AN ACCIDENT AT THE EAU.

Sunday morning, as Wm. Liddy and family, of this city, were driving to the Eau, in company with Arthur White and family, of Charing Cross, and while passing the crossing in front of the Crawford House, which is elevated about a foot, the wagon in which they were seated made a bounce after passing the crossing, pitching Harry Liddy out. He fell under the wheels of the wagon, the hind ones passing over him. He was picked up as soon as the horses could be stopped, and taken into the Craw-ford House, where kind friends did all in their power to alleviate his suffer-ings, and a hand-car was immediately despatched to Blenheim for Dr. Langford, who arrived on the scene as soon as possible. Upon examination it was found that no bones were broken, but the poor little fellow was found to be seriously injured internally.
