

MATRICULATION AND ADMISSION

For purposes of Matriculation and Admission McGill University will in 1932 accept the marks of the High School Leaving Examination as equivalent to the marks of its own Matriculation examination subject to the proviso printed at the top of Page 82 in the 1931-32 calendar, which applies to all outside examinations.

"The certificates and diplomas named below will (if they have been obtained under no easier conditions than those which apply in the case of the McGill Matriculation certificate) be accepted pro tanto in lieu of the Junior Matriculation examination, i.e., in so far as the subjects and standard of the examination taken to obtain them are, to the satisfaction of the Admissions Committee, equivalent to those required for the Matriculation Examination of this University."

SCHOLARSHIPS

Where candidates who have written the High School Leaving Examination are competing for scholarships against candidates who have written the University's Matriculation examination, the University will ask the Department to send to the University the answer books actually written by the High School candidates. The answer books of all candidates will then be considered by a Scholarship Committee appointed by the University. This appears to be the only way of deciding fairly between candidates who have written different papers.
