

DISORDERS HIT GERMAN CITIES

Serious Demonstrations Occur As Result of Socialists' Manifesto.

Rioters Killed in Various Places in Clashes With Police.

BERLIN, July 6.—The central committee of the Independent Socialist party has issued a manifesto to its members declaring that in view of the militarist and monarchist reaction it is essential that unity of the proletariat be brought to a maximum and that therefore Independent Socialists must be prepared to enter the cabinet.

The Social Democratic motion for alteration of various dynastic street names into republican names was adopted by the House of Burgesses of the Free City of Lubeck. Toward the close of the sitting Communists seized and destroyed busts of Von Moltke and Bismarck.

In the city of Frankfurt shop windows and signs were smashed in the course of republican demonstrations. Police were shot at from windows and returned the fire, wounding two civilians. Collisions also occurred in Dusseldorf, in the course of which several civilians were wounded or arrested.

In Ludendorff street and Hindenburg Square signs were removed and replaced with others bearing names of Erzberger and Rathenau. At Wiesbaden a gang of youths clashed with the police, who fired into a crowd wounding seven. Considerable looting was reported.

Serious disturbances occurred in demonstrations. One man was killed and 19 wounded at Weissenburg, near Breslau; several persons were wounded at Bingen, near Freiburg, while at Somerschenburg thousands of workmen from surrounding districts gathered in and forced miners to stop work.

Battle All Night.
Capt. Von Rosenberg, manager of Somerschenburg estate, was killed. Police reinforcements dispatched from Madgeburg were disarmed by rioters, and firing continued all night long. Three rioters were killed and many wounded. Count Gienemann's castle was looted.

Rioting also occurred at Zwickau, Saxony, lasting for into the night. The fighting originated in an attack on the town hall which had for its object the disarming of a police guard. Much firing occurred between rioters and police and the mob finally gathered outside of the police barracks and ordered the police to surrender arms. When the latter refused, fighting was renewed. Ten workmen and eight policemen were wounded and one workman and one policeman killed.

ALBERTA NOT TO BRING IN WOMEN

EDMONTON, July 6.—The Alberta government has decided not to give assistance to the immigration of women at the present time. A proposal was laid before Premier Greenfield a short time ago by Commissioner Lamb of the Salvation Army for bringing in both boys and women from Great Britain, the latter to include persons willing to enter domestic service in Canada, and widowed women with children. So far as the women are concerned the government will not take up the scheme this year at any rate.

As to boys for farm work, Premier Greenfield says the government is looking into the matter to see if it is practicable under existing conditions.

ASK BOARD OF CONCILIATION

WINNIPEG, July 6.—Application for a board of conciliation has been made to Hon. James Murdock, federal minister of labor, by the Canadian Pacific Railway section of the Order of Railroad Telegraphers, following the breaking off of negotiations between the men and the Railway Association of Canada. A chairman has not yet been appointed, but the men have named David Campbell of Winnipeg to represent them. U. E. Gillen of Toronto will be the railway company's representative. Failure to reach an agreement on working conditions resulted in the application for a board.

RAILWAY FAILS TO HEED DEMAND

NIAGARA FALLS, July 6.—No action has yet been taken by the city council's demand that the International Railway operate its Canadian section.

It was learned today that cars may be running tomorrow on the Queenston-Cippawa division, but the management of the railway is non-committal beyond the fact that the cars will be in operation shortly by experienced men. The president claimed, however, that the men to be brought in will not be strike-breakers.

Wylie, candidate for the constituency of the Cape of Good Hope, in the election at St. James' in the Cape of Good Hope. The result is a Labor gain. The victory was caused by the death of W. Hunter.

Tories To Give Ontario "Generous" Liquor Policy.

VICTORIA, B. C., July 6.—The Conservative party in Ontario plans to enter the next provincial election on a new liquor policy which will be more generous than the prohibition law in force there now. It was said here today in connection with the visit to this city of Hon. G. Howard Ferguson, leader of the Conservative party in Ontario.

Mr. Ferguson is here, it is said, to study British Columbia's method of handling the liquor question before formulating the liquor policy which the Conservative party is to announce for Ontario.

NEW "TREATY" WITH RUSSIA EXPLAINED

Trade and Commerce Department Claims Commercial Accord Is Private Pact.

OTTAWA, July 6.—(By Canadian Press.)—Canada's "commercial accord" with Russia, referred to in London by Mr. Litvinoff in the course of an interview given in the British capital is more of a private arrangement between certain Canadian exporters and the Russian government than anything in the nature of a treaty between Canada and Soviet Russia, according to information available tonight at the department of trade and commerce.

Trade relations between the governments of the two countries are in precisely the same state as between city and country, when a street is killed, however, a project of which the Russian government was to deposit gold in Canadian banks which would enable her to purchase goods from Canadian exporters. So far as the department here is aware the "commercial accord" spoken of by Mr. Litvinoff apparently refers to the conclusion of that arrangement.

Since this is a private arrangement with Canadian exporters, the government departments here have no knowledge as to the extent of trade which may result from it.

London and district Orangemen will hold their annual church parade to Cronyn Memorial Church Sunday afternoon, and Rev. Roy D. Mess, W. M., will preach a special sermon to the London Orange District. A brass band will head the parade which forms up on the market shortly before 3 p. m.

In addition to the above band Hackett Lodge Five and Drum Band and Forest City Lodge Flute Band will be in attendance.

St. Thomas Orangemen numbering 150 will come to London via special train for the church parade, and will be accompanied by a brass band.

WANTS BALL PARK FOR PLAY GROUND

Ald. O. I. Cunningham is in favor of the city acquiring Tecumseh Baseball Park in London West as a civic playground with the \$20,000 left to London by the late "Archie" McMahon for this purpose. "It is centrally situated and ideal for a civic playground," declared Ald. Cunningham, with reference to Tecumseh Park. "The baseball diamond does not need to be sacrificed, as there is ample room at the north end of the park for a playground in addition to free baseball grounds. The \$22,000 of the land and equipment for the playground."

cons, driven from pillar to post, made their last stand in a hotel.

Suspend Train Service.

No trains have yet reached the west from Dublin. Four weekly newspapers which are printed in Boyle were not published this week.

It is learned that in the fighting at Boyle Brig-General Michael Dockerty of the government forces, was shot dead.

Eleven of a band of 60 insurgents who attacked the Free State barracks at Lifford, County Donegal, were wounded in the course of the fight, which lasted an hour and a half, says an Exchange Telegraph dispatch received by way of Dublin. The garrison which held off the insurgents consisted of only twelve men. Every window in the barracks was smashed during the attack.

WINTER FAIR WILL START NOVEMBER 22

Directors Obtain Agreement With Civic Officials At Toronto.

TORONTO, July 6.—The directors of the Royal Agricultural Winter Fair Association of Canada held their meeting this afternoon here at the Carls-Rite. A general air of satisfaction prevailed when President W. A. Dryden announced that with regard to the association's use of the civic arena for a livestock show, "an agreeable solution has been arrived at, and we are both in complete harmony."

The arrangement in effect is that the city will receive what proceeds are left after the payment of the expenses. Mr. Dryden stated that Mayor Maguire and the members of the board of control appreciated the position and had told the association to go ahead under the original contract, with the understanding that the city, however, should receive only the surplus. There was no draft agreement, but the executive of the association were confident that the board of control was behind the show and anxious to make it a success.

The date of the show, it was announced, would be November 22 to November 29. It was announced by the president that H. C. Cox wished to resign his position as vice-president. The resignation was accepted with regret, and Mr. E. M. Carroll was elected to fill the vacancy. D. O. Bull was then elected to the directorate.

TOM ROY SPEAKS TO KIWANIS

Continued From Page 3.

shown by Mr. Baker would spread to all other parts of the country.

Mr. Roy touched on the work of the Kiwanis Clubs and especially referred to the unprivileged boys' movement in relation to the Kiwanis motto, "We build." The Kiwanis movement, which hitherto had not been strong in the conservative states of Eastern United States, was gradually spreading to the Atlantic coast, he said. He predicted that it would be as firmly established there within a few months as it is in the west at present. He announced that he intended to work for the establishment of a club in Brockton when he returned there in the fall.

The beauty and strength of the motto "We build" lay in the word "build." It was the spirit of co-operation that counted; the marching forward shoulder to shoulder. The church, he said, has been striving through its history to get men to say "We" rather than "I" but, he claimed, the Kiwanis Club had accomplished more relatively towards this end than any other organization in the comparative short time of its existence.

He touched on the relationship of the United States and Canada. Canada must consider herself a nation, he said. History, written page after page on the battlefields of France, had made her one of the world's great nations. It was to realize in full the standing, and if the spirit was to grow, the realization of her importance must be inculcated in her youth and the rising generations.

The salvation of the future civilization, he said, lay in binding together the hearts of Canadians and the people of United States.

He had heard during his short sojourn in the United States, hisses and curses against the British Empire, but he refused to judge the whole nation by the attitude of the few. The great men of United States, he said, realized the great importance of a better understanding and a closer relationship among the English-speaking people of the world.

Mr. Roy then urged a greater observance of all laws, whether they be popular or not. Referring especially to the temperance act, he claimed that while the law is being observed, if rich men, believing it unjust and a curtailment of personal liberty, openly violated it, they need not be surprised if men with less intelligence, following their example, broke other laws and committed grosser sins.

It was announced that \$600 was the net proceeds of the baseball game played Friday last for the unprivileged boy camp fund.

There will be no speaker at next week's luncheon, as at 1 o'clock the Kiwanians will leave for Sage's Farm to erect a building for the boys' camp.
