Weak cables, fine weather, heavy northwestern receipts, fairish visible and light exports caused heavy reselling, but bug stories, liberal May enquiry and oversold market tended to later strength and long buying by many good raders, who felt that the weak holders had pretty thoroughly liquidated. Corn and oats were sary heavy early and commission houses princial seller. At one time markets were almost

Drummond & Brown received the following to-day over their private wire from La Montagne. Clarke & Co. of New York: Market opened very strong and higher, and during first hour advanced with heavy trading. There was considerable liquidation by holders of long stock which filled the buying orders and on some pounding by the bear interest. The market reacted 1 per cent. There was no attempt made to sell on the decline, and the market was dull. We do not believe that this decline will amount to much, and any attempt to cover stocks will advance prices quickly. The market is full of stop orders, however, and an attempt may be made to ot but stimulate fresh buying.
