

**IMPLEMENTS—CONTINUED.**  
 the following articles:—two-horse and four-horse powers, two grain drills, five straw cutters, combined feed mill, grain crusher, fertilizer, two root cutters, and two root pulpers.  
 McKenzie & Kirkpatrick, of Rothsay, show a gang plough, a wooden plough, and an iron beam plough, all well made and excellently finished.  
 R. G. Lambert, of Harrison, shows an improved Tolman two-horse power sawing machine, capable of cutting forty cords of stove wood per day. The connecting shaft is covered so as to avoid danger to the horses. The construction is substantial. Mr. Lambert also shows a straw cutter, a general purpose iron beam plough, Wilkinson patent, and a wrought iron scuffer, with double mould board plough connected.  
 Isaac Modeland, of Salem, shows a four or six horse separator on the principle of the larger ones.  
 B. & A. Tolton, Eramosa, exhibited an ingenious contrivance of their own invention, for harvesting peas. It consists of an attachment to an ordinary moving machine of a number of guards placed over the knives, and so arranged as to pull the peas and carry them to a table at the rear, which is made reversible so that the row of peas can be carried to either side of the knives.  
 Smith & Thurston, Ancaster, have a combined reaping and mowing machine, with Wheeler's improved self-rake attached. The machine has a wrought iron frame. They also exhibit an iron beam jointer plough.  
 Anthony Stephenson, Acton, shows an iron plough, highly finished and well made.  
 H. Milloy, Erin, has two of his well-known iron beam ploughs with wooden handles, one of these has a movable beam—something new—which the maker claims is a great improvement, as the ploughman can set his plough by moving the screws, which gives him depth or width of land as he chooses. Mr. Milloy has procured a patent for this improvement. It has also a steel share, with hollow bottom in the centre—draught light and easily held.

**Nassagaveya Municipal Council.**  
 The Council met on Monday, 14th Sep. Members all present. The Reeve in the chair. The minutes of last meeting were read and confirmed.

On motion the following sums were paid for sheep killed by dogs, viz:—Robert Currie, \$3.74; Samuel Congdon, \$10; William Roberts, \$4.67; John A. Peacock, \$4; William Holmes, \$2.40; and James Barman, \$4. \$4.92 were ordered to be paid to James Barman for gravel, laid on the road opposite lots 2 and 5, 1st Con. The sum of \$10 was granted to Peter Black, in aid of Mrs. O'Brien, a poor and indigent person. Mr. Easterbrook moved, seconded by Mr. Norrish, that the sum of \$90 be expended on the town-line between Nassagaveya and Nelson, opposite the 2nd Con., provided that the Municipal Corporation of Nelson grant an equivalent sum for the same purpose; and that James Menzies be appointed a Commissioner to act on behalf of this Township, to superintend the repairs of said road, with any party the Council of Nelson may think proper to appoint.—Carried.  
 On motion a By-law was introduced and passed, for levying the several amounts of money necessary for the present year, viz:—\$884.74 for County Rate, 1 and 4-10ths mills in the \$; \$437 for Municipal School grant, 7-10ths mill in the \$; \$850 for Township purposes, 1 and 4-10ths mills in the \$; \$1,564 for Special Rate, less \$892.50 available from the Municipal Loan Fund, reducing the former amount to \$1071.50, 1 and 7-10ths mills in the \$.

Mr. Menzies moved, seconded by Mr. Easterbrook, for leave to introduce a by-law to empower the collector to collect the school rate in certain school sections, the Trustees of which having complied with the Act in respect thereto, the said by-law having been read, the necessary times was passed.  
 An account from J. D. Matheson, of \$4.05 for printing a by-law and posters, was ordered to be paid.  
 Mr. Easterbrook moved, seconded by Mr. Norrish, that the late survey of Jas. McIntosh, P.L.S., of the side-line across the west half of the first concession, between lots 15 and 16 of this Township, be accepted, and a line established by this Council, and that a certain cedar tree bordering on the town line between Nassagaveya and Puslinch, being marked originally with irons, and numbered 15 on one side, and 16 on the other, be considered the centre of said side-line, as a starting point of said road from said town line. Provided that parties interested do not show good and sufficient cause, why said line should not be so established, on or before the first day of October next ensuing, and that the Clerk be instructed to notify William Cusick and James B. Moffat, of the same.—Carried. On motion, the Council adjourned, to meet on the first Monday in December next.

One good trait in Brooklyn ladies is, that they don't dare to "sass" their parents much before the age of thirteen or fourteen years.

No dull times at Day's bookstore. Day's low prices and large stock bring the customers; they are sure to be suited in goods and prices at Day's bookstore.

Raising cork trees seems to be an approaching industry in California. They are said to grow very rapidly among the foot-hills. At Auburn there are a number of trees three or four years old that have bark thick enough for any ordinary cork.

Day has killed the old fogy high prices for books, stationery, wall paper and fancy goods in Guelph. Quick sales and small profits, and cash down is Day's motto. If you want to buy cheap, go to Day's.

Stoves, Stoves.—Mr. John Horsman, the enterprising hardware merchant of this town, has added stoves and tinware to his establishment making it the most complete in Ontario. Stoves of all kinds can now be had of him. Farmers and all others requiring any would do well to call at Mr. Horsman's and see his immense stock of superior stoves with all the late improvements. He assures us that he will keep none that cannot be fully recommended as the best to be had in this country or elsewhere. He has also engaged careful and experienced workmen and is prepared to execute all orders for cast-iron, conductor pipes
