PRICES ARE HIGHER

There has been a noticeable change on the local market since Wednesday, with trading more active and the attendance somewhat better. Prices as the result of the inclemency of the weather have soared in many lines.

Particularly in hay and rotatoes the change is fell. Other lines are firm

RECKLESS FINANCING BY HYDRO PROMOTERS

Bankers Say Their Unscrupulous Methods Should Be Stamped

Out.

[Canadian Press.] Chicago, Ill., Oct. 30.-Discussion of investments ranged from electrical securities to railroad bonds at the clos-

ing business session of the Investment Bankers' Association of America to-Delos A. Chappell, of Los Angeles, addressed the convention on the "Financing and Development of Hydro-Electric Power." The enormous amount of power consumed in Cali-

fornia for irrigation and agricultural purposes had been responsible, he said, for many reckless promotions, calling for the introduction of some financing methods to stamp them out. The accumulation in the hands of a few individuals of the enormous imber resources in the United States was responsible for the comparatively small amount of timber land bonds outstanding in the hands of investors. according to Clark L. Poole, of Chi-

There were less than \$150,000,000 worth of these bonds outstanding, he said, although the value of standing Mr. Ross died only three weeks ago timber, together with plant and equipment of the lumber industry reached the enormous total of ten

billion dollars. Official Government investigators had showed, he said, that three persons owned nearly 11 per cent of the privately-owned timber in entire country, and that 195 holders owned more than 42 per cent.

The Government estimate that at the present rate of consumption the native timber supply would be ex-hausted in 50 to 75 years, he said, had had, and would have in the future, a marked effect on the value of standing timber.
