Mercantile Summary.

THE first iron ship was built in 1829 by John Laird of Liverpool, lately deceased.

MESSRS. Jno. Gillard & Co., retail dry goods men, of Hamilton, in business some five years, have not been successful. They offer fifty per cent. compromise on about \$20,000.

THE ratepayers of the town of Strathroy have voted upon the question of bonus of \$50,000 towards the Stanley, Strathroy & Port Frank railroad, and decided to grant the amount.

THE returns of railway traffic for February show a falling off from same month last year of \$128,372 on the Great Western, and \$110,135 in the case of the Grand Trunk railroad.

ST. JOHNS Que. now boasts a shoe factory, entitled the St. John's Manufacturing Co., which has a capital of \$50,000, and will give employment to about a hundred hands.

THREE of the celebrated Clydesdale horses, twenty Berkshire pigs, and eighteen head of short horn cattle have just been bought in Dumfriesshire, Scotland, by Messrs. Beattie & Miller, of Whitevale, Ont., for shipment to Canada.

SIX thousand dollars bonus has been granted by Windsor, Ont., to a company which agrees to establish and run for three years a weekly line of steamers from that town to Fort Edward and Duluth on Lake Superior.

THE United States Treasury department has adjudged Canadian building stone to be dutiable, even though imported for the use of that Government. The rate of duty is \$1.50 per ton, whether rough or dressed.

A BILL has passed the Halifax City Council enabling the authorities there to appraise and to buy certain property along the harbor, needed for the Intercolonial Railway extension into that city. The requisite power is also given for borrowing, by means of debentures or otherwise, the necessary funds to properly complete the work, which is greatly demanded for the convenience and progress of that important seaport.
