OUTSIDE MARKETS.

HENRY CLEWS' REPORT.

Henry Clews in his weekly letter to

the Planet, says-The elections had little effect upon the stock market. Fortunately there were no unsettling developments, although the decline in Republican majorities was interpreted in some quarters as an expression of dissatis-faction at that party's tardiness in legislation affecting the four leading questions of the day-reciprocity, currency, trusts and tariff. Congress will open in about three weeks, and usually this is a period of uncertainty pending some idea of the legislative program. The coming session, however, will be a short one, expiring March 4, and and no very important legislation need be expected, especially in view of the approach of a presidential election, when all such questions will be reserved for campaign talk. In the political outlook, therefore, there is nothing disturbing for the immediate future.

Jackson Johnson, of Norham, Ont. Finds Relief from Dyspepsia and Chronic Diarrhoea in Dodd's Dyspepsia Tablets.

When a man has suffered for twenty years with Dyspepsia. he has tried doctors and medicines to no avail. When to add to his other ailments, chronic Diarrhoea has developed and when at last that man finds relief from his complication of troubles in Dodd's Dyspepsia Tablets, it is surely time to admit that Dodd's Dyspepsia Tablets are the one sure cure for Dyspepsia. Such was the experience of Jackson Johnson, of Norham, Ont. Here's

what he writes regarding it: "My case was an exceptional one of Chronic Dyspepsia. I had been doctoring for it for nearly twenty years, in which time I spent a large amount with doctors and for medicines. Two years ago I was taken with Diarrhoea, which became chronic and I became so weak I was con-

fined to my bed. "A person who had used Dodd's Dyspepsia Tablets induced me to try them. I have taken seventeen boxes up to the time of writing and have steadily improved. I am prompted to write by a desire to induce others to give a trial to Dodd's Dyspepsia Tablets, which I claim have been instrumental in taking me from the brink of the grave and restoring me to comparative good health."
