

MCGILL UNIVERSITY

FACULTY OF APPLIED SCIENCE

OFFICE OF THE DEAN

MONTREAL. Novr. 17th. 1925.

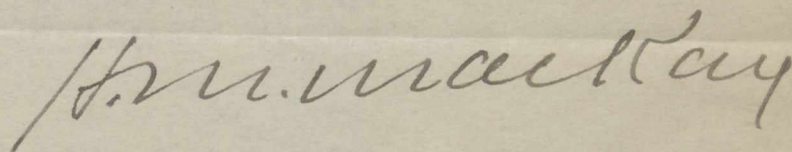

Sir Arthur Currie, G.C.M.G., K.C.B., LL.D.,
Principal,
McGill University.

Dear Sir Arthur,

With respect to the Annual Meeting of the American Association for the Advancement of Science in Kansas City, I find that none of our Engineering or Chemistry people intend to go since there will be other meetings nearer at hand which will be of more interest to them.

Dr. Eve. however, is planning to go, and I would suggest that he might be officially authorized as a representative. Another member of the Physics staff, possibly Bieler or Keys, would like to go, but hesitate on account of the expense. As very little has so far been spent out of our Faculty appropriation I should be glad, with your approval, to help out to some extent.

Yours faithfully,

Dean.
