmed.
On Thursday, Sept. 30, Bishop Lorrain accompanied by Father Mourier and Father Martel, visited the new settlement, Boissonneault, where most of all the people are, and was tendered a most magnificent reception. It was indeed a pleasure to everybody.

The missionary up to the present time gives a station once a month. His Lordship has fixed the site of the future chapel on lot 30, concession 1, township of Bonfield, about four miles from Ruthington station, on the C. P. R. On the boundary between Bonfield township and the township of Bonfield, sprogressing most rapidly. Before 1886 there was hardly anything; to day, besides the churches, we count six Separate schools, where hundreds of children are taught.

The settlers—here we call them les colons, as the majority of the people are French—seem all satisfied and well encouraged.

They are making sacrifices for God, and their religion and do all they can to support their schools, and they are already rewarded.

We ask our friend the Catholic Register, of Toronto, to copy.

Use ask our friend to what may happen to morrow: the same everlasting Father who cares for you to day will care for you to morrow and everyday. Either He will shield you from suffering or He will give you unfailing strength to bear it.—St. Francis de Sales.

### DIOCESE OF HAMILTON.

Sunday last was the eight anniversary of the establishment of the Loaque of the Sacred Heart, at St. Mary's cathedral. Father Mahony, the director of the League for the parish, took advantage of the occasion to address the people at all the Masses, on the great spiritual benefit to be derived from being a member of the League.

At Vespers the Bishop was present, accompanied by Mgr. McEvay. He opened the winter course of evening instructions by preaching at considerable length, on devotion to the holy rosary. Afterwards he received the profession of about fifty school children as members of the Holy Angels' Sodality, and presented promoter's crosses to about twenty new promoters. All the promoters then renewed their act of consecration to the Sacred Heart. The Bishop expressed his pleasure to know that the league was continuing to grow, as the membership in the parish is now about 1,800. The number of Communions and the religious fervor of the people have steadily increased with the spread of this devotion.

Father Coty, formerly connected with the cathedral staff, but now pastor of Dundalk, will preach next Sunday evening at the cathedral.

The Hamilton Normal College, embracing

The Hamilton Normal College, embracing the Collegiate Institute and scnool of Pedagogy, was opened last week, Hon. G. W. Ross, Hon. J. M. Gibson, senater Sandford, Dr. McLellan, members of the Public and Saparate School Boards, and many other prominent citizens, were present. The building is one of the largest and handsomest and best fitted up educational institution in Canada. Hon. G. W. Ross, in the course of his remarks, referred to the rapid strides made by the Separate schools of the Province in late years towards reaching a thorough state of efficiency. Other complimentary references were made by different speakers regarding the Separate school work, and one gentleman pointed out the fact that this year alone fifty-eight children from Hamilton Separaes schools had passed the required examinations to enter different grades of the New Normal college.

The Jesuits, it is rumored, have settled on a location for their new college. It is to be situated in the centre of Westmount, and work is to be commenced on it immediately. This means that within two years, or even less, there will be an English college, with buildings and grounds rivaling those of St. Mary's. The new college will, of course, be called Loyola, as the temporary quarters of the college has been so named.

The location, a very ex-cellent and expensive one, was long ago-bought, and from these reports it would seem as if the classes were to be commenced in next September.
