RUSSIANS FOR NEW ONTARIO. Toronto, Feb. 18.—The Brazilians who were said to have crossed the river at Detroit some weeks ago on their way to New Ontario, have been located in East Lambton, near Watford. They turn out to be Russians, and have traveled all the way from Oklahoma in open wagons, which got snow-bound finally. Lambtonians have been giving them food, and now a government officer will be sent to take charge of them and conduct them by train to New Ontario. There are

WAS PAINFULLY

INJURED AT BERLIN

Manager of Jubilee Rink.

Mr. C. W. Smith, the popular man-

ager of the Jubilee rink, was seriously

injured at Berlin last night. Mr. Smith, who is a hockey enthusiast, had gone

down with the team, and when enter-

ing the rink at that place, slipped and fell on the steps, striking his head heavily and being rendered uncon-scious. He was carried to the hotel, where it was found that the injury had

caused concussion of the brain, though not believed to be of an alarming na-

ture. Latest reports indicate that Mr. Smith is resting easily, and that he will likely be brought home tonight.

Uncertainty as to Time of Resumption of Inquiry.

Uncertainty exists as to whether the

election inquiry will be proceeded with tomorrow or postponed till Friday. At Mr. J. M. McEvoy's request the date

was postponed till Friday, as he ex-

pected to be called to Toronto on Thursday, but he later found that the Toronto business would necessitate his

going on Friday, and he then asked that the original date be kept. This, however, left Mr. T. G. Meredith in-

sufficient time to summon his witnesses, and he is doubtful if they can

be secured in time to go on. Judge Elliott says the inquiry must go on on Friday, if not on Thursday. It is un-likely that a Saturday session will be

A Plucky Young Lady Takes on Herself to Cure Her Father of the Liquor Habit.

STORY OF HER SUCCESS.

A portion of her letter reads as follows:
"My father had often promised mother
to stop drinking, and would do so for
a time, but then returned to it stronger a time, but then returned to it stronger than ever. One day after a terrible spree he said to us: 'It's no use. I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tasteless Samaria Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and no one would know him for the same man. It is now fifteen months since we gave it to him, and we feel sure that the change is for good. Please send me one of your little books, as I want to give it to a friend."
