

This is the eldest of the Seasons : he
 Moves not, like Spring, with gradual step, nor grows
 From bud to beauty, but with all his snows
 Comes down at once in hoar antiquity.
 No rains, nor loud proclaiming forests flee
 Before him, nor unto his time belong
 The sun of Summer, nor the charms of song,
 That with May's gentle smiles so well agree.
 But he, made perfect in his birth-day cloud,
 Start into sudden life with scarce a sound,
 And with a tender footstep prints the ground.
