

Mr. Borden Makes Patriotic Speech At Luncheon.

London, Aug. 1.—Premier Borden and his ministerial colleagues now in London were entertained at luncheon today by the Canadian Club in the ancient hall of the Merchant Tailors' Company.

The chair was occupied by Lord Strathcona who presided over an influential gathering representing a large percentage of the financial interests of the city.

Premier Borden responding to the toast of his health, began his speech with a warm eulogy of Lord Strathcona. No man in the empire, he said, was a greater imperial figure or had been more closely associated with the growth and development of Canada.

In the old days before confederation the situation was such that even we Canadians can hardly realize it. The men who undertook the foundation of the Canadian confederation were possessed of supreme faith and courage while the work they accomplished has been justified by the marvellous success attending it. It seemed to me that the task before the statesmen of the mother country and the Dominion today is on a grander scale, but it is something of the nature of the task which was surmounted by the men who laid down, deep and enduring the foundations of the Canadian confederation.

A SUCCESSFUL EXPERIMENT.

"The British Empire as constituted today," continued Mr. Borden. "Is a very old experiment indeed, but an experiment justified by the strength of the ties now binding together the Mother land and every Dominion across the seas into one great Empire. It is very perfectly true its organization may not be all that could be desired. Indeed most of us consider it is not all it might be for certain purposes. But an Empire unorganized in some respects as it is today, has proved itself a mighty force in a time of need or danger.

"I do not doubt," proceeded Mr. Borden, "the future will in that regard fully justify the history of the past. There are men who may be forgiven for supposing the immense and rapid development of Canada during the last fourteen

or fifteen years gives ground for misgivings, but those who know the country even by traversing it within a few weeks and have seen the marvellous heritage given the Canadian people will agree that although her progress has been marvellous, so marvellous as to attract not only the attention of the whole Empire, but the whole world, it has been none too great considering her resources. We all realize the greatness of any Dominion or nation within this Empire cannot be securely founded on purely material considerations, and I would like to remind you that even in that portion of Canada where the development has been most rapid, in the western provinces, the most conspicuous building in any little western town is the schoolhouse.

MANY PROBLEMS.

"The Empire presents many problems which can only be solved by great statesmanship. The means of communication between the mother country and the Dominion, and between the Dominions themselves, is assuredly a most important consideration. We have come from our Dominion to consider measures of co-operation by which the path across the seas absolutely essential, not only to the well being, but the very existence of this Empire, shall be secured at all times and under all circumstances. (Cheers.) I can only say I hope, nay more, I believe the mission that my colleagues and I have undertaken in that regard will not be devoid of results, and I trust the results may be of advantage not only to Canada and the mother country, but to every Dominion.

We Canadians are sometimes described as too optimistic. It is a good thing. I trust we shall always preserve it, and if occasion arises we are prepared to share any surplus of it with the other Dominions of the Empire (Cheers.) The toast of Lord Strathcona, was proposed by Mr. Hazen, who spoke of the great services rendered by the veteran high commissioner to the Empire.

The Canadian Ministers were present at today's meeting of the committee on imperial defence.

Cheap Fares To Toronto Exhibition.

In connection with the Canadian National Exhibition at Toronto, which will be held this year from August 24th until September 9th, the Intercolonial Railway will give very low excursion rates, which will give the opportunity to many to visit the "Queen City" on the occasion of its great annual fair.

The Toronto Fair is the largest and most attractive of annual exhibitions in America, and this year new permanent buildings have been constructed and its extensive boundaries enlarged by new boulevards. Aside from the attractions of the exhibition a visit to Toronto at this season is sure to be enjoyable, and with the very low rates prevailing it will be possible for persons of moderate means. From Charlottetown the round trip fare will be \$36.75, good from August 22, 24, 26, 27, 29, and September 4 and 5. A special rate of \$10.65 will prevail on August 23 and 24, and on September 3rd. All tickets are good to return September 11th. Maritime Province travellers will have their choice of two through vestibuled trains, the Ocean Limited and the Maritime Express, both of which connect at Bonaventure Union Station, Montreal, with the through Grand Trunk Railway trains for Toronto. It will be well for intending travellers to apply early for reservations.

"Cholera Infantum" THE SUMMER COMPLAINT OF INFANTS

Cholera infantum begins with a profuse diarrhoea, the stomach becomes irritated, and in many cases vomiting and purging set in. The child rapidly loses flesh, and is soon reduced to great languor and prostration.

Cholera infantum can be quickly cured by the use of Dr. Fowler's Extract of Wild Strawberry. Mrs. David A. Cleveland, Apple River, N.S., writes:—"Last September my little boy, four years old, and little girl, two years old, were taken one afternoon with vomiting spells, and in a few hours they had cholera infantum. I had Dr. Fowler's Extract of Wild Strawberry in the house, and commenced using it. The cholera got so bad the next day, they passed nothing but blood. I kept on using the medicine, and in a few days they were cured. I always keep a bottle in the house, as I don't think there is anything better for summer complaint than Dr. Fowler's Extract of Wild Strawberry."

Some dealers may try to sell you something else, but for the good of your child's health, insist on having "Dr. Fowler's." It has been on the market for over sixty-five years, so you are not using a new and untried remedy. Price 25 cents. Manufactured only by The Milburn Co., Limited, Toronto, Ont.

**THE JUDGES' DECISION**
ON THE
Union Commercial College

Know All Men By These Presents, That, in a court of law, it is the facts that count, not promises or big statements. It is easy enough to make promises and not keep them; it is still easier to make statements that are not based on facts. In the case of this institution you cannot doubt the evidence of satisfaction among the students and graduates, and well pleased business men, in whose employ the graduates are so successful.

We find it to be a practical business training institution, with a reputation for getting the best results for its students. The methods are modern; the teaching practical; the instructors are painstaking, competent, and experienced; the graduates are capable of meeting the requirements of the business man. We also find that those who employ the graduates of this institution are exceedingly well satisfied with the services rendered and have filed testimony, expressing their satisfaction.

This is the kind of evidence that comes from the fact that the graduates of this institution are capable, and is based on solid and substantial merit. It cannot be imagined or created, but must be earned. It is the product of "value received," and is the kind of evidence that has placed this institution in the front rank of commercial educational institutions. Therefore, we recommend it to all contemplating a course in shorthand, typewriting, bookkeeping and all other commercial branches.

In Witness Whereof, the said judges have hereunto affixed the seal of satisfaction.

Synopsis of Canadian North-West Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$8.00 per acre.

Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

W. W. CORY, Deputy of the Minister of the Interior.
