Militia Ordered Out For Vancouver Strike Riots Many Fatalities Reported—Strikers Are Armed and Do Not Hesitate to Use Revolvers—Situation Serious.

VANCOUVER, B.C., Aug. 14.—Six strikebreakers have been killed at the Extension mines and a large number of provincial police constables seriously injured is the report brought to this city last night by officers who were dispatched to the scene of the rioting in the coal areas on Vancouver Island.

Another report is to the effect that one man was killed and five wounded. The strikers made an attack on the mines and the latter retaliated. All strikers are fully armed and do not hesitate to use their weapons. Four hundred men took part in the rioting at Extension in the afternoon, led by a prominent union man on horse back.

An ambulance corps have been wired for and has started for the scene. Twenty provincial police arrived last night, having been unable to land in the face of the mob assembled at the strike. Argument was used with the police to allow the officers to land but this proved unavailing and the police were headed back to the boat.

Heading the delegation which waited on Private Hawkins to tender him this, the first oral welcome in Canada, was Colonel Landry, the officer commanding the fifth division. He was supported by the following officers:

Col. Watson, officer commanding the Eighth regiment; Major Robertson, staff officer, Fifth regiment; Major Swift, Eighth regiment; Major Hill, inspector of cadets; Capt. Hay, Eighth regiment; Lieut. Slater, secretary Eighth regiment rifle.

MORAL REFORMERS BITTERLY SCORED

Coroner Pickering Makes a Remarkable Statement to Jury at Inquest.

MAKES A SUGGESTION

Forced Police Action Makes Streets Dangerous for Respectable Girls

TORONTO, Aug. 14.—Coroner Pickering gave a scathing denunciation of the present moral degeneracy of Toronto in addressing his jury last night at the close of the inquest into the death of an unknown female infant, whose body was found floating in the lake near Sunnyside on Sunday, August 3rd.

"At the present day," said the coroner, "morality is at far lower ebb than it was prior to the interferences of the so-called moral reformers, whose motives may be of the purest, but whose methods are founded on fallacy through ignorance and mistaken ideas. They can secure any legislation that they may choose, but no law can be enacted which will completely stamp out the evil. This has pleased practically from the beginning of the war, and will continue until the end. All that can be expected or hoped for, is through judicious action to mitigate or lessen the evil."

ALMOST TRAGIC

Is the Situation Re New York State Governorship.

Mrs. Sulzer, Wife of Impeached Governor is Ill.

ALBANY, N. Y., Aug. 14.—Two claimants to the office of governor of New York sat in the capitol today, each asserting his rights to the office and attempting to conduct the state's affairs from his own chambers.

William Sulzer, impeached governor, sat in the executive chamber on the second floor of the building. He is going to sit there every day according to friends, disregarding the impeachment proceedings which he regards as unconstitutional.

Martin H. Glynn, lieutenant-governor laid claim to the acting governorship on the ground that Sulzer ceased to be governor when the senate received the articles of impeachment from the assembly.

The army of state employees is demoralized. Department heads are at a loss to know whose instructions to follow and a general situation of confusion and disorder seems imminent.

Mrs. Sulzer, star witness of the impeached governor is so seriously ill of a nervous disorder that two additional specialists have been summoned by wire to attend her. Governor Sulzer asserted emphatically that he would not permit her to take the stand at his trial for impeachment, which probably will start September 2. He is willing to have her face the ordeal of telling how she invested certain campaign contributions sent him last fall in stocks.

The article of impeachment claimant and summons were served on Governor Sulzer immediately after his arrival at the capitol this morning by Patrick B. McCabe, clerk of the senate.

A formal demand for the surrender of the executive chambers expected to be made on behalf of Governor Glynn was anticipated by Governor Sulzer. At the advice of his counsel, Mr. Sulzer has prepared a letter declining to surrender the offices and outlining the reasons for his refusal.
