CANADA-EUROPEAN COMMUNITY NUCLEAR RELATIONS

The Secretary of State for External Affairs, the Honourable Don Jamieson, announced today that the Energy Commissioner for the European Community, Dr. Guido Brunner, will visit Ottawa November 24-25. The object of this visit is to pursue negotiations between Canada and the European Community on upgrading the 1959 Nuclear Cooperation Agreement, in light of current Canadian non-proliferation policy requirements. Successful conclusion of these negotiations would permit the resumption of nuclear supply from Canada to the European Community. Commissioner Brunner will be accompanied by senior Commission officials and will meet with the Secretary of State for External Affairs and the Minister of Energy, Mines and Resources.
