

Big Ben

He's Big All Over And Good All Through

Big Ben is built for *endless* service. He has no "off-days," no shut-downs. His four years of existence have been one long record of on-the-dot accuracy. 7,000 Canadian dealers say that he does more *efficient work* for less pay than any other clock alive.

A Big Ben battalion, over 3,000 strong, leave La Salle, Illinois, every day. Their sparkling triple nickel-plated coats of implement steel; their dominating seven-inch height; their big, bold, black, easy-to-read figures and hands; their big, easy-to-wind keys—all make Big Ben the world's master clock.

In return for one little drop of oil, he'll work for you a full year. From "Boots on" to "Lights out"—365 times—he'll guarantee to tell you the

time o' day with on-the-dot accuracy.

He'll guarantee to get you up either of TWO WAYS—with one long, steady, five-minute ring if you need a good big call, or on the *installment plan*, with short rings one half-minute apart for ten minutes, so you'll wake up *gradually*, and he'll stop short in the middle of a tap during *either* call if you want to shut him off.

Big Ben is a mighty pleasant looking fellow. His big, open honest face and his gentle tick-tick have earned him a place in thousands of *parlors*.

The next time you go to town call at your dealer's and ask to see Big Ben. If your dealer hasn't him, send a money order for \$3.00 to his makers—Westclox, La Salle, Illinois—and he'll come to you prepaid.

"GEISER" and "NEW PEERLESS" Separators

No Sieves No Riddles

Here is a Separator which is a time and money saver from the very start. Its unique feature lies in the *Cleaning Device*, which consists of Combs and Grooved Rollers, so arranged that grain and chaff pass from the grain plates over the rollers, a sharp blast carrying the chaff away and the grain falling through the combs. What a vast improvement to the antiquated sieve or Riddle principle. It is this difference which makes the Geiser superior to all other ordinary Separators. With the Geiser changes for different kinds of grain can be made without stopping machine, which means money saved to the thrasher man. The Separating Device is ample and able to meet all kinds and conditions of grain. This Separator puts in Grain Bags 95% of what others send to the straw stack. We do not pretend to say that this Separator will save absolutely ALL the grain, but we do assert that it will save 98 per cent. of that which is ordinarily wasted by the best machines now in the field, when it is crowded as it must be for big work; that at least 95 per cent. of all the grain is separated from the straw by the time it leaves the big drum, after this we have more separating capacity than any other machine on the market. We can supply with these Separators, Wind Stackers or Straw Carriers, Self Feeders and Band Cutters, Automatic Registers or Wagon Loaders, Flax and Timothy Attachments. Sizes and prices are as follows, viz: No. 3 Geiser, 24x29, \$365.00; Bagger, \$30.00; Straw Carrier, \$30.00; Wagon Loader, \$70.00. No. 4, 24x32, \$455.00. No. 5, 27x39, \$525.00; Wind Stacker, \$275.00; Self Feeder, \$220.00; Wagon Loader, \$70.00; Straw Carrier, \$35.00; Belt Reel and Guide, \$10.00; Flax Attachment, \$15.00. Peerless, 24x38, \$575.00; 30x40, \$630.00; 33x50, \$675.00; 39x50, \$760.00; 40x60, \$840.00; 36x60, \$1250.00; Wind Stacker, \$315.00; Self Feeder, \$260.00; Register, \$125.00; Belt Reel and Guide, \$15.00; Flax Attachment, \$15.00. We give liberal terms on Threshing Machinery or allow 15 per cent. discount if the cash is paid before shipment.
