

“AERO BRAND” CYANIDE

SUCCESSFUL ON ALL GRADES OF ORE

All grades of gold and silver ore, from the simplest to the most complex, are being successfully treated with “Aero Brand” Cyanide. In every case, without exception, where “Aero Brand” Cyanide has been tried it has been adopted in regular operation.

Unsolicited reports all show:

- (1) **Highest extraction efficiency**
- (2) **Accelerated mill operations**
- (3) **Reduced cost**

*Contracts for next year's business are now
being written*
