

develop much that would excite the envy of *Baron Munchausen*.

Following my original policy I propose to issue a volume on Great Britain, as she is believed to be by Canadians. While this will be published in a manner uniform with my history of Canada as known to Britons, it will not be encumbered with unnecessary historical erudition, but will deal chiefly with matters of contemporary interest, and I trust that you will further oblige me by publishing the following prospectus:—

*Chapter I.*—An introductory essay dealing with the universally admitted
