

# Errors Behind McPhee Enable Terriers To Win Play-Off at Brantford

## 4,200 FANS SEE SAINTS WOBBLE

Southpaw Fans Fourteen, But Bad Seventh Behind Does It.

BRANTFORD, Oct. 2.—Although McPhee for St. Thomas pitched excellent ball and should have won, the Galt Terriers got away with the O. B. A. A. semi-final this afternoon, 4 to 3, hitting timely after errors had put men on bases. The game set an attendance record. Although played on neutral ground, and almost at a half-day's notice, there were 4,200 paid admissions.

McPhee fanned fourteen, but the infield behind him was wobbly in the pinches.

## GRAND CIRCUIT BILL IS SPECTACULAR

Kentucky Opening Furnishes Best in Fifty Years.

LEXINGTON, Ky., Oct. 2.—Some of the most spectacular racing in its 50 years of history was witnessed at the opening day of the golden jubilee meeting of the Kentucky Trotting Horse Breeders' Association this afternoon. The feature event, the Walnut Hall Cup, went to Sanford Small's four-year-old colt, The Great Volo, the fastest being the fastest ever trotting in the event and the first heat equalling the record for the event set by Ant Guy in 1918.

Frank H. Ellis's filly, Jane Revere, with Ben White piloting, won the six-year-old colt, The Great Volo, the fastest being the fastest ever trotting in the event and the first heat equalling the record for the event set by Ant Guy in 1918.

W. B. Dickerman's Pinvarra was a rather easy winner in the 2:15 trot, which opened the meeting.

MAKS 30-METRE RECORD.  
HANGFORS, Oct. 2.—Hannes Kolehmainen, the Finnish runner, broke the world's record for 30 kilometers, doing the distance in 1 hour, 19 minutes and 13.3 seconds. The previous record was held by A. Stenroos of Finland, who finished in 1 hour, 19 minutes and 42 seconds in 1915.

INCHO MEETS MURRAY.  
PHILADELPHIA, Oct. 2.—Panchito Villa, who recently won the United States lightweight championship from John Buff, will meet Battling Murray this city in an eight-round bout tonight. Murray has boxed Jimmy Wildgoose of the world's flyweight title.

## REPORTS INCREASE OF INFANTILE PARALYSIS

TORONTO, Oct. 2.—The increase over the corresponding month of last year in the number of cases of infantile paralysis is the circumstance in the province's health during September, which the provincial health department's monthly report calls attention to.

There were, during the last month, 55 cases of infantile paralysis, with 19 deaths resulting reported to the department, while in September last year only 17 cases and one death were recorded. The epidemic, however, is apparently, the report states, on the wane.

During the month the number of cases of each disease and the consequent deaths reported were: Smallpox, 19 and 1; scarlet fever, 180 and 19; diphtheria, 180 and 19; measles, 180 and 19; whooping cough, 180 and 19; tuberculosis, 180 and 19; infantile paralysis, 55 and 19; cerebro-meningitis, 8 and 6. There were 341 cases of venereal disease reported.

## John McGraw Is As Hard On Ice Box As He Is With His Squad of Players

John McGraw likes to sleep in the mornings and he likes to eat at night. Above he is shown with Mrs. McGraw and their thoroughbred Airedale on the lawn of their Pelham Manor home. Below John is getting a bit to eat from his refrigerator.

By Dudley Siddall.  
NEW YORK, Oct. 2.—Beyond the barrier of aloofness that he has erected between himself and a hero-worshipping world is a John McGraw of fine sensibilities, a big heart and a deep appreciation of other folks' virtues.  
To the fans who know him only through the newspapers, the name of John McGraw conjures up a cold, calculating, Napoleonic type of leader. They have learned to think of him as a fighter, a result-getter, a driver, an austere, distant man whose amazing achievements merit respect, but whose personality forbids affection.  
John McGraw, suburbanite, is a much different individual from John McGraw, manager of the New York Giants.  
Forget, for the moment, the pictures of him on the bench as he directs the Giants; those intense, grim pictures showing his brows knitted, his jaw set, his hands knotted into two hard fists.

## POLICE ROUND UP FOLL TAX DODGERS

Collect Money in Chatham—Brothers Fined For Breach of Liquor Law.

Special to London Advertiser.  
CHATHAM, Oct. 2.—The city police are now engaged in collecting poll tax from all citizens whose names are not on the assessment roll.

All young men who are members of the Kent Regiment or any other military force in the city are not liable to the poll tax, exemption of this nature having been provided for these young men by the city council last year.

Registration for pupils for the night classes for the Industrial School commenced this evening, a large number of young men and ladies asking to be placed in various classes.

The above classes open in the Industrial School on Monday evening, October 9th. Principal Harry Collins of the school expects that the registration will be much larger than that of last year.

Charles and William Patchett, farmers of Chatham Township, paid fines of \$200 and costs each on charges of violating the Ontario Temperance Act in the county police court this morning.

Charles Patchett also paid a fine of \$10 and costs for assaulting his wife.

Augustus E. Sauermann of this city is the new conductor of the band of the First Battalion of the Kent Regiment. Members of the band held a special meeting on Saturday evening last, when several applications were received for the position.

Mr. Sauermann is well known in Western Ontario musical circles, and was leader of the Kent Mills Band, which played in this city many years ago.

## OPPOSE COALITION TO FIGHT SOCIALIST PARTY

Prominent British Tories Object To Conservative-Liberal Alliance Against Labor.

LONDON, Oct. 2.—(Canadian Press Cable.)—The suggestion of Sir George Younger, chairman of the Conservative party, in a speech last week, that Conservative support ought to continue to be given to the coalition to fight Socialism, meets emphatic opposition from Conservatives of prominence in the North of England, who for the most part are inclined to express the opinion that the Socialist menace, if such really exists in a formidable way, should not be fought by a Conservative and Liberal alliance against Labor.

The Yorkshire Post has collected the views of Unionists in the North of England, which shows an almost unanimous desire for a return to complete independence by the Unionist party.

From the Independent Liberal quarters there comes the opinion that Bonar Law will ultimately decide which way the Conservative cat will jump. Lord Long, as already cabled, has declared for the maintenance of the present government for the time being at all events. But Bonar Law is lying very low, doubtless because he appreciates the extreme effect

## CONSIDER NEW POSTAL RULES

Authorities Approve of Increased Indemnity For Loss of Registered Articles.

Conference Frowns On Time Clock As Substitute For Attendance Book.

OTTAWA, Oct. 2.—(By Canadian Press.)—Important changes in regard to registered articles met with the approval of the first conference of Dominion postal authorities at this afternoon's sitting. Votes taken favored:

1. Increase in the maximum indemnity for the loss of registered articles. The present maximum is \$25. The new maximum suggested is \$100.

2. Indemnity to include abstraction and damage. In regard to the last named vote, indemnity is now paid only if the registered article is totally lost. Should the decision of the conference be adopted, indemnity will be paid if the contents are missing or damaged.

Discussion during the day covered a wide range of topics, mostly dealing with the technical handling of mail.

The time clock as a substitute for the present attendance book did not receive much favor. Replies received from the larger postoffices, it was said, were against time clocks mainly on two grounds: (1) that with time clocks, clerks in charge of the various offices were unable to go to the time book and see who was or was not present. There was also no record of, for instance, a week previous and (2) employees in city postoffices did not all have the same hours of duty.

To these objections the point was made that they had in view the older form of time clock and not the latest models, which could not be beaten. "I have seen the latest time clocks at work and I have seen them beaten," observed one postal official.

No formal vote on the question was taken, however. The conference continues tomorrow and Wednesday.

## OPPOSES INDIANS' APPEAL TO CROWN

Hon. Charles Stewart Declares Six Nations' Claim Must Be Settled in Canada.

BRANTFORD, Oct. 2.—There will be no reference of the claims of the Six Nations Indians to the British crown or to the League of Nations, said Hon. Charles Stewart, minister of the interior and superintendent-general of Indian affairs for the Dominion of Canada, writing to Chief Deskaheh (Levi) General speaker of the Six Nations Council.

In part he says: "The government desires to promote your interests, to inquire fully and freely into all your claims, to deal justly with your people, but does not feel that it would be justified in submitting any question with reference to the administration of your affairs or the affairs of any other tribe of Indians in Canada to any arbitration or tribunal outside the country. The government is certain that the Canadian Parliament, Canadian courts and other Canadian tribunals, properly and legally constituted, are the only proper tribunals to which the claims of British subjects both Indian and non-Indian residing in Canada can be referred and dealt with."

"The government is yet willing to have this question of status referred to the proposed commission of three judges of the Supreme Court of Ontario."

REPORT GIRL DEMENTED FROM SHOCK OF ACCIDENT

Responsible for Motor Smash, Brant Township Girl Believed Insane.

Special to London Advertiser.  
CARGILL, Oct. 2.—A young girl of Brant Township, near here, who figured in a motor accident in Brant about six weeks ago, when a Kitchener car collided with a car driven by her, is reported to have become violently insane as a result of the shock sustained at the time of the mishap.

The Brant girl and her mother, who were the only occupants of the car, were thrown out and had a narrow escape from being killed. Both were high-powered motor cars and were badly damaged.

The Kitchener autoist, it seems, had the right-of-way, with the result that the girl's father had to pay a considerable amount of money to repair both cars. This preyed on her mind so much, along with the shock, that she is reported to have went insane a few days ago.

## MATERIAL AID FROM INDIA TO TURKS IMPROBABLE

LONDON, Oct. 2.—(Canadian Press Cable.)—Notwithstanding the keenest interest is being taken in the Near East situation throughout India, the political situation is easier, says a Reuter cable from Simla, India. This applies even to Punjab, which is a predominantly Moslem province.

Punjab would undoubtedly sympathize with the Turks if hostilities broke out, but that sympathy would not likely be translated into action.

The recent manifestations of communal bitterness between Hindus and Mohammedans, although acute, were not directed against the government, and are not likely in the future to assume dimensions beyond the control of armed forces.

## POSTAGE STAMP SALES FOR YEAR \$28,350,000

More Than 500,000,000 Letters Mailed in Twelve Months in Canada.

OTTAWA, Oct. 2.—(By Canadian Press.)—More than 500,000,000 letters and postcards and some 350,000,000 newspapers are carried through the Canadian mails in the course of a year's business, according to figures presented by the postoffice department to the conference of postal officials today. In addition, 50,000,000 parcels and 250,000,000 circulars, etc., are handled.

The statement, giving approximate figures for a year's business, showed that in the course of twelve months 10,000,000 money orders and 6,000,000 postal notes are issued. There are 12,200 postoffices operated and 12,400 mail routes.

The summary of a year's business was given to the postal officials as indicative of the place of the postoffice in the business life of the Dominion. Translated into dollars, the mail service expenditure for a year was stated to be \$15,000,000 and the annual cost of rural delivery service \$2,750,000.

Postage stamp sales in the course of a year, it was pointed out, reach the enormous total of \$28,350,000, while money-order transactions amounted to the changing hands of \$270,000,000. Postal note transactions totaled \$25,000,000, and there was on deposit in postoffice savings banks approximately \$25,000,000.

Invariably the first thought that comes to the mind of one who has lost an heirloom, a valuable jewel or some article prized for its associations, or as a keepsake, is a Want Ad.
