

Your Board must again acknowledge with sincere thanks the very valuable aid received from the Colonial and Continental Church Society. This Society has not only granted assistance towards the payment of Teachers, but has also in many instances provided books, maps, &c., for the use of poor schools. The Colonial and Continental Church Society aids twenty-four schools in the Diocese. The Society also grants £50 stg. towards the Missionary's stipend on the Magdalen Islands.

This Society, which expects a corresponding return from the localities benefitted, has unfortunately so far received but a meagre return for the amount of aid extended in carrying on so valuable a work in the cause of education in this Diocese.

The following is the list of schools aided by the Diocesan Church Society:
