avenue, near Methodist Church, and one at Vaughan-road.

The committee also pointed out the necessity of the township being divided into definite assessment districts and the keeping of an exact account of the receipts and expenditures of each in the matter of general tax, statute labor tax, general local improvement tax and receipts and expenditures for school purposes.

A communication was received from W. H. Givens, calling the attention of the council to the advertised list of lands for taxes, who states that a number of persons described as having property on lot 2, concession 2, never owned a foot of land nor ever paid taxes on any in that part of the township. A 27-foot lot, very meagrely described as being on lot 2, concession 2, and owned by a man named "Gibbons," is also advertised for sale. Mr. Givens states that he is the only one in this locality whose name nearly approaches "Gibbons," and being the owner of a lot beying a frontage of 27 feet on Danforththe only one in this locality whose name nearly approaches "Gibbons," and being the owner of a lot having a frontage of 27 feet on Danforthavenue, also being on lot 2 concession 2, Mr. Giyens notified the council that he owns this lot and that he has paid the taxes, and concludes: "If the list for York Township is as erroneous as in this section I am afraid that what is claimed as an asset for the Township of York will terminate in a mere bubble." Forwarded to be county treasurer.

Dr. Page also wrote, requesting the control of the county treasurer.

the county treasurer.

Dr. Page also wrote, requesting the council to pay his last year's salary of \$40, which, on motion of Mr. Goulding, was ordered to be paid.

Mr. Smith of Todmorden Katepayers' Association addressed the council, stating that he understood Mr. Hazelton was an applicant for reappointment as road commissioner, and he appeared before the council to protest, as Mr. Hazelton had not given satisfaction, both in manner and services. The association did feelike recommending Mr. Brown, but would leave the matter in the hands of the council.

Petitions were presented, signed by a large number of ratepayers, praying for the appointment of Joseph Hind as road commissioner; for John T. Brown as health inspector; for C. R. Bache as road commissioner for district No. 6; a petition was also presented, with over 300 signatures, praying for the reappointment of Robert Hazelton as sanitary inspector.

A bylaw to appoint a local Board of Health and sanitary inspector for 1894 was introduced, on which the council went into committee of the whole with Mr. Heslop in the chair. On motion of Reeve Hill the words east and west were struck out of the bylaw and only one inspector appointed.

FINANCE AND TRADE.

A number of Toronto wholesale merchants were interviewed yesterday as to how tusiness paper was met. As a rule notes were well provided for, some merchants going so far as to say that payments were better than had been anticipated. February is a month usually looked forward to with some anxiety by the wholesale drygoods trade.

"There is an advance of one-sixteenth in the price of refined sugars at New York," said a merchant yesterday. "Although the market is firmer here prices are no higher. It is yet too early, in my opinion, for the market to go up. Granulated sells here at 4%c."

Mr. George Keith is showing a remarkably fine sample of alsike clover seed, grown on a farm near Toronto. "It is the finest sample I ever saw," said Mr. K. "Our soil and climate seem to be suitable for clover seeds, and they command the best prices in foreign markets."

The wholesale tea firm of Stanway & Bay-ley, Front-street, has been dissolved. The first meeting of the new council of he Board of Trade will be held this after-neon at 4 o'clock.

At Suckling & Co.; another rooms yesterday the attendance of music dealers was large. The attraction was the sale of the large stock of I. Suckling & Co., which was offered in lots. The principal purchasers were: R. S. Williams of London, P. Grossman of Hamilton, A. & S. Nordheimer, Whaley, Royce & Co. and I. Suckling. On account of the large stock list the copyrights will be sold to-day.

The deposits of these banks are \$551,800,000, as compared with \$495,475,000 a year ago, while the loans are only \$419,530,000, as gainst \$464,910,000 at the corresponding date of last year.

The continued uncertainty as to what Congress may finally do in respect to the tariff and the income tax, says Henry Clews, keeps business at large in a very dull and hesitating position. The Wilson bill with the income tax provision attached now goes to the Senate, where its fate will soon be foreshadowed. Whether defeated or successful, the final disposal of the measure will bring great relief by ending suspenso. The continued extensive resumption of factories and works closed for months past shows that manufacturers have become sensible of the close exhaustion of stocks in many branches of trade, and that they now feel it safe to make provision for the later wants of the spring season and for the fall trade. There seems to be no doubt that the country, especially in the interior, has now fairly entered upon a process of recovery; but its progress must be expected to be slow.

## EPPS'S COCOA BREAKFAST-SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately-flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
