Great Britain Offers Unrestricted Market.

QUALITY IS OF HIGHEST

Commissioner of Agriculture Concludes Survey.

OTTAWA, July 3 .- (Canadian Press) Great Britain offers an unrestracted narket for Canadian cattle of the feeder ype, in the opinion of Duncan Marshall, commissioner of agriculture, who as just returned from some four months' study of the overseas situa-

Mr. Marshall is convinced that the British market can absorb as much live

attle as Canada can ship, in addition the feeders, which arrived from Ire and. In spite of the shorter journey from Ireland, he said, the unanin opinion of the traders was that Irish sattle compared unfavorably with Can adian on their arrival. Shipments from anada so far have come off the boats ively and in excellent condition, show ing a shrinkage of only one-half of or per cent. from Montreal weights. Wit regard to the cattle killed at Montreal and shipped as chilled, Mr. Marshall said this compared more than favorabl with chilled beef from the Argentin Republic. The latter has the disadvantage of a longer journey and it contains a certain amount of ice, from which the Canadian beef is free. The difficulty. however, is that chilled beef from Canada is apt to arrive in Britain at a noment when the market is glutted with large shipments from Argentina which plays havoc with the prices.

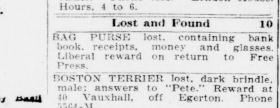

#### AT OPPORTUNE TIME.

The readmission of Canadian cattle into Britain came at a very opportune time, Mr. Marshall contended, inasmuch as there was an abundance of feed especially in Scotland. British traders who remember the Canadian steers of 30 years ago, declared that Canada had made remarkable progress in breeding The farmers who bought from the first shipments this year are anxious for more and there will be a good demand for Canadian feeders in the fall if crops in Great Britain are satisfactory. The complete cost of shipping Canadian cattle from Lethbridge, with two days' feed in Montreal, and selling them on the Liverpool market, paving all fees, amounted to \$3.93 per pounds. The 25 head killed at Livernoo lressed 57.4 per cent. They looked very well hung up, except that the flanks showed a trifle dark as the result of the The price obtained was equal. after deducting all charges, to a live weight price of \$8.24 at Montreal.
