But to be sure of them Farmers should place Orders early under Eaton's Liberal Guarantee

If you want to be positively assured of a supply of Binder Twine send us your order at once, so that we can make provision for a sufficient quantity. In doing so you take no risk as you are fully protected by our liberal guarantee; but if you do not act on this advice you are taking a big risk. You remember what happened last year. Many farmers could not get a pound of twine for love or money, and many more were charged exorbitant prices. It is quite possible and highly probable that next harvest will see a repetition of these conditions, because this year there is a great shortage of the raw material from which twine is made.

Already we have booked hundreds of orders that aggregate hundreds of thousands of pounds, and most of those who have placed their orders with us suffered from last year's twine famine.

We have received orders from several local branches of the Grain Growers' Association for carloads. By so doing they save \$120 per car in transportation. Why not get busy in your local branch and make a similar saving?

Our prices on 550-foot Golden Manila lengths are as follows-

ALBERTA SASKATCHEWAN MANITOB

Per Pound - - - -

 $.11\frac{1}{4}$  .11 .10 $\frac{3}{4}$ 

Sit right down and figure out what you will require and let us know at once. If, after examination and test you do not find our Golden Manila Twine equal to any twine you ever used, return it to us and get your money back, or if your crops are damaged by Hail, Frost, Rust, Drought or Excessive Rain, we will take the twine off your hands at full price and will ourselves pay freight charges.

## SEPARATOR TALKS

No. 5 Have You Two or More Cows?

If so, it will pay you to use the STAN-DARD Cream Separator instead of skimming cream by the old method. By using

Standard
Phe World's
Greatest Separator

you will get \$15 MORE PROFIT from each cow per year—and this is a low figure. Most dairymen do much better than this with the STANDARD.

You can thus readily see that it takes but a short time for the STAN-DARD Cream Separator to pay for itself. And by taking advantage of our EASY PAYMENT PLAN you can pay for your STANDARD out of the extra profits it earns for you. You've heard a lot about the STANDARD. It's the separator that has made new world's records for close skimming at experimental farms, cheese and butter factories and on the farm. Write for folder entitled, "Skimming Results." It gives the proofs. Also ask for our catalogue.

Address our Calgary office if you live south of the Lacombe branch of the C.P.R. in Alberta, otherwise address as below.
