There have been a great many changes in the Toronto garrison with in the last two or three weeks, the most noticeable of which is the promotion of Major G. A. Peters to be lieut .- colonel, and to command the Toronto Light Horse. Another noticeable promotion is that of Major Wellington Wallace, Thirty-sixth Regiment, to be ieutenant-colonel. He is and for many years past has been a resident in Toronto. Lieut.-Colonel Wallace has been in the militia service for not quite 26 years, and served in the Northwest rebellion, for which he wears the medal. For many years past he has devoted great attention to rifle shooting, being, as a matter of fact, statistical officer for the O. R. A. He is a bank officer in Toronto, and is looked upon as being a level straightheaded man. There are also a great many promotions in the Q. O. R. These are wholly in the ranks of subalterns. Major W. H. Merritt has not yet been
