WARWICK.
 Bulletin News Service.
 Something like a sensation was created when Mr. Woods, Warwick, intimated last Sunday his resignation of the superintendency of the Sunday school, as he would be probably leaving the settlement within six weeks.
 He proposes taking up a farm near his brother in Montana.
 Mr. Woods, who came into Alberta over eight years ago from Dakota, has kept the post office and stopping house at Warwick during those years. He has also been part owner of the store. He is held in the highest esteem by all classes in the community. Generous-minded, warm-hearted, his home has been a centre of sociability for sojourners far and near, and in the earlier days of the country's development the lonely backwoods as by intuition turned their steps towards his inviting dwelling. He is also an excellent farmer and has his present farm in fine shape, having about 125 acres under cultivation. Mrs. Woods and family are remaining in the present at Warwick.
 Mr. More, brother-in-law of Mr. Chandler, Brookside, moved in with his family to Fairview on Sunday. Mr. A. Golisch, returning officer and use of house, division IV, \$12.00.
 Ed Blain, use of house for election, \$14.00.

EDISON.
 Bulletin News Service.
 The first meeting of the district council took place on Saturday the 29th. It was well attended and a number of members and many of the ratepayers, C. M. Tait's road taxes done in work was passed and his money returned. He had been obliged to pay his road taxes in cash ere he could stand as a councillor, as his road work was not presented, and other returns were passed evidently to prevent his candidature.
 The position of secretary treasurer went again to Mr. Garrison.
 It was announced that Mr. Tait's account of conduct but as faults were supposed to be found against the candidate who was presented, the defeated candidate's own nominee for the position.
 Frank Keaghe has had sixty bushels of oats taken out of his granary. He was at the saw mill and his wife was alone in the house. She heard men talking at midnight but was unable to face them. About the same time Mr. Bates found that the stable loft, where he had put hay a day or two before, was empty.
 It would seem that the district needs a posse of more police here to protect the property. Both the sufferers are very obliging young men and are highly respected by the community generally. If the thieves could be found and punished all around would be glad to see them. The year so far has been full of excitement and has afforded no little fun to this quiet community. Fire broke out in Mr. Beatt's house from a red hot stove pipe, but being discovered in time and by Mr. Reeve's help it was soon extinguished.
 Edison, Jan. 31st.

A short devotional service was conducted by Rev. J. H. Geoghegan in the home. A large majority of the neighbors of the district being present. A large cortege left for Pine Ridge Methodist cemetery at 12 o'clock, where the burial service was conducted by Rev. J. H. Geoghegan.  Mr. Stephens advocated field experiments and prize farm competitions as an adjunct of the work of the association. He also advised the judging of Holsteins, Ayrshires, Guernseys and Jerseys in separate classes.
 In the year 1910 more progress should be made in the dairy industry than in any other province of Canada.

This resolution was submitted by R. A. Van Orman of the department of agriculture and carried by the convention.
