Lady Astor Writes

TO THE PRESIDENT OF THE MON-TREAL W. C. T. U.

Dear Mrs. Scott,—Your letter of Nov. 30th has just arrived, and I am deeply touched by your thoughtfulness and kindness in writing to me. There has been nothing more helpful to me than that the women of Canada and America are standing behind the first woman M. P. in England. I feel perfectly convinced that women have got more spiritual courage, as a rule, than men, and it is just that that is needed in public life to-day. Naturally I feel deeply drawn to the women of Canada, having nursed their sons and husbands for the last five years. Will you please convey to your association my sincere thanks for their kind thoughts in writing me.

Very sincerely,
(Signed) NANCY ASTOR.

Lady Astor in the House

"Wherever she goes around the House, the eyes of members are anxiously fixed on her to discover what they can do to help her. But she never drops her handkerchief or her order paper, or needs her shoe tied. If she did, there would be a good imitation of a football scrum to do her service."—London Opinion.

Language He Knew

A Halifax divine had occasion to officiate at a christening in a small fishing village in Nova Scotia. When the time for baptism arrived, the embarrassed father was holding the child so that its fat legs pointed towards the front. "Turn her this way," he whispered. But the father was too disconcerted to hear or understand. "Turn her feet around," the minister whispered again, but there was no response. An old seaman in the back of the church came to the rescue. Putting his weather-beaten hand to his mouth, he roared across the room: "Head her into the wind, Tom."

The Better Way

Never disobey Nature's warning. It's far better to forestall weakness with nourishment that protects.

Scott's Emulsion

after meals for child or adult, is a wonderful help in forestalling weakness. Ask for Scott's.

Joy and Gladness for the Children

Every child—whether it be poor or rich is entitled to joy and gladness. Health is the birthright of all and there is absolutely no doubt that the healthy baby is a happy baby. It is the baby's nature to be happy—not cross. Only the sickly baby is cross. The well child is a joy to the home—it is a laughing, gurgling, happy little piece of humanity which drives dull care from the household. The sickly baby is the opposite—he is cross and peevish; cries a great deal and is a source of constant worry to the mother. But mothers there is no need of your little ones being sickly. Regulate the baby's bowels and sweeten his stomach with a gentle but thorough laxative and baby will soon be well and happy again. Thousands of mothers have proved this through their use of Baby's Own Tablets—there is a smile in every dose of the Tablets. Give them to your baby and make him happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville Ont.

The price of sugar has gone up, one alleged reason being the increased demand for candy as the result of the abolition of beer. The price of raisins has gone up on account of the demand for them in connection with domestic brews. Will the price of dandelions also make a jump on account of the demand for them for making dandelion wine?

Let Us Be Glad We Are Canadians

We are asked for increased production. This does not mean for the individual more work or harder work, but it does mean more efficient work and a new attitude towards work, a desire to make every stroke tell to the utmost. In a word it means willing, painstaking and well-directed effort, backed by capital and guided by science, to bring our acres to the fullest fertility, to build up and utilize adequately our forest resources, our fisheries and our mines, to develop and co-ordinate our transportation systems, to develop our water-powers advantageously and to distribute widely the resulting power, to check reckless waste and encourage the effective use of all our resources, to the end that we may establish better and more satisfying types of rural life.

The waste of lumber is deplorable. The pine; the value of resin, turpentine, thyl alcohol, pine tar, charcoal, lost in this waste, represents three or four times the value of the lumber produced, but, great as is this loss, it is modest compared with our colossal fire waste. We have been prodigal wasters, reckless destroyers, mere skimmers of cream. If we are to meet our national needs, and build up sanely our superstructure on safe and sound foundations, we must change the policy which has guided us in the past. Unrestricted individualism must now give way to controlled co-operation guided by a constructive economic policy which shall be nation-wide in scope. We must bring to the solution of peace problems the unity and cohesive power developed throughout the war. Let us be a nation of builders, creators, and distributors. Let us be proud of our country. It is time to build, time to unite, time to trade and for brotherhood. Let us be glad we are Canadians and let us stand for Canadian institutions. Let us have a little more devotion, less bowing down to the past, a more looking forward to the future when Canada will be ripe for a great burst of light and life.—Extract from speech by S. F. Glass, M. P., in House of Commons, March 24, 1920.

Pure Air is as Necessary as Pure Food

THE ENTERPRISE BLAZER FURNACE heats your home in Nature's way. It draws in the sweet pure air from the big outdoors, moistens it thoroughly, turns it into heat and comfort and passes it on to every corner of your home.

The best that base burners and radiators can do is to heat the air that is already in the house—that has been breathed again and again. Stoves choke the air with dust and in real cold weather they fall short of their job. Another reason for the

ENTERPRISE BLAZER WARM AIR FURNACE

is economy. For thirty-five years we have been learning how to take all the heat out of a piece of coal; and then how to make most use of it. The Enterprise Blazer is the result. And it costs a great deal less to install than a hot water boiler, pipes and radiators.

An Enterprise Blazer will wear for years and years. Every part is made a little better than it need be, and it carries the famous Enterprise guarantee of satisfaction. Get your dealer's advice and write us today for our free booklet "Warmth and Comfort".

Use Paper Serviettes

For Informal Occasions

NOWADAYS in most Canadian homes you will find a supply of paper serviettes. Housewives vote them indispensable for their casual guests—always at luncheon—when serving refreshments at night—or when off on a picnic.

They defeat the high cost of laundry. They are most attractive in appearance. In fact, they are just one more Eddy improvement in housekeeping methods.
