Rumanians Continue Gains in  
Transylvania—Attacks in  
Macedonia Repulsed.

BERLIN ADMITS DEFEAT.  
Berlin, Sept. 26.—By Wireless to  
Sayville.—Rumanian troops have  
again occupied the heights on both  
sides of Szurdok and Vulcan passes,  
in Transylvania, says the German  
official statement issued today. Ger-  
man troops repulsed all the Rumanian  
attacks again at the passes, the  
announcement adds, but were with-  
drawn according to army orders.

New York, Sept. 26.—A news agency  
dispatch from Bucharest, published here  
today says:  
Teutonic forces in Dobruja retreated  
on the left wing in Sunday's fighting  
after several lively engagements, the  
war office reported. The German and  
Bulgarian losses have been very great.  
One Rumanian division pushed up 5,000  
rifles abandoned by the enemy.  
In Transylvania the Rumanians have  
made a further advance in the Calman  
mountains.

ON MACEDONIAN FRONT.  
Paris, Sept. 26.—12:15 p.m.—On the  
western end of the Macedonian front,  
to the east of Florina, the Bulgarians  
last night made a violent counter-  
attack. Today's official announcement  
says these assaults were checked by  
the French. West of Florina the Rus-  
sians and French made a combined at-  
tack and took fifty prisoners.  
Between the Struma and the Vardar  
there was artillery fighting, together  
with some skirmishing, and especially  
on the British front. No infantry ac-  
tions developed in the sector held by  
the Serbs.

TURKS CLAIM VICTORY.  
Constantinople, Sept. 26.—Via  
London, 1:45 p.m.—On our right wing,  
on the Caucasian front, there were the  
usual skirmishes, with intermittent ar-  
tillery fire, says an official announce-  
ment issued here today.  
"Regular and irregular forces of the  
enemy landed on September 23, under  
protection of aerial units, in the neigh-  
borhood of Akrol Peninsula. They were  
burned and sustained heavy losses.  
According to later information, we  
inflicted heavy losses on the enemy  
when we obliged him to retreat east of  
the Suez Canal. We captured a large  
quantity of booty, which he abandoned  
during his retreat."

ROUTED FROM CAMP.  
London, Sept. 26.—12:10 p.m.—The fol-  
lowing official account of operations on  
the Macedonian front was issued here  
today:  
"On our Struma front Karasia was  
attacked by French artillery, and as a re-  
sult the enemy was compelled to move  
the site of his camp. Our patrols made  
successful raids on enemy trenches.  
"Hostile artillery and aircraft dis-  
played considerable havoc. Our aircraft  
engaged enemy machines on three occa-  
sions and drove them off."

'HER ENEMIES ARE BLEEDING HER  
WHITE AND DIVIDING THE COST  
AMONG THEIR SUPERIOR FORCES'

Critic of the New York Tribune Declares That Fact That  
Germany Is Beaten Beyond All Doubt—Summer of  
1917 to See the Finish.

[Canadian Press.]  
New York, Sept. 26.—The Tribune this  
morning, in its leading editorial under  
the caption "Defeated Germany," says:  
"As we approach the end of the third  
campaigning period of the great war,  
one fact stands out clearly beyond all  
doubt. There is no longer any question in  
the minds of any but the most pro-  
nounced of Germany's sympathizers as to  
the ultimate outcome of the conflict.  
It is patent to the least trained military  
eye that Germany is beaten. What the  
military men of the world are now de-  
bating is the length of time that will be  
required to make absolute a decision  
that is no longer a subject of debate."  
Now in a Third Phase.  
"If one goes back over the history of  
the tremendous struggle it now becomes  
perfectly clear that we have lived  
through two distinct and completed  
phases, that we are living in the midst  
of a third, which is marked by very clear  
and unmistakable characteristics.  
The first phase of the war was the  
supreme effort of a nation of 65,000,000  
of people, having as an ally another na-  
tion of 50,000,000 to destroy the military  
establishments of three nations with a  
combined population of 215,000,000.  
Europe alone, and with almost unlimited  
resources outside, before these nations  
could prepare as Germany was pre-  
pared. Choosing her own moment,  
choosing her own field of activity, hav-  
ing unrivaled artillery, unassisted re-  
sources in the air and on the battlefield,  
Germany struck. Her great general  
staff expected to dispose of France well  
before the end of the year, and to have  
Britain as still without any really for-  
midable army. It was their view that

Austria would hold Russia in check until  
France was disposed of.  
Superior in Men and Arms.  
Two years ago, when Germany struck  
France, Britain had rather less than  
150,000 available for service on the con-  
tinent. Today she had ten times as  
many on the continent. French and Brit-  
ish artillery have now a superiority over  
Germany and the supply of munitions  
of the Allies is also superior in the  
west.  
After a lengthy resume of the various  
campaigns during the two years of the  
war, the Tribune concludes:  
"Germany has had her chance and she  
has not won. She did not succeed in  
crushing unprepared enemies possessing  
inferior numbers of trained troops when  
she chose to strike. Now numbers,  
preparation, everything, have turned  
against her. Her enemies are bleeding  
her white and dividing the costs  
among superior numbers. These ene-  
mies no longer have the smallest doubt  
as to the outcome of the war. All the  
allied armies feel themselves to be vic-  
torious at the present moment and  
count no sacrifice too great to con-  
tribute to the ultimate collapse of the  
enemy."  
Peace Not Till 1918.  
"No one expects to see a material  
change in the situation before the cam-  
paign of next summer. Few people now  
expect peace till 1918, but the summer  
campaign now coming to an end has  
abolished all doubt in London, Paris,  
Rome, Petrograd. The third phase has  
only begun, but the end of the third  
phase is revealed to all. We are look-  
ing at Germany in defeat, and the evi-  
dences of defeat mount daily."

cable from Vera Cruz to the city of  
Mexico. Cejada is a name little known,

had any connection with Villa, and is  
believed by the Nationalist party lead-  
ers here to be operating independently  
at the present time.

GRAHAM VERDICT  
AWAITING RETURN  
OF SIR SAM HUGHES  
Minister of Militia Is Personal  
Friend of London's Own  
Head.

[Special to The Advertiser.]  
Ottawa, Sept. 26.—The case of Lieut.  
Col. C. M. R. Graham, officer command-  
ing the 142nd Battalion, who has been  
relieved of his command for strapping  
a private, has not come before the  
militia authorities here as yet, accord-  
ing to information received at head-  
quarters. The incident happened some  
days ago, and the press have been full  
of the case, so it is hard to understand  
here why nothing has been done.  
It is rumored here that the case has  
been held up, until the return of Sir  
Sam Hughes, minister of militia. The  
impression prevails here that the au-  
thorities do not want to deal with it  
until Sir Sam gets back, hence the de-  
lay. There is also a strong opinion here  
that Col. Graham will be restored. He  
is a personal friend of Sir Sam's, and it  
is taken for granted that the minister  
will pass over the incident. There is  
much comment here on the delay.

BRITISH FRONT IN FRANCE, SEPT. 25.—Via London, Sept. 26.—8:58 a.m.—  
This has been another great day for Anglo-French forces on the Somme. As a  
spectacle for the observer it was the most splendid of all the attacks made by  
the allied forces since the commencement of the great offensive. What either  
army was trying to do, and how they were doing it, the positions they held and  
sought to conquer in the team play of the blue French legions and the khaki-  
clad brigades of Britain were comprehensible to the eye in the glorious  
autumn sunlight for a sweep of ten miles. The scene had the intoxication of  
war's grandeur—if war can be said to have any grandeur. Tonight the British  
have taken half of Morval, all of Lebeuvre, and have advanced their line on a  
front of 8,000 yards for an average depth of 1,000 yards; the French have  
stormed Rancourt, and have pushed their line to the outskirts of the little  
village of Freignicourt, a mile east and a little north of Combles. The German  
stronghold of Combles is virtually isolated.

Wonders of New War Machine

Paris, Sept. 26.—"After the hasty and improvised means of resist-
